

Suggestions For Thought By Florence Nightingale Selections And Commentaries

Whispering the Secrets of Language: An Emotional Quest through **Suggestions For Thought By Florence Nightingale Selections And Commentaries**

In a digitally-driven earth where monitors reign supreme and quick connection drowns out the subtleties of language, the profound secrets and psychological subtleties hidden within words frequently move unheard. However, located within the pages of **Suggestions For Thought By Florence Nightingale Selections And Commentaries** a captivating literary prize sporting with raw emotions, lies an exceptional journey waiting to be undertaken. Composed by an experienced wordsmith, that marvelous opus encourages readers on an introspective trip, lightly unraveling the veiled truths and profound impact resonating within the fabric of each word. Within the psychological depths with this emotional review, we will embark upon a heartfelt exploration of the book's primary themes, dissect their charming writing design, and fail to the strong resonance it evokes heavy within the recesses of readers' hearts.

Nursing History Review, Volume 4 Joan E.

Lynaugh 1995-09-29 The official journal of the American Association for the History of Nursing

Healing the Nightingales Jackie Mulanax
2006-03-01 One hundred years ago, Florence Nightingale ventured into making nursing a profession. Since then, nurses have been called and many have experienced one of the side effects of the profession...burn out. Florence Nightingale also succumbed to this nursing malady. Jackie Mulanax RN explores Florence Nightingale's healing as a guide to the healing of modern day "ninghtingales."

Nursing History Review, Volume 2 Joan E. Lynaugh 1993-11-29 The official journal of the American Association for the History of Nursing
The Friendship of Florence Nightingale and Mary Clare Moore Mary C. Sullivan 2015-09-02
Florence Nightingale is best known as a woman of action—a founder of modern nursing, a reformer in the field of public health, and a pioneer in the use of statistics. What is not generally appreciated is that Nightingale was deeply engaged in the religious and philosophical thought of her time and that the

primary aim of her life was not to reform social institutions but to serve God. Although Nightingale gave primacy to her spiritual life, few of the books written about her have done so, and, until recently, few of her own writings about religion have been published. This failure to attend to Nightingale's spiritual life began to change during the 1980s, most significantly with the 1994 publication of *Suggestions for Thought*, her own presentation of her religious views. At the heart of *The Friendship of Florence Nightingale and Mary Clare Moore* are forty-seven letters written by Nightingale to Moore—her "Dearest Reverend Mother"—the founding superior of the Roman Catholic Sisters of Mercy in Bermondsey, London; ten letters written by Moore to Nightingale; and five letters written by Nightingale about Clare to other Sisters of Mercy. These letters illustrate the personal lives and spiritual struggles and aspirations of two highly influential women in Victorian England: one working to achieve

military and governmental reforms, the other designing and implementing new church-related services to the poor-both bound together by their devotion to those who were neglected, by nursing and other skills, by mature Christian faith, and by their engaging affection for one another.

Nursing as a Spiritual Practice Janet A. Macrae, PhD, RN 2001-04-10 Florence Nightingale is widely regarded as the founder of modern nursing. What is less well known is that she also had well-developed ideas about the spiritual aspects of nursing care. Her views draw from both Eastern and Western spiritual traditions and have a startling relevance to nursing practice today. Janet Macrae, both a Nightingale scholar and a nationally recognized expert on therapeutic touch, outlines Nightingale's ideas on spirituality in this book and discusses how a variety of techniques can be used to implement a more spiritual and humane form of nursing care. The techniques, which

include yoga, meditation, and relaxation exercises can be used by both nurses and patients.

Suggestions for thought Michael D Calabria 1997

Notes on Nursing Florence Nightingale 2018-12-07 Publisher's Note: Products purchased from 3rd Party sellers are not guaranteed by the Publisher for quality, authenticity, or access to any online entitlements included with the product. Be inspired by the timeless insights of the woman who created the foundations of modern nursing, with Florence Nightingale's Notes On Nursing, the 160th Anniversary Edition. Supported by essays from modern-day nurses, this still-relevant work offers concise, on-the-ground experience and breakthrough insights into the crucial elements of patient care. Each chapter brings to life Nightingale's determination to advance the healthcare system of her time, empowering modern nursing professionals, educators, and

Suggestions For Thought By Florence Nightingale Selections And Commentaries

students of all levels to establish their own crucial findings and innovations.

Nurses as Leaders William Rosa, MS, RN, AGPCNP-BC, ACHPN, FCCM, Caritas Coach 2016-06-13 Integrates the perspectives of contemporary nurse leaders to foster an innovative, collaborative future Encompassing the wisdom of both established and emerging nurse leaders, this expansive book demonstrates proof of theory in action and the influence of our great nursing legacy on today's luminaries as they carve out new terrain to benefit current and future health care needs. With a far-reaching, ambitious perspective, it is the first text to link the ideas of nurse leaders from very diverse specialty areas including holism, advanced practice, education, policy, global health, journalism, and spiritual communities. The book examines the professional and scholarly accomplishments of these nurse leaders within an historical context, and facilitates succession planning for the next generation through of

combination of outcomes-based writing, storytelling and personal reflection. Dozens of expert contributors from practice and theory arenas describe how to develop leadership skills and tactics through the implementation of local, national, and international initiatives. With an eye to creative evolution in education, research and clinical settings, they discuss how emerging nurse leaders can be agents of change—beyond the confines of traditional practice and curricula—through innovation and collaboration.

Contributors also relate the circumstances and experiences that sparked their nursing passions, the moral/ethical foundation from which they practice, and inspired messages toward communal, societal, and global impact within nursing of the future. Each chapter author follows a template to ensure continuity and includes end-of-chapter reflection questions. Key Features: Distills the perspectives of current and emerging nurse leaders from a diverse array of specialty areas to unify the collective of nursing.

Suggestions For Thought By Florence Nightingale Selections And Commentaries

Redefines praxis possibilities in education, research, and practice
Outlines contributing nurse leaders' practical and scholarly accomplishments
Describes how to facilitate change through innovation and collaboration
Teaches the development of leadership skills and tactics

Communication in Nursing Julia Balzer Riley
2015-12-21 Immerse yourself in the topic of communication in the workplace with an interesting conversation about the communication demands of today's nursing practice! *Communication in Nursing, 8th Edition* adopts a uniquely practical and personal approach, providing extensive examples, exercises, and techniques that help you understand important concepts and apply communication skills in a variety of clinical settings. With its conversational tone, this relatable text takes you beyond theory to show you how to use communication as a tool to limit stress in your nursing practice. A new "Active

Learning" feature that promotes goal-directed reading, and additional QSEN exercises highlight the importance of assertive communication in promoting quality, safe care for clients all in an easy-to-read magazine layout. QSEN preface and exercises stress how communication impacts safety and quality of care. "Moments of Connection" boxes highlight beneficial outcomes of successful communication and provide concrete examples of how communication techniques work. "Reflections on..." boxes provide thoughtful summary exercises at the end of each chapter that give you a specific task to help you integrate chapter material into the broader scope of nursing practice. "Wit & Wisdom" boxes present selected verses and quotations relevant to chapter topics, adding interest and humor. These boxes keep your attention by providing moments of relief from serious topics and "a-ha" moments when theory becomes linked to practice. Exercises throughout each chapter help

Suggestions For Thought By Florence Nightingale Selections And Commentaries

you master chapter techniques and strengthen your communication skills. NEW! "Active Learning" feature in every chapter promotes active, goal-directed reading. NEW! Exercises in each chapter, including reflective journaling, remediation, online and group activities, and discussion topics, help facilitate various learning types. NEW and UPDATED! Additional QSEN exercises and an updated QSEN preface highlight the importance of assertive communication in promoting quality, safe care for clients. NEW! Discusses the importance of interprofessional education and communication in the healthcare environment. NEW! Addresses the importance of "presence" in nursing being present for clients, families, colleagues, and self. NEW! New content on healthy grief and the issues of death denial and death phobia and professional boundaries related to social media. NEW! Coverage of the most current research about the importance of self-care. NEW! Explains the importance of the concept of "the

pause" in communication so you better understand how and when to use pauses. "

Nursing Theorists and Their Work E-Book
Martha Raile Alligood 2021-07-23 Find the thinking of 39 leading nursing theorists in one comprehensive text! Nursing Theorists and Their Work, 10th Edition provides a clear, in-depth look at nursing theories of historical and international significance. Each chapter presents a key nursing theory or philosophy, showing how systematic theoretical evidence can enhance decision making, professionalism, and quality of care. Lead author Martha Raile Alligood is known nationally and internationally for her expertise in nursing theory. A classic in the field of nursing theory, this text uses objective critiques, case studies, and critical thinking activities to bridge the gap between nursing theory and application. Scholars specializing in the work of a specific nursing theorist write each theorist chapter, often having worked closely with the theorists, to provide the most accurate

Suggestions For Thought By Florence Nightingale Selections And Commentaries

and complete information. Case studies at the end of each theorist chapter put the theory into a larger perspective, demonstrating how it can be applied to practice. Critical thinking activities at the end of each theorist chapter help you understand the theory presented and apply it to personal and hypothetical situations. Diagrams and graphics help you to visualize and better understand abstract concepts and theories. History of nursing theory development includes its significance to the discipline and practice of the nursing profession. Brief summary sections in theorist chapters enhance comprehension and make it easier to review for tests. Major Concepts & Definitions box in each theorist chapter outlines a theory's most significant ideas and clarifies vocabulary. Points for Further Study section at the end of each chapter indicates sources of additional information. References at the end of theorist chapters list the author's primary and secondary sources of information. NEW theorists, chapter authors,

and case studies provide research and expertise from countries across the world. NEW references and bibliographies demonstrate the ever-increasing use of nursing theory globally. *Faith Community Nursing* P. Ann Solari-Twadell 2019-08-31 A multi-authored book, with editors and authors who are leaders in Faith Community Nursing (FCN) that aims to address contemporary issues in faith-based, whole person, community based health offering cost effective, accessible, patient centered care along the patient continuum while challenging contemporary health policy to include more health promotion services. Twenty-five chapters take the reader from a foundational understanding of this historic grass-roots movement to the present day international specialty nursing practice. The book is structured into five sections that describe both the historical advancement of the Faith Community Nursing, its current implications and future challenges, taking into account the

Suggestions For Thought By Florence Nightingale Selections And Commentaries

perspectives of the pastor, congregation, nurse, health care system and public health national and international organizations. The benefits of this book are that it is intended for a mixed audience including lay, academic, medical professionals or health care executives. By changing the mindset of the reader to see the nurse as more than providing illness care, the faith community as more than a place one goes to on Sunday and health as more than physical, creative alternatives for promoting health emerge through Faith Community Nursing.

Nursing, Caring, and Complexity Science Dr.

Alice Ware Davidson, RN, Ph.D. 2011-01-28

2011 AJN Book of the Year Winner in

Professional Development and Issues! "This

collected scholarship...will inform the

personal/professional evolution of caring and

nursing into this century and beyond, inviting

new visions of the evolved human in the world of

practice, education, research, administration, and clinical care. It is truly a visionary futuristic manifesto for this time in nursing and health sciences at all levels." Jean Watson, PhD, RN, AHN-BC, FAAN University of Colorado Denver College of Nursing Founder: Watson Caring Science Institute, Boulder, Colorado (From the Reflection) This innovative volume explores nursing and complexity science, and investigates how they relate in research, education, and practice. The book examines best methods for using complex systems, with expert contributing authors drawn from nursing, sociology, informatics, and mathematics. Each author is actively involved in studying and applying complexity science in diverse populations and various settings-especially in terms of nursing, chronic care, health care organizations, and community health networks. Chapters conclude with a response written by a nursing scholar, administrator, or practitioner, focusing on chapter concepts relevant to the complex

Suggestions For Thought By Florence Nightingale Selections And Commentaries

systems seen in nursing. Chapters also include models that relate how these concepts can be used in practice, management, education, and research-from micro to macro scales. The first of its kind, this book demonstrates the potential of complex systems perspectives in nursing and health care research, education, and practice. Key Features Presents the central concepts of complexity science as they relate to nursing Facilitates greater understanding of human caring relationships through the lens of complex organizational systems Provides examples of how to create and implement complex systems models that enhance care for individuals, and in leadership roles, organizational caring, nursing informatics, and research methods

The History of British Women's Writing, 1830-1880 Lucy Hartley 2018-09-22 This volume charts the rise of professional women writers across diverse fields of intellectual enquiry and through different modes of writing in the period immediately before and during the reign of

Queen Victoria. It demonstrates how, between 1830 and 1880, the woman writer became an agent of cultural formation and contestation, appealing to and enabling the growth of female readership while issuing a challenge to the authority of male writers and critics. Of especial importance were changing definitions of marriage, family and nation, of class, and of morality as well as new conceptions of sexuality and gender, and of sympathy and sensation. The result is a richly textured account of a radical and complex process of feminization whereby formal innovations in the different modes of writing by women became central to the aesthetic, social, and political formation of British culture and society in the nineteenth century.

Florence Nightingale Lynn McDonald 2019-12-15 Florence Nightingale: A Reference Guide to Her Life and Works cover all aspects of her life and works, from her birth in Florence to her death in London. A detailed chronology of

Florence Nightingale Val Webb 2002-02 Webb passionately brings to life the full story of this fascinating reformer, feminist, social activist, and theologian.

Suggestions for Thought by Florence

Nightingale Michael D. Calabria 2013-09-03

Florence Nightingale is best known as the founder of modern nursing, a reformer in the field of public health, and a pioneer in the use of statistics. It is not generally known, however, that Nightingale was at the forefront of the religious, philosophical, and scientific thought of her time. In a three-volume work that was never published, Nightingale presented her radical

spiritual views, motivated by the desire to give those who had turned away from conventional religion an alternative to atheism. In this volume Michael D. Calabria and Janet A. Macrae provide the essence of Nightingale's spiritual philosophy by selecting and reorganizing her best-written treatments. The editors have also provided an introduction and commentary to set the work into a biographical, historical, and philosophical context. This volume illuminates a little-known dimension of Nightingale's personality, bringing forth the ideas that served as the guiding principles of her work. It is also an historical document, presenting the religious issues that were fiercely debated in the second half of the nineteenth century. In *Suggestions for Thought*, one has the opportunity to experience a great practical mind as it grapples with the most profound questions of human existence.

Parting the Veil Joy Nugent 2018-06-27 This book is about the author's journey to get in touch with her own soul. She shares the belief

that the soul is the part of us that does not die and travels through many lifetimes. Death anxiety is common and is relieved with understanding, patience, and love. The nondual mind is open to everything and is capable of listening to the other. In this book, the role of soul is described and what is helpful in facilitating a timely release.

Florence Nightingale's Suggestions for Thought Lynn McDonald 2008-12-11 Florence Nightingale's Suggestions for Thought has intrigued readers from feminist-philosopher J.S. Mill (who used it in his The Subjection of Women) to the latest generation of women's activists. Although selections from this long work have been published, Lynn McDonald is the first editor to work through the numerous surviving drafts of Nightingale's writing and present it as a complete volume. Suggestions for Thought contains two early attempted novels, draft sermons, and a lengthy fictional dialogue featuring St. Ignatius, founder of the Jesuits, the

American evangelical Jacob Abbott, and British agnostic Harriet Martineau (with cameo appearances by Protestant reformer John Calvin and the poet Shelley) all against an unnamed "M.S." The most famous section of Suggestions for Thought is the essay Cassandra, famous as a rant against the family for stifling women's aspirations. Here the printed text is shown with the original novel draft alongside. McDonald's introductions to each section provide historical context and Nightingale's later views of the work. Currently, Volumes 1 to 11 are available in e-book version by subscription or from university and college libraries through the following vendors: Canadian Electronic Library, Ebrary, MyiLibrary, and Netlibrary.

Nursing Research Using Historical Methods Mary De Chesnay, PhD, RN, PMHCNS-BC, FAAN 2014-12-10 This is a concise, step-by-step guide to conducting qualitative nursing research using various forms of historical analysis. It is part of a unique series of books devoted to seven different

Suggestions For Thought By Florence Nightingale Selections And Commentaries

qualitative designs and methods in nursing, written for both novice researchers and specialists seeking to develop or expand their competency. Historical research is a qualitative research method that systematically examines past events from existing documents or other data, or by interviewing individuals who lived through those events, in order to understand the past. Written by a noted qualitative research scholar and contributing experts, the book describes the philosophical basis for conducting research using historical analysis and delivers an in-depth plan for applying its methodologies to a particular study, including appropriate methods, ethical considerations, and potential challenges. It presents practical strategies for solving problems related to the conduct of research using the various forms of analysis and presents a rich array of case examples from published nursing research. These include author analyses to support readers in decision making regarding their own projects. The book

provides a variety of examples of historical method studies, on topics such as mental health research, working with Navajo communities, World War II evacuation nursing, and many others. Focused on the needs of both novice researchers and specialists, it will be of value to health institution research divisions, in-service educators and students, and graduate nursing educators and students. Key Features: Explains how to conduct nursing research using autobiography, biography, oral history, and document review Presents state-of-the-art designs and protocols Focuses on solving practical problems related to the conduct of research Features rich nursing exemplars in a variety of health/mental health clinical settings in the United States and internationally

Florence Nightingale at Home Paul Crawford
2020-11-13 Homes can be both comforting and troubling places. This timely book proposes a new understanding of Florence Nightingale's experiences of domestic life and how ideas of

home influenced her writings and pioneering work. From her childhood homes in Derbyshire and Hampshire, she visited the poor sick in their cottages. As a young woman, feeling imprisoned at home, she broke free to become a woman of action, bringing home comforts to the soldiers in the Crimean War and advising the British population on the home front how to create healthier, contagion-free homes. Later, she created Nightingale Homes for nursing trainees and acted as mother-in-chief to her extended family of nurses. These efforts, inspired by her Christian faith and training in human care from religious houses, led to major changes in professional nursing and public health, as Nightingale strove for homely, compassionate care in Britain and around the world. She did most of this work from her bed after contracting the debilitating illness, brucellosis, in the Crimea, turning her various private homes into offices and 'households of faith'. In the year of the bicentenary of her birth, she remains as

relevant as ever, achieving an astonishing cultural afterlife.

British Women Writers and the Reception of Ancient Egypt, 1840-1910 Molly Youngkin
2016-04-29 Focusing on British women writers' knowledge of ancient Egypt, Youngkin shows the oftentimes limited but pervasive representations of ancient Egyptian women in their written and visual works. Images of Hathor, Isis, and Cleopatra influenced how British writers such as George Eliot and Edith Cooper came to represent female emancipation.

A People of One Book Timothy Larsen
2011-01-27 This book vividly recovers the lost world of the Victorians in which everyone thought, spoke, and argued through scripture. Larsen presents lively individual case studies of well known figures from different religious and sceptical traditions, including Florence Nightingale, T. H. Huxley, C. H. Spurgeon and Catherine Booth.

Sociological Theory Beyond the Canon Syed

Suggestions For Thought By Florence Nightingale Selections And Commentaries

Farid Alatas 2017-05-27 This book expands the sociological canon by introducing non-Western and female voices, and subjects the existing canon itself to critique. Including chapters on both the 'founding fathers' of sociology and neglected thinkers it highlights the biases of Eurocentrism and androcentrism, while also offering much-needed correctives to them. The authors challenge a dominant account of the development of sociological theory which would have us believe that it was only Western European and later North American white males in the nineteenth and early twentieth century who thought in a creative and systematic manner about the origins and nature of the emerging modernity of their time. This integrated and contextualised account seeks to restructure the ways in which we theorise the emergence of the classical sociological canon. This book's global scope fills a significant lacuna and provides a unique teaching resource to students of classical sociological theory.

Holistic Nursing Barbara Montgomery Dossey 2015-05-28 "Organized by the five Core Values contained within the American Holistic Nurses Association (AHNA) and the American Nurses Association (ANA) Holistic Nursing: Scope and Standards of Practice, Second Edition: * Core Value 1: Holistic Philosophy, Theories, and Ethics * Core Value 2: Holistic Caring Process * Core Value 3: Holistic Communication, Therapeutic Environment, and Cultural Diversity * Core Value 4: Holistic Education and Research * Core Value 5: Holistic Nurse Self-Reflection and Self-Care Holistic Nursing: A Handbook for Practice, Seventh Edition has been awarded the American Holistic Nurses Association (AHNA) Seal of Distinction. This newly developed Seal of Distinction indicates that the book is aligned with AHNA's mission, vision, and Holistic Nursing: Scope and Standards of Practice, Second Edition; is of interest to holistic nurses and of significant value to the nursing profession; provides knowledge that advances

Suggestions For Thought By Florence Nightingale Selections And Commentaries

holistic nursing; is timely and relevant; is consistent with relevant historical publications; is scientifically and technically accurate; and is authored by individuals with demonstrated expertise in the field of the work submitted"--
Provided by publisher.

American Nursing Patricia D'Antonio 2010-07-11
First Place, History and Public Policy, 2010
American Journal of Nursing Book of the Year
Awards This new interpretation of the history of nursing in the United States captures the many ways women reframed the most traditional of all gender expectations—that of caring for the sick—to create new possibilities for themselves, to renegotiate the terms of some of their life experiences, and to reshape their own sense of worth and power. For much of modern U.S. history, nursing was informal, often uncompensated, and almost wholly the province of female family and community members. This began to change at the end of the nineteenth century when the prospect of formal training

opened for women doors that had been previously closed. Nurses became respected professionals, and becoming a formally trained nurse granted women a range of new social choices and opportunities that eventually translated into economic mobility and stability. Patricia D'Antonio looks closely at this history—using a new analytic framework and a rich trove of archival sources—and finds complex, multiple meanings in the individual choices of women who elected a nursing career. New relationships and social and professional options empowered nurses in constructing consequential lives, supporting their families, and participating both in their communities and in the health care system. Narrating the experiences of nurses, D'Antonio captures the possibilities, power, and problems inherent in the different ways women defined their work and lived their lives. Scholars in the history of medicine, nursing, and public policy, those interested in the intersections of identity, work,

gender, education, and race, and nurses will find this a provocative book.

Cassandra and Suggestions for Thought by Florence Nightingale

Florence Nightingale 2017-09-29 Florence Nightingale is famous as the heroine of the Crimean War and later as a campaigner for medical care founded on a clean environment and good nursing. *Suggestions for Thought*, which contains the novel *Cassandra*, is a central text in nineteenth-century history of feminist thought.

Florence Nightingale in Egypt and Greece

Florence Nightingale 1997-01-01 A remarkable spiritual testimony, this complete transcription of Florence Nightingale's hitherto-unpublished diary (recorded during visits to Egypt and Greece in 1850) reveals the troubled period during which she finally realized that the answer to her call from God lay in service to humanity.

Victorian Prose Rosemary J. Mundhenk

1999-08-27 This engaging, informative collection of Victorian nonfiction prose juxtaposes classic

texts and canonical writers with more obscure writings and authors in order to illuminate important debates in nineteenth-century Britain—inviting modern readers to see the age anew. The collection represents the voices of a broad scope of women and men on a range of nineteenth-century cultural issues and in various forms—from periodical essays to travel accounts, letters to lectures, and autobiographies to social surveys. With its fifty-six substantial selections, *Victorian Prose* reaches beyond the work of Carlyle, Newman, Mill, Arnold, and Ruskin to uncover an array of lesser-known voices of the era. Women writers are given full attention—writings by Mary Prince, Dinah M. Craik, Florence Nightingale, Frances P. Cobbe, and Lucie Duff Gordon are among the entries. Excerpts cover such topics of the age as British imperialism, the crisis of religious faith, and debates about gender. On the issue of colonial expansion, opinions range from Benjamin Disraeli's celebration of empire-building as

evidence of Britain's glory to David Livingstone's promotion of commerce with Africa as a way to retard the slave trade and make it unprofitable. Views on "the woman question" extend from John Stuart Mill's defense of women's rights to Mrs. Humphry Ward's opposition to women's franchise and Sarah Ellis's support for the domestic ideal. This invaluable resource features: attention to important noncanonical writers—including a generous selection of women writers; a wide range of written forms, including periodical essays, travel accounts, letters, lectures, autobiographies, and social surveys; both chronological and thematic tables of contents—the latter encompassing subject areas such as England at home and abroad, the new sciences, religion, and the status of women; selections drawn from the original nineteenth-century editions; and annotations to each text that aid nonspecialists in understanding unfamiliar names, terms, and cultural debates.

My Way Joy Nugent 2018-01-17 Author Joy

Nugent has spent three decades in the role of a private, palliative care nurse, being with people at the end of their life—part of a lifetime of caring for others. She left a comfortable life as the wife of a successful orthodontist to follow a calling and vocation. In *My Way: One Nurse's Passion for End of Life*, Nugent shares not only her personal history but also her model for end-of-life nursing. Her career and education spanned many countries, from her home in Adelaide, Australia, to Canada, the United States, the UK, India, Singapore, and Malaysia. She encourages nurses to follow in her footsteps, urging them to become midwives of the soul and to take charge of their own professional lives. Throughout, Nugent details her life experiences and travels and offers recommendations on the attitude, knowledge, and skills essential for building trusting patient-nurse relationships. Although she has had to face many challenges and struggles along the way, she acknowledges that her life has been

divinely guided. This memoir recalls one nurse's personal and professional life, provides guidance for others in gaining the confidence to die without fear, and advises those comforting them at the bedside.

Ethical Challenges in Health Care Vicki D.

Lachman, PhD, MBE, APRN 2009-06-15

Designated a Doody's Core Title! Lachman successfully addresses the most important topics in health care ethics in this volume...The 20 chapters are divided logically and proceed onward from those dealing with the evolution of the philosophical basis for personal and organizational ethics...This text would be a highly useful resource for both undergraduate- and graduate-level health care ethics courses...
Summing Up: Recommended. --Choice This book is written for 'all healthcare professionals,' from those providing healthcare services to those administrating healthcare organizations. [It offers a detailed account of the concept of moral courage within the context of healthcare

delivery?.[and] offers clarity and advice on numerous ethical problems. --Doody's Stand up for what you believe in, even if it means standing alone. -Nelson Mandela As a health professional or health care leader, have you ever: Had to address the problem of uninsured patients in your hospital? Had to deliver bad news to patients and families? Wanted to report an unethical colleague? If so, you need this book on your bookshelf. Health care managers and professionals face serious ethical dilemmas like these every day. This book provides the knowledge, insight, strategies, and encouragement necessary for developing moral courage in health care practice, even in the face of adversity. Lachman outlines both personal and organizational strategies to help nurses, physicians, physical therapists, and health care leaders develop moral courage, and face difficult ethical challenges in health care practice and management head-on. Lachman presents numerous, real-life case examples to illustrate

Suggestions For Thought By Florence Nightingale Selections And Commentaries

skills and opportunities for developing moral courage in the workplace. Also included are tips for executives on how to develop their ethical leadership skills. Key Features: Presents guidelines for developing moral courage for organization leaders as well as for individual practitioners Discusses topics of critical concern to nurses and physicians, including patient autonomy, informed consent, and the importance of truth-telling Highlights pressing issues for health care leaders, including the uninsured in America, managing disruptive practitioners, and promoting patient safety Includes guidelines for standing up and speaking out against unethical practices Reiterates Key Points to Remember at the end of each chapter Qualitative Designs and Methods in Nursing (Set) Mary De Chesnay, PhD, RN, PMHCNS-BC, FAAN 2014-12-19 This is the first series to comprehensively address leading qualitative research designs and methods from a nursing perspective, and is a must-have for every

research library. These are practical, how-to guides to conducting research using seven different qualitative designs that encompass new and traditional methodologies. Written by Dr. Mary de Chesnay, a noted qualitative research scholar, and contributing specialists in each of the qualitative methods, each of the seven books discusses the theoretical rationale for using a particular design, describes its components, and delineates a practical plan to conduct studies. Utilizing a practical, problem-solving approach, the books delineate appropriate methods, ethical considerations, critical issues, and potential pitfalls. Examples of published qualitative nursing research worldwide, along with author commentary, support the new researcher in making decisions and facing challenges. Case studies follow a template that includes a description of the study, data collection and analysis, and dissemination. Also included are techniques whereby researchers can ensure high standards of rigor, and an extensive bibliography

and list of resources. The book's practical point of view is geared to help novice researchers and specialists alike develop or expand their competencies, engage graduate faculty and students, and aid nursing research staff in larger hospitals and other healthcare institutions, as well as in-service educators and students. Key Features of this One-of-a-Kind Resource Library: Focuses on practical problem solving Reviews the philosophical basis for each qualitative design Disseminates the most current references in each design Provides a plan to conduct studies using the design and discusses appropriate methods, ethical considerations, and potential challenges Showcases the research of international scholars Is peer reviewed by design and method experts

Victorian Testaments Sue Zemka 1997

Victorian Testaments examines the changing nature of biblical and religious authority during the first half of the Victorian period. The book argues that these changes had a profound

impact on concepts of cultural authority in general. Among the figures discussed are Coleridge, Thomas Arnold, Ruskin, Dickens, Florence Nightingale, and the missionaries of the British and Foreign Bible Society. In developing its picture of Victorian religious ideology, the book analyzes major works of the period, as well as works and documents that have received little critical attention. Its methods are interdisciplinary, building upon recent ideas in literary theory, cultural criticism, and gender studies. The book proposes that changes in religious faith and Bible reading tended in two directions, the one a celebration of spiritual individualism, the other of the nuclear family. As the credibility of a supernatural source for the scriptures diminished, the need for certainty in moral and religious matters was increasingly filled by the importance attached to individual character. Those Victorians who nurtured their individual character on Bible reading were understood to reveal the perfect

spirit of the scriptures—just as the scriptures themselves, it seemed, could no longer do so. However, the desire for religious heroes was counterpoised by another and highly sentimentalized model of the spiritual life, one where religious authority was decentered across a social spectrum of fathers, mothers, and children. In this second direction explored by the book, a complex economy of spiritual power and authority is created by the distribution of sexual, intellectual, and affective attributes to figures who together constitute the nuclear family—one might say the secular holy family. By tracing these two narrative patterns—the intellectual drama of the spiritual hero and the sentimental saga of the nuclear family—the author demonstrates that the spirituality of many nineteenth-century texts was not an allegory of transcendence so much as a by-product of the narratives themselves. A large-scale cultural confrontation with the disappearance of God was, to a certain extent, deferred by narratives

that picked up the slack in faith, creating performances of sacred power with characters who demonstrated either an awesome religious interiority or a recognizably sentimental display of idealized femininity or childhood innocence.

Florence Nightingale Mark Bostridge
2008-10-14 A profile of the iconic Victorian social reformer evaluates her scandalous decision to break with the conventions of her privileged class to work as a nurse, the myths surrounding her, and the controversial nature of her achievements.

Florence Nightingale Colleen Adele Hobbs 1997
A sophisticated, balanced perspective on a writer of increasing academic attention, Florence Nightingale offers a cogent supplement for general survey courses and for undergraduate and graduate courses in Victorian literature and women's writing.

How to Change the World David Bornstein
2004 Provides stories describing everyday people who cared enough to make a change in

society, describing practices and qualities of these individuals and their organizations, and offering inspiration and hope for a better future. [Like Catching Water in a Net](#) Val Webb 2008-01-12 National Best Books 2007 Award-Winner in Religion "Insightful, imaginative, and provocative! Val Webb's new book has freed the Divine from the religious. A striking achievement."-John Shelby Spong, author of Jesus for the Non-Religious In Like Catching Water in a Net, Val Webb is not out to prove the existence of a God or the Divine, but to set out intuitions or intimations of the Divine nature and attributes from the stories and literature of the world's religions. Casting her net more widely than Karen Armstrong in The History of God or Jack Miles in God: A Biography, Webb delves deeply into the poetry and sayings of Sufi, Buddhist, and Hindu mystics, the nature religion of the ancient Mesopotamians, their kin the Israelites, and the Aboriginal people of her own beloved Australia.

Nursing History Review, Volume 14, 2006

Patricia D'Antonio, RN, PhD, FAAN 2005-11-21 Nursing History Review, an annual peer-reviewed publication of the American Association for the History of Nursing, is a showcase for the most significant current research on nursing history. Regular sections include scholarly articles, over a dozen book reviews of the best publications on nursing and health care history that have appeared in the past year, and a section abstracting new doctoral dissertations on nursing history. Historians, researchers, and individuals fascinated with the rich field of nursing will find this an important resource.

Transcultural Caring Dynamics in Nursing and Health Care Marilyn A Ray 2018-05-16

How do you perceive your cultural identity? All of us are shaped by the cultures we interact with and the cultural backgrounds and ethnicities that are part of our heritage. Take a dynamic approach to the study of culture and health care

Suggestions For Thought By Florence Nightingale Selections And Commentaries

relationships. Dr. Marilyn A. Ray shows us how cultures influence one another through intercultural relationships, technology, globalization, and mass communication, and how these influences directly shape our cultural identities in today's world. She integrates theory, practice, and evidence of transcultural caring to show you how to apply transcultural awareness to your clinical decision making. Go beyond common stereotypes using a framework that can positively impact the nurse-patient relationship and the decision-making process. You'll learn how to deliver culturally competent care through the selection and application of transcultural assessment, planning and negotiation tools for interventions.

Healing Presence JoEllen Goertz Koerner, RN, PhD, FAAN 2007-05-14 An invitation for all nurses to re-engage with the passion and commitment that originally inspired them! "...represents an act of passion for the profession, a window to a personal journey, and

an invitation to view the nursing profession's contribution to healing in a Jungian context....The work's value comes from its integration of scientific, creative, and spiritual philosophies as a core context for the complex nurse-patient interaction involved in the promotion of a healing environment....Recommended."--Choice Nursing is at a crossroads, facing shortages of unparalleled proportion at a time when society is experiencing health care challenges of great magnitude. At the center of professional nursing lies the authentic presence of the nurse, the intention and commitment that brings nurses to the profession in the first place. When there is congruence between who nurses are and what they do, nurses bring their souls to work. This balance is experienced as a healing presence that encourages the patient's self-healing capacity. Throughout this book, JoEllen Koerner explores ways--scientific, creative, and spiritual--of understanding the power and impact of this

Suggestions For Thought By Florence Nightingale Selections And Commentaries

"healing presence" on both the caregiver and those receiving care. Wisdom from the field is presented in a series of reflections from multiple areas of practice. For all nurses and nursing students, the book offers practical application strategies for integrating the nursing process with the nurse's presence and a framework for personal and professional development.
