The Sunday Wife Cassandra King 2012-05-29
Married for 20 years to the Reverend Benjamin Lynch, a handsome, ambitious minister of the prestigious Methodist church, Dean Lynch has never quite adjusted her temperament to the

demands of the role of a Sunday wife. When her husband is assigned to a larger and more demanding community in the Florida panhandle, Dean becomes fast friends with Augusta Holderfield, a woman whose good looks and extravagant habits immediately entrance her. As

their friendship evolves, Augusta challenges Dean to break free from her traditional role as the preacher's wife. Just as Dean is questioning everything she has always valued, a tragedy occurs, providing the catalyst for change in ways she never could have imagined.

Sundays at Tiffany's (Bonus Edition) James Patterson 2010-11-08 The successful but lonely daughter of a powerful New York theater icon falls for her childhood imaginary friend in this touching love story. As a little girl, Jane has no one. Her mother, a powerful Broadway producer, makes time for her only once a week, for their Sunday trip to admire jewelry at Tiffany's. Jane has only one friend: a handsome, comforting, funny man named Michael. He's perfect. But only she can see him. Years later, Jane is in her thirties and just as alone as ever.

Then she meets Michael again-as handsome, smart and perfect as she remembers him to be. But not even Michael knows the reason they've really been reunited. Sunday at Tiffany's is a love story with an irresistible twist, a novel about the child inside all of us and the boundary-crossing power of love.

What You Didn't Learn in Sunday School Shawna R. B Atteberry 2013-02-06 In the last few years I've read rants against the evils of feminism from some of the top Evangelical and Fundamentalist Christian leaders who blame women wanting to go to work, go into ministry, and be equals to their husbands for all the social ills happening in our country. If women would just stay home divorce rates would plummet, no abortions would happen, public schools wouldn't be in trouble, and all the world's ills would come to an end. There's just one little problem: Does the Bible really say all of that? What You Didn't Learn in Sunday School will introduce you to women in the Bible who: Were religious leaders.

Disobeyed their husbands to obey Godde. Had careers. Made their own decisions. And guess what? The world did not end. Eight verses have been used to make women second-class citizens, and at times, virtual slaves to their husbands. The rest of the Bible is full of stories of strong women who led their families, their people, and their countries.

Sisters in Scripture Kathleen MacInnis Kichline 2009 Uses tools of biblical scholarship, prayer, reflection and the insights of other women to explore the relationships of various women of both the Old and New Testament.

Rad Girls Can Kate Schatz 2018-07-17 From the New York Times best-selling authors of *Rad Women Worldwide* and *Rad American Women A-Z*, a bold and brave collection of stories and art about inspiring and accomplished girls who have made positive impacts on the world before the age of 20. You might know the stories of Malala Yousafzai, Anne Frank, Jazz Jennings, and Joan of Arc. But have you heard about Yusra Mardini,

a Syrian refugee who swam a sinking boat to shore, saved twenty lives, then went on to compete as an Olympic swimmer? Or Trisha Prabhu, who invented an anti-cyberbullying app at age 13? Or Barbara Rose Johns, whose high school protest helped spark the civil rights movement? In *Rad Girls Can*, you'll learn about a diverse group of young women who are living rad lives, whether excelling in male-dominated sports like boxing, rock climbing, or skateboarding; speaking out against injustice and discrimination; expressing themselves through dance, writing, and music; or advocating for girls around the world. Each profile is paired with the dynamic paper-cut art that made the authors' first two books New York Times best sellers. Featuring both contemporary and historical figures, *Rad Girls Can* offers hope, inspiration, and motivation to readers of all ages and genders.

Careers for Women Joanna Scott 2017-07-25
New York in the late 1950s. A city, and a world, on the cusp of change . . . Maggie Gleason is looking toward the future. Part of a midcentury wave of young women seeking new lives in New York City, Maggie works for legendary Port Authority public relations maven Lee K. Jaffe -- affectionately known to her loyal staff as Mrs. J. Having left Cleveland, Maggie has come to believe that she can write any story for herself that she imagines. Pauline Moreau is running from the past -- and a shameful secret. She arrives in the city on the brink of despair, saddled with a young daughter who needs more love, attention, and resources than Pauline can ever hope to provide. Seeing that Pauline needs a helping hand, Mrs. J tasks Maggie with befriending, and looking after, Pauline. As the old New York gives way to the new, and Mrs. J's dream of the world's largest skyscraper begins to rise from the streets of lower Manhattan,

Pauline -- with the aid of Maggie and Mrs. J -- also remakes herself. But when she reignites the scandal that drove her to New York, none of their lives will ever be the same. Maggie must question everything she thought she knew about love, work, ambition, and family to discover the truth about the enigmatic, strong woman she thought she had rescued. *Careers for Women* is a masterful novel about the difficulties of building a career, a dream, or a life -- and about the powerful small mercies of friendship and compassion.

[The Book of Gutsy Women](#) Hillary Rodham Clinton 2019-10-01 Now an eight-part docuseries on Apple TV+ Hillary Rodham Clinton and her daughter, Chelsea, share the stories of the gutsy women who have inspired them—women with the courage to stand up to the status quo, ask hard questions, and get the job done. She couldn't have been more than seven or eight years old. "Go ahead, ask your question," her father urged, nudging her

forward. She smiled shyly and said, “You’re my hero. Who’s yours?” Many people—especially girls—have asked us that same question over the years. It’s one of our favorite topics. HILLARY: Growing up, I knew hardly any women who worked outside the home. So I looked to my mother, my teachers, and the pages of Life magazine for inspiration. After learning that Amelia Earhart kept a scrapbook with newspaper articles about successful women in male-dominated jobs, I started a scrapbook of my own. Long after I stopped clipping articles, I continued to seek out stories of women who seemed to be redefining what was possible. CHELSEA: This book is the continuation of a conversation the two of us have been having since I was little. For me, too, my mom was a hero; so were my grandmothers. My early teachers were also women. But I grew up in a world very different from theirs. My pediatrician was a woman, and so was the first mayor of Little Rock who I remember from my childhood.

Most of my close friends’ moms worked outside the home as nurses, doctors, teachers, professors, and in business. And women were going into space and breaking records here on Earth. Ensuring the rights and opportunities of women and girls remains a big piece of the unfinished business of the twenty-first century. While there’s a lot of work to do, we know that throughout history and around the globe women have overcome the toughest resistance imaginable to win victories that have made progress possible for all of us. That is the achievement of each of the women in this book. So how did they do it? The answers are as unique as the women themselves. Civil rights activist Dorothy Height, LGBTQ trailblazer Edie Windsor, and swimmer Diana Nyad kept pushing forward, no matter what. Writers like Rachel Carson and Chimamanda Ngozi Adichie named something no one had dared talk about before. Historian Mary Beard used wit to open doors that were once closed, and Wangari Maathai,

who sparked a movement to plant trees, understood the power of role modeling. Harriet Tubman and Malala Yousafzai looked fear in the face and persevered. Nearly every single one of these women was fiercely optimistic—they had faith that their actions could make a difference. And they were right. To us, they are all gutsy women—leaders with the courage to stand up to the status quo, ask hard questions, and get the job done. So in the moments when the long haul seems awfully long, we hope you will draw strength from these stories. We do. Because if history shows one thing, it's that the world needs gutsy women.

This collection of memoirs examines the relationship between daughters with academic degrees and their working-class parents. Each contributor explores the influence that higher education has had on her relationship with her parent(s), as well as their influence on her academic work. In writing that is akin to archeological work, each writer sifts through layers of experience and draws on the lessons and language of home to consider what working-class parents provide beyond food and shelter for their academically inclined child, and what personal cost is exacted of parent and child in the process. Their stories provoke anyone who has gone to college - woman or man - to consider the influence of their parents on their academic career. The themes in the collection fall into five broad categories: the value and power of bringing the lessons and language of working-class parents into the academy; the psychology

of class learned from a parent; the ambivalence of love and pain associated with a parent's sacrifice and the process of becoming an academic; the balancing act of straddling the worlds of academia and home; and definitions of work that either complement or conflict with those learned from parents. The memoirs acknowledge in retrospect how each writer's understanding of her parent(s) shapes her views on education and work.

Searching for Sunday Rachel Held Evans 2015
New York Times bestselling author Rachel Held Evans embarks on a quest to find out what it really means to be part of the Church. Like millions of her millennial peers, Rachel Held Evans didn't want to go to church anymore. The hypocrisy, the politics, the gargantuan building budgets, the scandals--church culture seemed so far removed from Jesus. Yet, despite her cynicism and misgivings, something kept drawing her back to Church. And so she set out on a journey to understand Church and to find her place in it. Centered around seven sacraments, Evans' quest takes readers through a liturgical year with stories about baptism, communion, confirmation, confession, marriage, vocation, and death that are funny,

heartbreaking, and sharply honest. A memoir about making do and taking risks, about the messiness of community and the power of grace, Searching for Sunday is about overcoming cynicism to find hope and, somewhere in between, Church.

Building the Old Time Religion Priscilla Pope-Levison 2014 During the Progressive Era, a period of unprecedented ingenuity, women evangelists built the old time religion with brick and mortar, uniforms and automobiles, fresh converts and devoted protégés. Across America, entrepreneurial women founded churches, denominations, religious training schools, rescue homes, rescue missions, and evangelistic organizations. Until now, these intrepid women have gone largely unnoticed, though their collective yet unchoreographed decision to build institutions in the service of evangelism marked a seismic shift in American Christianity. In this ground-breaking study, Priscilla Pope-Levison dusts off the unpublished letters, diaries,

sermons, and yearbooks of these pioneers to share their personal tribulations and public achievements. The effect is staggering. With an uncanny eye for essential details and a knack for historical nuance, Pope-Levison breathes life into not just one or two of these women—but two dozen. The evangelistic empire of Aimee Semple McPherson represents the pinnacle of this shift from itinerancy to institution building. Her name remains legendary. Yet she built her institutions on the foundation of the work of women evangelists who preceded her. Their stories—untold until now—reveal the cunning and strength of women who forged a path for every generation, including our own, to follow. Priscilla Pope-Levison is Professor of Theology and Assistant Director of Women's Studies at Seattle Pacific University. Her previous books include *Sex, Gender, and Christianity*; *Turn the Pulpit Loose: Two Centuries of American Women Evangelists*; *Return to Babel: Global Perspectives*

on the Bible; *Jesus in Global Contexts*; and *Evangelization in a Liberation Perspective*. [Sunday's Women](#) Sasha Gregory Lewis 1979 "Taking the stories of more than twenty-five lesbians from a wide variety of backgrounds and experiences, Sasha Lewis presents a frank and honest picture of lesbian life in America today. We learn what it's like to grow up gay, and what it means to come out. The lesbians interviewed speak openly about their first experiences with other women, what kind of relationship they hope to find, how social pressure has affected their lives, and how, as a consequence, they feel about gay liberation. A stirring book that brings heterosexual values regarding family, child-rearing, and male/female roles into sharp perspective, *Sunday's Women* will interest anyone concerned about gender-defined roles in contemporary American society"--Back cover of book jacket.

top-selling hits to the indie and obscure. Classic Album Sundays - the world's most popular album listening event and content platform - initiated an #AlbumsByWomen campaign in support of International Women's Day 2018. The hashtag soon grew into a movement, devoted to women's musicality and the power of the female voice. Collaborators shared photographs and commentary on their favourite albums by female artists, gathered together here in a single volume. Pick up any other book on the theme of 'Albums You Must Hear Before You Die', and you'll confront a heavy gender bias. This project redresses the gender imbalance: an overdue celebration of women's creativity and musicianship within a male-dominated sphere. It features over a hundred submissions from high-profile musicians including Pink Floyd's Nick Mason, Peter Hook, Nina Kraviz, Black Madonna, Gilles Peterson, Rankin, KT Tunstall, John Grant and more. AUTHOR: Colleen 'Cosmo' Murphy is a highly respected and experienced

musical selector and curator, founder of the album-listening event and content hub Classic Album Sundays, and an authority on music, sound and the vinyl renaissance. She was mentored by David Mancuso at his seminal Loft parties in New York City. Together they co-produced the compilation series David Mancuso Presents The Loft and worked on David's record label The Loft Audiophile Library of Music. Colleen is one of the musical hosts at The Loft, the co-founder of the Lucky Cloud Loft parties in London and DJs internationally on the world's best sound systems and dance floors. She founded Classic Album Sundays as a stance against the increasing devaluation of music and sound. What began as a passion project is now the world's most popular album listening event with satellites in four continents, and the website and social media channels host content on classic albums and artists such as interviews, videos, playlists and more.
