*Make the Noise Go Away* Larry G. Linne with Ken Koller 2011-09-16 Many entrepreneurs embrace the challenge of being their own boss; they desire freedom—both financial and temporal. But, often, the business consumes both time and money and ends up owning the owner. In *Make the Noise Go Away*, author Larry G. Linne discusses thirteen principles to help business owners reclaim their freedom. Written in parable style, *Make the Noise Go Away* follows business owner Jim Clancy and second-in-command Brett Giles at Golden Electric Supply. During a weekend retreat at a quiet mountain cabin, the two executives discuss the principles and strategies that make Jim's noise—all the worries and

concerns about his business—go away and allow Brett's job to be more enjoyable and successful. They talk about important skills and concepts such as maintaining upward communication, setting priorities, practicing effective problem solving, and introducing new ideas. Targeted to both first- and second-in-commands, *Make the Noise Go Away* provides insights on decision-making skills, methods to protect and nurture great CEO ideas, and strategies for managing the perception of the business by important third parties. With concrete takeaways and tools for implementation, this guide helps clear the way for productivity and success for today's business executives and their seconds-in-command.

He states, 'This is one of our difficulties, perhaps our major difficulty: to be free of the whole content of the unconscious.' This hidden part of our consciousness is the result of 'many thousands of years of man's endeavor; we are the sum total of his struggles, his hopes, his despairs, his everlasting search for something beyond, and this piling up of experience is still going on within us. To be aware of that conditioning, and to be free of it, demands a great deal of attention.'
