**Gay Star Signs** Max Bowman 2002-01-25 Gay Star Signs is a one-of-a-kind approach to astrology. All of its pages are split horizontally. Characteristics -- like personality, body care, lifestyle, and career -- of the 12 sun-signs are given on split-pages that are divided by color-coded strips with symbols. The top half of the split page represents the sun sign; the bottom tells readers what to expect from a particular sign in different areas of their life. The split pages allow readers to check their compatibility with friends, workmates -- and, of course, lovers and partners, by comparing information on the top of the page with a quick flip to the corresponding flap below -- thereby revealing their compatibility and highlighting the strongest and weakest connections.

You Are More Than Just Your Sun Sign Joan Zodianz 2021-02-11 Cozmic Contents If you're an intuitive, yet practical, learner, you will enjoy this soulfully detailed astrology book by Joan Zodianz. This isn't your regular cookie-cutter astrology book. You will learn the good, the bad, the beautiful, the ugly sides of each planet and each zodiac sign. Think of this book as a self-help book for your soul's energy. See astrology from a much higher perspective - Macro and Micro Perspectives of Planets - Evolution of energy in planets, houses, elements, modalities, and zodiac signs - Evolved (light) and unevolved (shadow) versions of each zodiac sign - Moon and Planetary descriptions under each zodiac sign - Reading horoscopes and ephemeris' correctly - Multiple charts and beautiful hand-drawn illustrations - Thorough, intuitive, and practical astrological patterns and phrases for you to easily remember Excerpts from book: "From the Sun (luminary), we are born into the physical realm; and as we reach Pluto, the last planet, we transition into the spiritual realm to die. As morbid as it sounds, it's just how our energy works. The planets and luminaries are then split into two categories: inner/internal and outer/external, and every planet possesses their own type of energy and specialty. From the internal planets, the Sun shines on planets that impact our personalities. It's how we function as an individual. From the external planets, the darkness of these worlds helps us utilize our personality and inner strengths to overcome events of the physical realm. It's how we shine our light in dark spaces." **Linda Goodman's Sun Signs** Linda Goodman 2014-01-09 The New York Times–bestselling author's classic guide to astrology: "What makes Sun Signs different is that much of the writing is done with humor" (The Boston Globe). Before 1968, astrology as we know it had a very limited following in the United States and around the world. The publication of Linda Goodman's Sun Signs changed that forever. Newspapers began running astrology columns, and soon, an increasing number of people knew their sign (as well as yours) and began to study astrological tendencies. Linda Goodman's Sun Signs quickly established itself as the worldwide introductory bible to astrology for beginner and expert alike. The book's simple organizational technique made it easy for everyone to follow and understand themselves and others, sign-by-sign. This updated edition of the groundbreaking classic is an enjoyable way to discover the world of astrology today.

**Twelve Beds for the Dreamer** Máighr ad Medbh 2011-02-16 The "twelve beds" in the title of this collection refer to the twelve astrological signs. The dreamer is the poet, who began by noting the stages of the moon's monthly cycle and checking whether her dreams might bear any relation to them. Would she dream of conflict when the moon was in Aries, or of love when it was in Libra? She didn't reach a scientific conclusion, but she did write the dreams as poems and found that they could be allocated thematic places within the astrological divisions. She added other poems of the night and half-light to achieve a narrative of the inner life with the zodiac as a structure, astrology having proved a very interesting map-maker in her experience. The journey in the sequence is from Cancer (home, children, tradition) to Gemini (communication, information, restlessness), a road which has also been walked by the poet's generation. The last poems in the sequence are steeped in the clamorous demands of the Celtic Tiger mentality. Maighr ad Medbh has been described as a "vital slam poet" and "a unique presence in the Irish poetry scene," whose 'handling of metre is competent and assured'. These poems imbue the oneiric experience with melody and inquiry, and veer close to the honesty of the subconscious itself.
