Nothing Like the Sun Anthony Burgess 2013-08-05 "Wildly inventive" —Stephen Greenblatt, author of *The Swerve* A magnificent, bawdy telling of Shakespeare's love life, following young Will's maturation into sex and writing. A playful romp, it is at the same time a serious look at the forces that midwife art, the effects of time and place, and the ordinariness that is found side by side with the extraordinariness of genius.

The Sun David Whitehouse 2016-04-07 In *The Sun*, David Whitehouse takes us on a journey to the heart of our local star and beyond, relating how it was born, the many ways it influences life on Earth and how it will die. He recounts the many myths surrounding the Sun and the fascinating stories of scientists throughout history who have attempted to discover its secrets - occasionally at the price of their lives. The Sun explores the role of the sun for those on Earth, from the earliest civilizations that worshipped it, through its emulation in art and literature to the present day. He describes the inferno at its core, the magnetic chaos of its surface and the furthest reaches of its atmosphere that stretches beyond the planets out into the galaxy. Within our lifetimes he considers that changes in the sun will become noticeable, an issue that we ignore at our peril. Finally, David Whitehouse speculates on the future of life on Earth with a sun that must ultimately turn into a red giant. From its birth in a cloud of gas and dust, its long lifetime nurturing life on our own planet, to its death as a cosmic cinder, this is our Sun's story.

Hell is for Real Gary Frazier 2015-01-01 According to the results of recent surveys, Americans overwhelmingly believe that HEAVEN exists, though a much smaller number believe that HELL exists, with only one-tenth of one percent believing they will go there when they die. Gary Frazier helps readers: Discern what beliefs are based on fact or fiction Discover the truth in the midst of so much deception Understand the depth of Scripture that speaks of HELL more than HEAVEN. Hell is for Real is a clear search for truth, and truth matters for the simple reason that we all have a divine appointment with death. What if those who do not believe in HELL die one day and find they made a tragic and eternal mistake? Where do we turn for real answers? Should we look to movies, television, and stories of personal experiences, psychics, or religion? Cemeteries and mausoleums dot the landscape of America as evidence and reminders of the sad reality of death. The good news is there is a source of hope that provides answers for each and every one who cares to seek the truth. Join the search and choose wisely because, eternity is too long to be wrong and Hell is for Real.

The Seventh Sun Lani Forbes 2020-02-18 Thrust into leadership upon the death of his emperor father, young Prince Ahkin feels completely unready for his new position. Though his royal blood controls the power of the sun, he's now responsible for the lives of all the Chicome people. And despite all Ahkin's efforts, the sun is fading—and the end of the world may be at hand. For Mayana, the only daughter of the Chicome family whose blood controls the power of water, the old emperor's death may mean that she is next. Prince Ahkin must be married before he can ascend the throne, and Mayana is one of six noble daughters presented to him as a possible wife. Those who are not chosen will be sacrificed to the gods. Only one girl can become Ahkin's bride. Mayana and Ahkin feel an immediate connection, but the gods themselves may be against them. Both recognize that the ancient rites of blood that keep the gods appeased may be harming the Chicome more than they help. As a bloodred comet and the fading sun bring a growing sense of dread, only two young people may hope to change their world. Rich in imagination and romance, and based on the legends and history of the Aztec and Maya people, *The Seventh Sun* brings to vivid life a world on the edge of apocalyptic disaster.

Lightning on the Sun Robert Bingham 2001-07-17 From the highly acclaimed author of *Pure Slaughter* Value comes this latter-day literary noir about an ex-pat in Cambodia eager to get home but taking all the wrong turns. Asher went to Cambodia to get away from Julie, his Harvard grad ex-girlfriend currently tending bar in a topless joint in New York. But when his UNESCO work cleaning bat dung from Khmer statues is finished, and he decides on a dicey heroin scheme as his means to get home with plenty of money to spare, it's Julie whose help he solicits. She agrees, but plans go dangerously awry frighteningly fast. A pulsating plot and precise literary prose make *Lightning on the Sun* a startlingly compelling and strangely poetic tale.

The Day the Sun Died Yan Lianke 2018-08-20 One dusk in early June, in a town deep in the Balou mountains, fourteen-year-old Li Niannian notices something strange about his town. But then he realises the people are dreamwalking, carrying on with their daily business as if the sun hadn't gone down. And before too long, as more and more people succumb, in the black of night all hell breaks loose. Set over the course of one night, *The Day the Sun Died* sets chaos and darkness against the sunny optimism of the 'Chinese dream' promoted by President Xi Jinping. Half of a Yellow Sun Chimamanda Ngozi Adichie 2010-10-29 With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the “21st century daughter” of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra’s impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo’s beautiful mistress, Olanna, a sociology teacher, is running away from her parents’ world of wealth and excess; Kainene, her urbane twin, is taking over their father’s business; and Kainene’s English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

When Breath Becomes Air Paul Kalanithi 2016-01-12 #1 NEW YORK TIMES BESTSELLER • PULITZER PRIZE FINALIST • This inspiring, exquisitely observed memoir finds hope and beauty in the face of insurmountable odds as an idealistic young neurosurgeon attempts to answer the question What makes a life worth living? NAMED ONE OF PASTE’S BEST MEMOIRS OF THE DECADE • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • People • NPR • The Washington Post • Slate • Harper’s Bazaar • Time Out New York • Publishers Weekly • BookPage Finalist for the PEN Center USA Literary Award in Creative Nonfiction and the Books for a Better Life Award in Inspirational Memoir At the age of thirty-six, on the verge of completing a decade’s worth of training as a neurosurgeon, Paul Kalanithi was diagnosed with stage IV lung cancer. One day he was a doctor treating the dying, and the next he was a patient struggling to live. And just like that, the future he and his wife had imagined evaporated. *When Breath Becomes Air* chronicles Kalanithi’s transformation from a naïve medical student “possessed,” as he wrote, “by the question of what, given that all organisms die, makes a virtuous and meaningful life” into a neurosurgeon at Stanford working in the brain, the most critical place for human identity, and finally into a patient and new father confronting his own mortality. What makes life worth living in the face of death? What do you do when the future, no longer a ladder toward your goals in life, flattens out into a perpetual present? What does it mean to have a child, to nurture a new life as another fades away? These are some of the questions Kalanithi wrestles with in this profoundly moving, exquisitely observed memoir. Paul Kalanithi died in March 2015, while working on this book, yet his words live on as a guide and a gift to us all. “I began to realize that coming face to face with my own mortality, in a sense, had changed nothing and everything,” he wrote. “Seven words from Samuel Beckett began to repeat in my head: ‘I can’t go on. I’ll go on.’” *When Breath Becomes Air* is an unforgettable, life-affirming reflection on the challenge of facing death and on the relationship between doctor and patient, from a brilliant writer who became both.

Shaking the Pillars of Exile Talya Fishman 1997 This book explores a heretical blueprint for Jewish modernization written by a Venetian rabbi (under cover of pseudonym) in the early seventeenth century, almost two centuries before political emancipation. The analysis of this text, Kol Sakhal (“Voice of a Fool”), highlights the ways in which it harnessed concepts and methods drawn from the texts of rabbinic Judaism itself in order to reform Jewish culture from within. This book thus challenges the assumption that pre-modern Jewish society was culturally monolithic and

unquestioningly obedient to rabbinic authority. In so doing, it raises fresh and unsettling questions about the periodization of Jewish history. Like the contemporaneous political and religious struggle that the Republic of Venice was waging against papal Rome, this remarkable Jewish attack on rabbinic authority targets—and revises—both the traditional historiography of sacred institutions and the legal canon itself. The text’s very iconoclasm is shown to derive from the corpus of rabbinic Judaism, for the preservation of certain strains of inquiry in traditional sources makes them a virtual repository of tolerated dissent. Conjecture about the possible influence that a recently discovered work by a heretical Iberian Jewish convert to Catholicism may have had on the composition of “Voice of a Fool” leads to a discussion of the types of heterodoxy that threatened rabbinic Jewish communities in Italy and elsewhere in the early modern period. Reflections on the significance of the mask adopted by the text’s author and on his (false) claim that the work was composed in 1500 in Spain facilitate speculation about his motives in trying to reinvent history. The second half of the book presents the first annotated English translation of “Voice of a Fool.” Three appendixes analyze evidence concerning the date and place of the text’s composition, the identification of its author, and its various manuscripts.

Staring at the Sun Irvin D. Yalom 2010-06-10 Written in Irv Yalom’s inimitable story-telling style, *Staring at the Sun* is a profoundly encouraging approach to the universal issue of mortality. In this magisterial opus, capping a lifetime of work and personal experience, Dr. Yalom helps us recognize that the fear of death is at the heart of much of our anxiety. Such recognition is often catalyzed by an “awakening experience”—a dream, or loss (the death of a loved one, divorce, loss of a job or home), illness, trauma, or aging. Once we confront our own mortality, Dr. Yalom writes, we are inspired to rearrange our priorities, communicate more deeply with those we love, appreciate more keenly the beauty of life, and increase our willingness to take the risks necessary for personal fulfillment.

Life as We Knew it Susan Beth Pfeffer 2008 I guess I always felt even if the world came to an end, McDonald's still would be open. High school sophomore Miranda's disbelief turns to fear in a split second when an asteroid knocks the moon closer to Earth, like "one marble hits another." The result is catastrophic. How can her family prepare for the future when worldwide tsunamis are wiping out the coasts, earthquakes are rocking the continents, and volcanic ash is blocking out the sun? As August turns dark and wintery in northeastern Pennsylvania, Miranda, her two brothers, and their mother retreat to the unexpected safe haven of their sunroom, where they subsist on stockpiled food and limited water in the warmth of a wood-burning stove. Told in a year's worth of journal entries, this heart-pounding story chronicles Miranda's struggle to hold on to the most important resource of all--hope--in an increasingly desperate and unfamiliar world. An extraordinary series debut Susan Beth Pfeffer has written several companion novels to *Life As We Knew It*, including *The Dead* and *the Gone*, *This World We Live In*, and *The Shade of the Moon*.

The Sun Does Shine Anthony Ray Hinton 2019-06-04 A powerful, revealing story of hope, love, justice, and the power of reading by a man who spent thirty years on death row for a crime he didn't commit. "An amazing and heartwarming story, it restores our faith in the inherent goodness of humanity." - Archbishop Desmond Tutu In 1985, Anthony Ray Hinton was arrested and charged with two counts of capital murder in Alabama. Stunned, confused, and only twenty-nine years old, Hinton knew that it was a case of mistaken identity and believed that the truth would prove his innocence and ultimately set him free. But with no money and a different system of justice for a poor black man in the South, Hinton was sentenced to death by electrocution. He spent his first three years on Death Row at Holman State Prison in agonizing silence--full of despair and anger toward all those who had sent an innocent man to his death. But as Hinton realized and accepted his fate, he resolved not only to survive, but find a way to live on Death Row. For the next twenty-seven years he was a beacon--transforming not only his own spirit, but those of his fellow inmates, fifty-four of whom were executed mere feet from his cell. With the help of civil rights attorney and bestselling author of *Just Mercy*, Bryan Stevenson, Hinton won his release in 2015. With a foreword by Stevenson, *The Sun Does Shine* is an extraordinary testament to the power of hope sustained through the darkest times. Destined to be a classic memoir of wrongful imprisonment and freedom won, Hinton's memoir tells his dramatic thirty-year journey and shows how you can take away a man's freedom, but you can't take away his imagination, humor, or joy.

Staring At The Sun Julian Barnes 2012-12-18 Jean Serjeant, the heroine of Julian Barnes's wonderfully provocative novel, seems ordinary, but has an extraordinary disdain for wisdom. And as Barnes—winner of the Man Booker Prize for *The Sense of an Ending*—follows her from her childhood in the 1920s to her flight into the sun in the year 2021, he confronts readers with the fruits of her relentless curiosity: pilgrimages to China and the Grand Canyon; a catalog of 1940s sexual euphemisms; and a glimpse of technology in the twenty-first century (when *The Absolute Truth* can be universally accessed). Elegant, funny and intellectually subversive, *Staring at the Sun* is Julian Barnes at his most dazzlingly original. "Brilliant. . . . A marvelous literary epiphany."

—Carlos Fuentes, *The New York Times Book Review* "Barnes's literary energy and daring are nearly unparalleled." —*New Republic*

In Green's Jungles Gene Wolfe 2007-04-01 Gene Wolfe's *In Green's Jungles* is the second volume, after *On Blue's Waters*, of his ambitious SF trilogy, *The Book of the Short Sun*. It is again narrated by Horn, who has embarked on a quest from his home on the planet Blue in search of the heroic leader Patera Silk. Now Horn's identity has become ambiguous, a complex question embedded in the story, whose telling is itself complex, shifting from place to place, present to past. Horn recalls visiting the Whorl, the enormous spacecraft in orbit that brought the settlers from Urth, and going thence to the planet Green, home of the blood-drinking alien inhum. There, he led a band of mercenary soldiers, answered to the name of Rajan, and later became the ruler of a city state. He has also encountered the mysterious aliens, the Neighbors, who once inhabited both Blue and Green. He remembers a visit to Nessus, on Urth. At some point, he died. His personality now seemingly inhabits a different body, so that even his sons do not recognize him. And people mistake him for Silk, to whom he now bears a remarkable resemblance. *In Green's Jungles* is Wolfe's major new fiction, *The Book of the Short Sun*, building toward a strange and seductive climax. "Wolfe's narrative glows, rich and seductive as ever."--*Kirkus Reviews* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.
