*Paris 1919* Margaret MacMillan 2003-09-09  
National Bestseller New York Times Editors' Choice Winner of the PEN Hessell Tiltman Prize Winner of the Duff Cooper Prize Silver Medalist for the Arthur Ross Book Award of the Council on Foreign Relations Finalist for the Robert F. Kennedy Book Award For six months in 1919, after the end of "the war to end all wars," the Big Three—President Woodrow Wilson, British prime minister David Lloyd George, and French premier Georges Clemenceau—met in Paris to shape a lasting peace. In this landmark work of narrative history, Margaret MacMillan gives a dramatic and intimate view of those fateful days, which saw new political entities—Iraq, Yugoslavia, and Palestine, among them—born out of the ruins of bankrupt empires, and the borders of the modern world redrawn.

The Bronski House Philip Marsden 1997 In the face of the Nazi invasion of Poland in 1939, poet Zofia Ilinska (nee Bronski) and her mother, Helena Bronska, fled to England. For years they dreamed of going back to the Bronski house, which over time came to stand for everything they had lost. It was more than a half a century later that Ilinska returned to the village of her birth, asking Marsden to accompany her and entrusting to him Helena's diaries and letters. Best described as a non-fiction novel, the result is not only an account of the poet's quest for her origins but a portrait of the parallel lives of mother and daughter: coming of age, dramatic escapes, and love and loss. **Miernik Dossier** Charles McCarry 2007-10-30 A circle of spies travels by Cadillac from Switzerland to the Sudan in this critically acclaimed novel: "arguably the finest modern American spy story" (The New York Times). Paul Christopher is cool, urbane, clear-sighted—a perfect American agent in deep cover in the twilight world of international intrigue. But now

even he does not know which side is good or bad in a maze of double- and triplecross. When a small group of international agents embarks on a road trip from Switzerland to the Sudan, Christopher is among them. Along for the ride are a comical Polish exile, a beautiful Hungarian seductress, and a North African prince with an appetite for women and a lust for power. Christopher only knows that he has to find whose finger is on the trigger of a terrorist threat that could turn the Cold War uncomfortably hot—and God help everyone if he makes a mistake. Related as a collection of dossier notes on the mission, *The Miernik Dossier* reveals a complicated web in which each character spins his or her own deception.

*Scrap Book of a Prime Minister* Gujral 2008 This is a scrap book. It is a collection of excerpts from some of my jumbled readings of books and journals that came my way at different occasions. I made a habit of keeping a scrap book long ago during my university days, inspired by an enlightened Principal of our college - J W Thomas, who was endowed with a bright mind and unbiased views of education even in the days of British rule. This is not the only reason for my habit of keeping the scrap book. The socio-diplomatic life in the Soviet Union was conducive to my reading a variety of books about the world and keeping notes for reference.' - I K Gujral

The Age of Questions Holly Case 2020-08-04 A groundbreaking history of the Big Questions that dominated the nineteenth century In the early nineteenth century, a new age began: the age of questions. In the Eastern and Belgian questions, as much as in the slavery, worker, social, woman, and Jewish questions, contemporaries saw not interrogatives to be answered but problems to be solved. Alexis de Tocqueville, Victor Hugo, Karl Marx, Frederick Douglass, Fyodor Dostoevsky, Rosa Luxemburg, and Adolf Hitler were among the many who put their pens to the task. *The Age of Questions* asks how the question form arose, what trajectory it followed, and why it provoked such feverish excitement for over a century. Was there a family resemblance between questions? Have they disappeared, or are they on the rise again in our time? In this pioneering book, Holly Case

undertakes a stunningly original analysis, presenting, chapter by chapter, seven distinct arguments and frameworks for understanding the age. She considers whether it was marked by a progressive quest for emancipation (of women, slaves, Jews, laborers, and others); a steady, inexorable march toward genocide and the "Final Solution"; or a movement toward federation and the dissolution of boundaries. Or was it simply a farce, a false frenzy dreamed up by publicists eager to sell subscriptions? As the arguments clash, patterns emerge and sharpen until the age reveals its full and peculiar nature. Turning convention on its head with meticulous and astonishingly broad scholarship, *The Age of Questions* illuminates how patterns of thinking move history.

**Between Hitler and Stalin** Archibald L.

Patterson 2010-07 When Edward mig y-Rydz appeared on its September 1939 cover, *Time Magazine* described him as "a scholar-technician," "graceful, versatile, serious," "with a professor's inquisitive" mind. This was the man who was leading Poland's resistance to Hitler's invasion. An impoverished orphan he had risen to his country's highest military rank, admonishing his people, "To the Germans we would lose our freedom; to the Russians we would lose our souls." In 1920 he had led a maneuver which defeated a westward surge by Russia's Red Army and had humiliated Joseph Stalin, but in 1939 Hitler and Stalin combined to overrun Poland. Interned, mig y-Rydz escaped, and despite a widespread manhunt, eluded his pursuers. In the end, he left behind a cryptic poem: "All around me are pensive crosses, black from smoke..." He also left behind a secret which undermined Germany's war effort and fostered Hitler's own defeat. Dr. Archibald Patterson holds degrees from Harvard and three other American universities (North Carolina, Southern Methodist, and Georgia.) He has been Assistant Director and operations manager, Government Accountability Office (GAO, ) and Associate Professor, Troy State University - Europe, where he taught for six years, principally in Germany, but as far a field as Turkey. He was born in California and lives now in Tennessee."

'God's Playground' demonstrates Poland's importance in European history from medieval times to the present. Abandoning the traditional nationalist approach to Polish history, Norman Davies instead stresses the country's rich multinational heritage and places the development of the Jewish German, Ukrainian, and Lithuanian communities firmly within the Polish context. Davies emphasizes the cultural history of Poland through a presentation of extensive poetical, literary, and documentary texts in English translation. In each volume, chronological chapters of political narrative are interspersed with essays on religious, social, economic, constitutional, philosophical, and diplomatic themes. This new edition has been revised and fully updated with two new chapters to bring the story to the end of the twentieth century.

*Heart of Europe* Norman Davies 2001-05-31 The image of Poland has once again been impressed on European consciousness. Norman Davies provides a key to understanding the modern Polish crisis in this lucid and authoritative description of the nation's history. Beginning with the period since 1945, he travels back in time to highlight the long-term themes and traditions which have influenced present attitudes. His evocative account reveals Poland as the heart of Europe in more than the geographical sense. It is a country where Europe's ideological conflicts are played out in their most acute form: as recent events have emphasized, Poland's fate is of vital concern to European civilization as a whole. This revised and updated edition tackles and analyses the issues arising from the fall of the Eastern Block, and looks at Poland's future within a political climate of democracy and free market.

**The Politics of Dispossession** Edward W. Said 2012-10-24 Ever since the appearance of his groundbreaking *The Question of Palestine*, Edward Said has been America's most outspoken advocate for Palestinian self-determination. As these collected essays amply prove, he is also our most intelligent and bracingly heretical writer on affairs involving not only Palestinians but also the Arab and Muslim worlds and their tortuous relations with the West. In *The Politics of Dispossession* Said traces his people's struggle for statehood through twenty-five years of exile, from the PLO's bloody 1970 exile from Jordan through the debacle of the Gulf War and the ambiguous 1994 peace accord with Israel. As frank as he is about his personal involvement in that struggle, Said is equally unsparing in his demolition of Arab icons and American shibboleths. Stylish, impassioned, and informed by a magisterial knowledge of history and literature, *The Politics of Dispossession* is a masterly synthesis of scholarship and polemic that has the power to redefine the debate over the Middle East.

**The Exile Mission** Anna D. Jaroszyńska-Kirchmann 2004-10-15 At midcentury, two distinct Polish immigrant groups—those Polish Americans who were descendants of economic immigrants from the turn of the twentieth century and the Polish political refugees who chose exile after World War II and the communist takeover in Poland—faced an uneasy challenge to reconcile their concepts of responsibility toward the homeland. The new arrivals did not consider themselves simply as immigrants, but rather as members of the special category of political refugees. They defined their identity within the framework of the exile mission, an unwritten set of beliefs, goals, and responsibilities, placing patriotic work for Poland at the center of Polish immigrant duties. In *The Exile Mission*, an intriguing look at the interplay between the established Polish community and the refugee community, Anna Jaroszyńska-Kirchmann presents a tale of Polish Americans and Polish refugees who, like postwar Polish exile communities all over the world, worked out their own ways to implement the mission's main goals. Between the outbreak of World War II and 1956, as Professor Jaroszyńska-Kirchmann demonstrates, the exile mission in its most

intense form remained at the core of relationships between these two groups. *The Exile Mission* is a compelling analysis of the vigorous debate about ethnic identity and immigrant responsibility toward the homeland. It is the first full-length examination of the construction and impact of the exile mission on the interactions between political refugees and established ethnic communities.

### **Structural Dynamics and Economic Growth**

Richard Arena 2012-05-03 Ever since Adam Smith, economists have been preoccupied with the puzzle of economic growth. The standard mainstream models of economic growth were and often still are based either on assumptions of diminishing returns on capital with technological innovation or on endogenous dynamics combined with a corresponding technological and institutional setting. An alternative model of economic growth emerged from the Cambridge School of Keynesian economists in the 1950s and 1960s. This model - developed mainly by Luigi Pasinetti - emphasizes the importance of demand, human learning and the growth dynamics of industrial systems. Finally, in the past decade, new mainstream models have emerged incorporating technology or demand-based structural change and extending the notion of balanced growth. This collection of essays reassesses Pasinetti's theory of structural dynamics in the context of these recent developments, with contributions from economists writing in both the mainstream and the Cambridge Keynesian traditions and including Luigi Pasinetti, William Baumol, Geoffrey Harcourt and Nobel laureate Robert Solow.

The Coming Spring Stefan Żeromski 2007-06-10  
The Coming Spring (Przedwiosnie), Żeromski's last novel, tells the story of Cezary Baryka, a young Pole who finds himself in Baku, Azerbaijan, then a predominantly Armenian city, as the Russian Revolution breaks out. He becomes embroiled in the chaos caused by the revolution, and barely escapes with his life. Then, he and his father set off on a horrendous journey west to reach Poland. His father dies en route, but Cezary makes it to the newly independent Poland. Cezary sees the suffering of the poor, yet his experiences in the newly formed Soviet Union make him suspicious of socialist and communist solutions. He is an outsider among both the gentry and the working classes, and he cannot find where he belongs. Furthermore, he has unsuccessful and tragic love relations. The novel ends when, despite his profound misgivings, he takes up political action on behalf of the poor. Żeromski, whose vivid, assured style is instantly recognizable, was a writer with a strong social conscience, taking up the concerns of the poor and downtrodden.

### **Rethinking Modern Polish Identities**

Agnieszka Pasięka 2023-03-21 A critical examination of the category of "Polishness" - that is, the formation, redefinition, and performance of various kinds of Polish identities - from a wide range of disciplinary perspectives. Inspired by new research in the humanities and social sciences as well as recent scholarship on

national identities, this volume offers a rigorous examination of the idea of Polishness. Offering a diversity of case studies and methodological-theoretical approaches, it demonstrates a profound connection between national and transnational processes and places the Polish case in a broader context. This broader context stretches from a larger Eastern European one, a usual frame of comparison, to the overseas immigrant communities. The authors, renowned scholars from Europe and the United States, thus demonstrate that an understanding of modern Polish identity means crossing not only historical but also geographical boundaries. Consequently, the narrative on Polish identity that unfolds in the volume is a personalized and multivocal one that presents the perspectives of a wide range of subjects: peasants, workers, migrants, ethnic and sexual minorities-that is, all those actors who have been absent in grand national narratives. As such, the examination of Polishness sheds light on the identity question more broadly, emphasizing the interplay of pluralizing and homogenizing tendencies, and fostering a reflection on national identity as encompassing both sameness and difference.

center of the wild life of the lost generation. Drugs, drink, sex, gambling, the deliberate derangement of the senses in the pursuit of transcendent revelation: these were Crosby's pastimes until 1929, when he shot his girlfriend, the recent bride of another man, and then himself. Fall Narratives brings together theologians, historians and artists as well as philosophers and scholars of religion and literature, to explore and reflect on a wide range of concepts of the Fall. Bringing a fresh understanding of the nuanced meanings of the Fall and its various manifestations over time and across space, contributions reflect on the ways in which the Fall can be seen as a transition into absence; how conceptions of the Fall relate to, change, and shape one another; and how the Fall can be seen positively, embracing as it does a narrative of hope.
