[Dreamways of the Iroquois](#) Robert Moss
2004-12-16 Explores the ancient Iroquois tradition of dreams, healing, and the recovery of the soul • Explains Native American shamanic dream practices and their applications and purpose in modern life • Shows how dreams call us to remember and honor our soul's true purpose • Offers powerful Active Dreaming methods for regaining lost soul energy to restore our vitality and identity The ancient teaching of

the Iroquois people is that dreams are experiences of the soul in which we may travel outside the body, across time and space, and into other dimensions--or receive visitations from ancestors or spiritual guides. Dreams also reveal the wishes of the soul, calling us to move beyond our ego agendas and the web of other people's projections into a deeper, more spirited life. They call us to remember our sacred contracts and reclaim the knowledge that belonged to us, on the levels of soul and spirit, before we entered our present life experience. In dreams we also discover where our vital soul energy may have gone missing--through pain or trauma or heartbreak--and how to get it back. Robert Moss was called to these ways when he started dreaming in a language he did not know, which proved to be an early form of the Mohawk Iroquois language. From his personal experiences, he developed a spirited approach to dreaming and living that he calls Active Dreaming. Dreamways of the Iroquois is at once

The Contemporary Parallel Bible Oxford

University Press 2005-02 This unique volume displays the parallel texts of a pair of today's most popular evangelical Bible editions.

Together, the New King James Version and New International Version represent the two major approaches to modern Bible translation. The New King James Version, an updating of the renowned King James Version, is technically known as a formal equivalent translation (often referred to as "word-for-word"). This means that scholars rendered the Hebrew, Aramaic and koine Greek of the biblical text into English that is as close as possible to its original meaning. The result is a translation that is particularly valuable for careful analysis of the text. The New International Version represents the "thought-for-thought" school of Bible translation

(technically known as dynamic or functional equivalent). This method places the priority on the intended meaning of the original vocabulary, adapting it to English syntax and grammar. Such a translation tends to be easier to read and understand. The NKJV and NIV texts are arranged in two columns on each page of the Contemporary Parallel Bible, enabling readers to easily compare the word and phrasing choices made by the scholarly committees that brought these highly regarded translations into being.

2023-01-26 Ferdinand Christian Baur's *Die Christliche Gnosis*, first published in 1835, is considered by many to be the most important book on Gnosticism published in the nineteenth century and is a pivotal work within Baur's canon. Baur's unique thesis of a link between ancient and modern religious philosophy, as well as his conception of Gnosticism - developed through dialogues with his predecessors and contemporaries - consolidate Christian Gnosis as an important contribution to Christian theology. In this seminal work, written over a hundred years before the manuscript discovery at Nag Hammadi, Baur classifies the gnostic systems in terms of how they conceive the relationship of Christianity to Judaism and paganism, describing them in detail. He then goes on to describe the criticism of and reaction to gnosis in church history, before contending with the modern religious philosophy of his time, discussing Boehme, Schelling, Schleiermacher and Hegel. *Christian Gnosis* is Baur's first great

religio-historical study, and Robert Brown's masterful translation ensures the work is as impactful today as it was on its first publication. *Holy Bible* Containing a presentation page great for gift giving, 32 beautiful full-colour illustrations based on popular Bible stories, and 8 pages of full-colour maps to easily locate important places, the NIV Children's Bible is a traditional favourite for giving to children as their first 'grown-up' Bible. Includes the full text of the bestselling New International Version.

The Ancient Egyptian Pyramid Texts James P. Allen 2007-08-30 The Pyramid Texts are the oldest body of extant literature from ancient Egypt. First carved on the walls of the burial chambers in the pyramids of kings and queens of

the Old Kingdom, they provide the earliest comprehensive view of the way in which the ancient Egyptians understood the structure of the universe, the role of the gods, and the fate of human beings after death. Their importance lies in their antiquity and in their endurance throughout the entire intellectual history of ancient Egypt. This volume contains the complete translation of the Pyramid Texts, including new texts recently discovered and published. It incorporates full restorations and readings indicated by post-Old Kingdom copies of the texts and is the first translation that presents the texts in the order in which they were meant to be read in each of the original sources.

relationships between man and woman, gender roles, and the division of labor within the family. At the same time, the oral tradition reflects the influence of ecclesiastical and social expectations, even if in a negative way, resulting in negative attitudes toward the contemporary power politics. Texts relating to religion demonstrate clear gender-based characteristics. All these obvious or hidden expressions of convictions can be explored in the pictorial descriptions of oral tradition. The derogatory female images in biblical stories-interpreted and enforced from a typical point of view of rural story-telling men-inform us unambiguously about male self-preservation and hidden fears of women. The prayers and biographies of peasant women, on the other hand, do not concentrate on men, but rather avoid male elements, and, contradicting the everyday experiences of male oppression, they visualize the absolute female power.

Colour Barry Gumm 2017-05-01 You will see that it is all in the stars and movement of the planets that God created. God set it all in motion and he made the Angels, the Stars, including the Law of Vibration and Harmony to control it all as well as the law of, you reap is what you sow . After all God is interested in people. Jesus did not die for the planets or the universe, "for God so loved the world he gave his only begotten Son for us so that if we only believe we might have Eternal life" . God made the laws and the Angels to control it all while he focused on his most precious creation - Human Beings. In Genesis 1 v14 - 18 KJV And God said, Let there be lights in the firmament of the heaven to divide the day from the night; and let them be for signs, and for seasons, and for days, and years: 15 And let them be for lights in the firmament of the heaven to give light upon the earth: and it was so. 16 And God made two great lights; the greater light to rule the day, and the lesser light to rule the night: he made the stars also. 17 And

God set them in the firmament of the heaven to give light upon the earth, 18 And to rule over the day and over the night, and to divide the light from the darkness: and God saw that it was good. We see that God said they will rule over the earth and they “stars and planets” can be used for signs and seasons. In other words Astronomy and Astrology and the cycles of such for timing and calculations . Jesus said in Luke 21 v 11 KJV And great earthquakes shall be in diverse places, and famines, and pestilences; and fearful sights and great signs shall there be from heaven. Let’s just look at this scripture, situations inserted for clarity in relation to today’s world. And great earthquakes (including sinkholes) shall be in diverse places, and famines (3,400,000 people die each year due to lack of clean water), and pestilences (Modified Ebola, Bubonic Plague & Aids - man made diseases); and fearful sights (Wars) Aliens, bottomless pit (Energy Prison) opened and great signs shall there be from heaven. Like this one Woman in

Heaven giving birth as a warning to people on earth things are going to get a lot worse. He gave us so many tools to help us if we only do the research. He made it extremely complex for those who have unbelief and extremely simple if one just has faith as a grain of mustard seed to believe!

Love Letter to the Earth Thich Nhat Hanh 2013-06-17 While many experts point to the enormous complexity in addressing issues ranging from the destruction of ecosystems to

the loss of millions of species, Thich Nhat Hanh identifies one key issue as having the potential to create a tipping point. He believes that we need to move beyond the concept of the "environment," as it leads people to experience themselves and Earth as two separate entities and to see the planet only in terms of what it can do for them. Thich Nhat Hanh points to the lack of meaning and connection in peoples' lives as being the cause of our addiction to consumerism. He deems it vital that we recognize and respond to the stress we are putting on the Earth if civilization is to survive. Rejecting the conventional economic approach, Nhat Hanh shows that mindfulness and a spiritual revolution are needed to protect nature and limit climate change. *Love Letter to the Earth* is a hopeful book that gives us a path to follow by showing that change is possible only with the recognition that people and the planet are ultimately one and the same.

Barry Gumm 2017-05-01 Genesis 1 v 14 And God said, "Let there be lights in the expanse of the heavens to separate the day from the night. And let them be for signs and for seasons, and for days and years, 15 and let them be lights in the expanse of the heavens to give light upon the earth. " And it was so. At the very beginning God said the lights or stars in the heaven will be for Signs (Astronomy and Astrology). But God does not like the "starry predictions" in the paper each day or the magazines or the ones on the end of your phone speaking to the dead. Do not turn to mediums or necromancers; do not seek them out, and so make yourselves unclean by them: I am the LORD your God. Necromancer's

God's Astrology Therefore, Astrology is only to be used in the way it has been used in this book - the numbers in Astrology must match up with what the scriptures are saying and for example the woman in Revelation 12 v 1 and 2 is Virgo; and in Arabic The Undefended One. There are many scriptures in the Bible where Astronomy and Astrology is used. Here are a few for your reference. 1. The Sun and Moon Stood Still - Joshua 10:13. 2. Make the Sun go backwards - Isaiah 38:8. 3. There will be signs in the sun, moon and stars - Luke 21.25. 4. The sun will become dark, and the moon will turn blood red before that great and terrible day of the LORD arrives. Joel 2 v31 and Acts 2 v20. 5. Jesus' birth was a star of Bethlehem. This led the wise men to where Jesus was laid in a manger. God used Astronomy and Astrology to lead people to

I will judge thee in the place where thou wast created, in the land of thy nativity. Ezekiel 21:30 KJV. In Hebrew and Chinese astrology there are 27, and sometimes 28 houses. Revelation 6 v 1 and 2 which came true on the 16/11/2014. The seal was broken and out came a rider on a horse with a bow. The 16/11/2014 was a Blood Moon with Mars, Blood Moons happen with other planets, not just Earth. Mars the Roman god of war is in the rider's Jugular on the 16/11/2014. Moon is under Leo and Jupiter is at Leo's Throat. Moon's number is 18 or 6+6+6 and Jupiter rotates round the (360 degrees or 12

constellations) Sun + one constellation being 12+1 is 13. 13 is the change number of cycles, this takes Jupiter 671 weeks to do, 5 for Grace or grace over death and 666 the warning number. So God, Jesus and Holy Spirit on this day were being attacked in 3 ways. By Mars, in the Jugular, The Moon under Leo, and Jupiter the Major 666 clock is at Leo's throat. You can see now that Astrology and Astronomy are in the Bible, and God uses them to provide signs for us, as warnings of what is happening. The Sun and Moon are also there for seasons, in order for farmers to know when to plant crops and fishermen to go fishing, all still used today by the learned person.

were likely written at different points in time and different Semitic languages. The first book was the Book of the Watchers, which is generally considered to be the oldest book in the collection, however, the age of the book is debated. The book is now known to have originated long before Christianity since the discovery of the Dead Sea Scrolls, however, was lost for well over a thousand years to Europeans, and assumed to be a Christian-era work when the Europeans rediscovered it in Ethiopia. The five books of Enoch only survive in Ge'ez, the classical language of Ethiopia, however, do not survive intact, and some sections of text do not survive. Other books attributed to Enoch, including the Secrets of Enoch, which is also called the 2nd Book of Enoch, however, is not the same text as the Semitic 2nd Book of Enoch. The Secrets of Enoch has only survived in the Old Slavonic language in the Balkan Peninsula and may be a partial paraphrase of the Book of the Watchers. Another text attributed to Enoch

is the Revelation of Metatron, also called the Revelation of Metatron, Book of the Palaces, Book of Rabbi Ishmael the High Priest, or the 3rd Book of Enoch, however, is not the same text as the Ethiopian 3rd Book of Enoch, or any section of the Semitic books of Enoch. The Revelation of Metatron is written as a sequel to the first five books of Enoch and is written from the perspective of Enoch in the sky, where his angelic name was Metatron. The Revelation of Metatron appears to have been written in Hebrew but includes several Greek and Latin words that have led scholars to assume the text is a Jewish text written in the Christian era. The Revelation of Metatron is a medieval Jewish work, that claims to have been written in the late-2nd century AD by Rabbi Ishmael 'the High Priest.' It is known by various names, including the Sepher Hekhalot (Book of the Palaces), the 3rd Book of Enoch, and the Book of Rabbi Ishmael the High Priest, although its most common name, is the Revelation of Metatron.

The earliest name for the work was likely the Sepher Hekhalot (Book of the Palaces), however, all copies have been so reworked that it cannot be known for sure. It is clear that Rabbi Ishmael did not write it, and his name, which is in almost every verse, was inserted to replace another name that the medieval publisher did not want associated with the book. Rabbi Ishmael was the author of the book called Hekhalot Rabbati (Greater Palaces) sometime between 100 and 130 AD, and his name was later used as a pseudonym by many authors of Merkabah literature between 200 and 1000 AD.

classical language of Ethiopia, however, do not survive intact, and some sections of text do not survive. The Ge'ez texts are believed to be translations from a Greek source, which was itself a translation of an Aramaic source. Many fragments of the Aramaic texts were discovered among the Dead Sea scrolls, as well as Hebrew and Greek fragments. The Aramaic texts are mostly the same as the Ge'ez texts, however, scroll 4Q209 also includes a section of text from 3rd Book of Enoch, the Astronomical Book, which is lost from the Ge'ez copies. A few fragments of Greek translations have been found in Egypt in the past two centuries, which generally match the Ge'ez translation. A small fragment of a Latin translation was also preserved by the Vatican through the centuries, which also matches the Ge'ez copies for a small fragment of 4th Book of Enoch, Dream Visions.

Encyclopedia of Goddesses and Heroines [2 volumes] Patricia Monaghan 2009-12-18 This two-volume set provides a comprehensive guide to the vast array of feminine divine figures found throughout the world. Drawn from a variety of sources ranging from classical literature to early ethnographies to contemporary interpretations, the Encyclopedia of Goddesses and Heroines provides a comprehensive introduction to the ways goddess figures have been viewed through

the ages. This unique encyclopedia of over thousands of figures of feminine divinity describes the myths and attributes of goddesses and female spiritual powers from around the world. The two-volume set is organized by culture and religion, exploring the role of women in each culture's religious life and introducing readers to the background of each pantheon, as well as the individual figures who peopled it. Alternative names for important divinities are offered, as are lists of minor goddesses and their attributes. Interest in women's spirituality has grown significantly over the last 30 years, both among those who remain in traditional religions and those who explore spirituality outside those confines. This work speaks to them all.

chapter and verse references ahead of each day's portion of Scripture. This enables you to reference and study the Scriptures in a more in-depth manner. Inside you will find an average of twenty-three New Testament verses, seven Psalms verses, three Proverbs verses, and fifty-five Old Testament verses per day. While I never recommend rushing through your time with our Lord, I felt it important to make each day's readings and portions as equal as possible, allowing you to set times throughout the day for reading in order to regroup or refocus on your task at hand. Look for and expect to hear from our Lord. Look for God to move in your life more and more as you draw closer to Him daily.

This book does not beat around the bush and end with questions, such as "could it be?" or "is it that?" "Could it have been?", and similar statements that you hear on TV and YouTube from some very "credible people" as well as the statements that can be read in their books. Many more

Scriptures could have been included; however the author has tried to take a more “scientific approach” as stated further in the book. Albert Einstein said: "Science without religion is lame. Religion without science is blind." We prove the Bible is true even down to the second and fourth decimal point in time. To our knowledge no other book about the Bible has been able to achieve that when taking time into account, and this we do - even into the future.

Monkey King: Journey to the West Wu

Ch'eng-en 2021-02-11 One of the world's greatest fantasy novels and a rollicking classic of Chinese literature, in a sparkling new translation and published in a Clothbound Classics edition. A shape-shifting trickster on a kung-fu quest for eternal life, Monkey King is one of the most memorable superheroes in world literature. High-spirited and omni-talented, he can transform himself into whatever he chooses and turn each of his body's 84,000 hairs into an army of clones. But his penchant for mischief

repeatedly gets him into trouble, and when he raids Heaven's Orchard of Immortal Peaches, the Buddha pins him beneath a mountain. Five hundred years later, Monkey King is finally given a chance to redeem himself: he must protect the pious monk Tripitaka on his journey in search of precious Buddhist sutras that will bring enlightenment to the Chinese empire. Joined by two other fallen immortals - Pigsy, a rice-loving flying pig, and Sandy, a depressive river-sand monster - Monkey King does battle with Red Boy, Princess Jade-Face, the Monstress Dowager, and all manner of dragons, ogres, wizards and femmes fatales; navigates the perils of Fire-Cloud Cave, the River of Flowing Sand and the Water-Crystal Palace; and is serially captured, lacquered, sautéed, steamed and liquefied - but always hatches an ingenious plan to get himself and his fellow pilgrims out of their latest jam. Comparable to The Canterbury Tales or Don Quixote, Monkey King is at once a gripping adventure, a comic satire and a spring
