The Annotated Mona Lisa Carol Strickland 2007-10 Like music, art is a universal language. Although looking at works of art is a pleasurable enough experience, to appreciate them fully requires certain skills and knowledge." --Carol Strickland, from the introduction to The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern * This heavily illustrated crash course in art history is revised and updated. This second edition of Carol Strickland's The Annotated Mona Lisa: A Crash Course in Art History from Prehistoric to Post-Modern offers an illustrated tutorial of prehistoric to post-modern art from cave paintings to video art installations to digital and Internet media. * Featuring succinct page-length essays, instructive sidebars, and more than 300 photographs, The Annotated Mona Lisa: A Crash Course in

Art History from Prehistoric to Post-Modern takes art history out of the realm of dreary textbooks, demystifies jargon and theory, and makes art accessible-even at a cursory reading. * From Stonehenge to the Guggenheim and from Holbein to Warhol, more than 25,000 years of art is distilled into five sections covering a little more than 200 pages. Spain, a Global History Luis Francisco Martinez Montes 2018-11-12 From the late fifteenth to the nineteenth centuries, the Hispanic Monarchy was one of the largest and most diverse political communities known in history. At its apogee, it stretched from the Castilian plateau to the high peaks of the Andes; from the cosmopolitan cities of Seville, Naples, or Mexico City to Santa Fe and San Francisco; from Brussels to Buenos Aires and from Milan to Manila. During those centuries, Spain left its imprint across vast continents and distant oceans contributing in no minor way to the emergence of our globalised era. This was

true not only in an economic sense-the Hispano-American silver peso transported across the Atlantic and the Pacific by the Spanish fleets was arguably the first global currency, thus facilitating the creation of a world economic system-but intellectually and artistically as well. The most extraordinary cultural exchanges took place in practically every corner of the Hispanic world, no matter how distant from the metropolis. At various times a descendant of the Aztec nobility was translating a Baroque play into Nahuatl to the delight of an Amerindian and mixed audience in the market of Tlatelolco; an Andalusian Dominican priest was writing the first Western grammar of the Chinese language in Fuzhou, a Chinese city that enjoyed a trade monopoly with the Spanish Philippines; a Franciscan friar was composing a piece of polyphonic music with lyrics in Quechua to be played in a church decorated with Moorish-style ceilings in a Peruvian valley; or a multi-

ethnic team of Amerindian and Spanish naturalists was describing in Latin, Spanish and local vernacular languages thousands of medicinal plants, animals and minerals previously unknown to the West. And, most probably, at the same time that one of those exchanges were happening, the members of the School of Salamanca were laying the foundations of modern international law or formulating some of the first modern theories of price, value and money, Cervantes was writing Don Quixote, Velázquez was painting Las Meninas, or Goya was exposing both the dark and bright sides of the European Enlightenment. Actually, whenever we contemplate the galleries devoted to Velázquez, El Greco, Zurbarán, Murillo or Goya in the Prado Museum in Madrid; when we visit the National Palace in Mexico City, a mission in California, a Jesuit church in Rome or the Intramuros quarter in Manila; or when we hear Spanish being spoken in a myriad of accents

in the streets of San Francisco, New Orleans or Manhattan we are experiencing some of the past and present fruits of an always vibrant and still expanding cultural community. As the reader can infer by now, this book is about how Spain and the larger Hispanic world have contributed to world history and in particular to the history of civilisation, not only at the zenith of the Hispanic Monarchy but throughout a much longer span of time.

The Kingdoms of Savannah

George Dawes Green
2023-10-17 “Around these parts, the publication of a new George Dawes Green novel is an event. ... Green leans all the way into Southern Gothic, but the main grotesquerie is the city’s history, built on the backs of enslaved people. His prose is languid, even luxurious, but at critical moments of suspense, he pares it back to ramp up the terror.”
—New York Times Book Review Savannah may appear to be “some town out of a fable,” with its vine flowers, turreted mansions, and ghost

tours that romanticize the city’s history. But look deeper and you’ll uncover secrets, past and present, that tell a more sinister tale. It’s the story at the heart of George Dawes Green’s chilling new novel, *The Kingdoms of Savannah*. It begins quietly on a balmy Southern night as some locals gather at Bo Peep’s, one of the town’s favorite watering holes. Within an hour, however, a man will be murdered and his companion will be “disappeared.” An unlikely detective, Morgana Musgrove, doyenne of Savannah society, is called upon to unravel the mystery of these crimes. Morgana is an imperious, demanding, and conniving woman, whose four grown children are weary of her schemes. But one by one she inveigles them into helping with her investigation, and soon the family uncovers some terrifying truths—truths that will rock Savannah’s power structure to its core. Moving from the homeless encampments that ring the city to the stately homes of

Savannah's elite, Green's novel brilliantly depicts the underbelly of a city with a dark history and the strangely mesmerizing dysfunction of a complex family.

The Wishing Tide Barbara Davis 2014-09-02 From the acclaimed author of *When Never Comes* comes a novel about the pull of the past and the power of love. As offseason begins on the Outer Banks, a storm makes landfall, and three unlikely strangers are drawn together... Five years ago, Lane Kramer moved to Starry Point, North Carolina, certain the quaint island village was the place to start anew. Now the owner of a charming seaside inn, she's set aside her dreams of being a novelist and of finding love again. When English professor Michael Forrester appears on Lane's doorstep in the middle of a storm, he claims he's only seeking a quiet place to write his book. Yet he seems eerily familiar with the island, leaving Lane wondering if he is quite what he appears. Meanwhile, Mary Quinn has become a

common sight, appearing each morning on the dunes behind the inn, to stare wistfully out to sea. Lane is surprised to find a friendship developing with the older woman, who possesses a unique brand of wisdom, despite her tenuous grip on reality. As Lane slowly unravels Mary's story and a fragile relationship between Lane and Michael blooms, Lane realizes the three share a common bond. But when a decades-old secret suddenly casts its shadow over them, Lane must choose between protecting her heart and fighting for the life—and the love—she wants. Conversation Guide Included

Angelology Danielle Trussoni 2010-03-09 Set in the secluded world of cloistered abbeys, long-lost secrets and angelic humans, *Angelology* has all the makings of a blockbuster hit, combining elements of *The Da Vinci Code* and *Kate Mosse's Labyrinth Sister Evangeline* was just a young girl when her father left her at St. Rose Convent under the care of the Franciscan Sisters of Perpetual Adoration. Now a young

woman, she has unexpectedly discovered a collection of letters dating back sixty years—letters that bring her deep into a closely guarded secret, to an ancient conflict between the millennium-old Society of Angelologists and the monstrously beautiful Nephilim, the descendants of angels and humans. Rich and mesmerizing, Angelology blends biblical lore, mythology and the fall of the Rebel Angels, creating a luminous, riveting tale of one young woman caught in a battle that will determine the fate of the world.

tragic story of a medieval
noblewoman who leaves her
home and family for the love of
a Jewish boy. In eleventh-
century France, Vigdis Adelaïs,

their brief happiness destroyed
by the vicious wave of anti-
Semitism sweeping through
Europe with the onset of the

[Abe, Son of Abraham](#) Abe J. Bassett 2014-02-03 Abe, Son of Abraham begins as a series of well written and funny vignettes about the author's early years and his special relationship with his father. The title derives from the fact that Abe and Abraham are Junior and Senior, leading to the book's dedication to the father whose influence permeated the life of the junior. Abe J. Medieval Art and

Architecture after the

Middle Ages Alyce A. Jordan 2009-01-14 Medieval Art and Architecture after the Middle Ages explores the endurance of and nostalgia for medieval monuments through their reception in later periods, specifically illuminating the myriad ways in which tangible and imaginary artifacts of the Middle Ages have served to articulate contemporary aspirations and anxieties. The essays in this interdisciplinary collection examine the afterlife of medieval works through their preservation, restoration, appropriation, and commodification in America, Great Britain, and across Europe from the sixteenth to the twentieth century. From the evocation of metaphors and

tropes, to monumental projects of restoration and recreation—medieval visual culture has had a tremendous purchase in the construction of political, religious, and cultural practices of the Modern era. The authors assembled here engage a diverse spectrum of works, from Irish ruins and a former Florentine prison to French churches and American department stores, and an equally diverse array of media ranging from architecture and manuscripts to embroidery, monumental sculpture, and metalwork. With applications not only to the study of art and architecture, but also encompassing such varied fields as commerce, city planning, education, literature, collecting and exhibition design, this copiously illustrated anthology comprises a significant contribution to the study of medieval art and medievalism.

A Taste of Power Elaine Brown
2015-05-20 “A stunning picture of a black woman’s coming of age in America. Put it on the

shelf beside *The Autobiography of Malcolm X.*” —Kirkus Reviews Elaine Brown assumed her role as the first and only female leader of the Black Panther Party with these words: “I have all the guns and all the money. I can withstand challenge from without and from within. Am I right, Comrade?” It was August 1974. From a small Oakland-based cell, the Panthers had grown to become a revolutionary national organization, mobilizing black communities and white supporters across the country—but relentlessly targeted by the police and the FBI, and increasingly riven by violence and strife within. How Brown came to a position of power over this paramilitary, male-dominated organization, and what she did with that power, is a riveting, unsparing account of self-discovery. Brown’s story begins with growing up in an impoverished neighborhood in Philadelphia and attending a predominantly white school, where she first sensed what it meant to be black, female, and poor in

America. She describes her political awakening during the bohemian years of her adolescence, and her time as a foot soldier for the Panthers, who seemed to hold the promise of redemption. And she tells of her ascent into the upper echelons of Panther leadership: her tumultuous relationship with the charismatic Huey Newton, who would become her lover and her nemesis; her experience with the male power rituals that would sow the seeds of the party's demise; and the scars that she both suffered and inflicted in that era's paradigm-shifting clashes of sex and power. Stunning, lyrical, and acute, this is the indelible testimony of a black woman's battle to define herself. "A glowing achievement." —Los Angeles Times "Honest, funny, subjective, unsparing, and passionate. . . A Taste of Power weaves autobiography and political history into a story that fascinates and illuminates." —The Washington Post

The Long Field Pamela Petro 2023-08-15 For readers of *H Is for Hawk*, an intimate memoir of belonging and loss and a mesmerizing travelogue through the landscapes and language of Wales *Hiraeth* is a Welsh word that's famously hard to translate. Literally, it can mean "long field" but generally translates into English, inadequately, as "homesickness." At heart, *hiraeth* suggests something like a bone-deep longing for an

irretrievable place, person, or time—an acute awareness of the presence of absence. In *The Long Field*, Pamela Petro braids essential hiraeth stories of Wales with tales from her own life—as an American who found an ancient home in Wales, as a gay woman, as the survivor of a terrible AMTRAK train crash, and as the daughter of a parent with dementia. Through the pull and tangle of these stories and her travels throughout Wales, hiraeth takes on radical new meanings. There is traditional hiraeth of place and home, but also queer hiraeth; and hiraeth triggered by technology, immigration, ecological crises, and our new divisive politics. On this journey, the notion begins to morph from a uniquely Welsh experience to a universal human condition, from deep longing to the creative responses to loss that Petro sees as the genius of Welsh culture. It becomes a tool to understand ourselves in our time. A finalist for the Wales Book of the Year Award and named to the Telegraph's

and Financial Times's Top 10 lists for travel writing, *The Long Field* is an unforgettable exploration of “the hidden contours of the human heart.”

Man and His Symbols Carl G. Jung 2012-02-01 The landmark text about the inner workings of the unconscious mind—from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses—featuring more than a hundred images that break down Carl Jung’s revolutionary ideas “What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society.”—The Guardian “Our psyche is part of nature, and its enigma is limitless.” Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life’s work

that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams—those personal, integral expressions of our deepest selves—that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding the symbols in our dreams and using that knowledge to build fuller, more receptive lives. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work—profusely illustrated with hundreds of visual examples—offers invaluable insight into the symbols we dream that demand understanding, why we seek meaning at all, and how these very symbols affect our lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our

individuality, *Man and His Symbols* proves to be—decades after its conception—a revelatory, absorbing, and relevant experience.

In what Style Should We

Build? Heinrich Hübsch 1992
"In 1828 a young architect, Heinrich Hübsch, published a polemical study in which he suggested that the rapid technological progress of the early nineteenth century, combined with changed living habits, had rendered the Greek Neoclassical style unsuitable for present needs or future development. The intriguing title of his book--In What Style Should We Build?--even more than its provocative argument, touched off a dispute among architects that filled the pages of the newly founded journals of the 1830s and 1840s. The theme of this often animated discussion, hastened by the

burst of historical knowledge, was the choice of a style--that is, the determination of the premises from which a future and culturally appropriate style might be engendered. By mid-century, however, the confident expectation of bringing the search to a conclusion began to wane. Now, historicism, plurality of styles, and eclecticism were becoming dominant factors in architecture. Evidently, the debate had failed in its prime objective, and yet, it had set in motion intellectual forces that from our present perspective appear to have instituted a new, nineteenth-century style. The Texts & Documents series offers to the student of art, architecture, and aesthetics neglected, forgotten, or unavailable writings in English translation. Edited according to modern standards of scholarship and framed by critical introductions and commentaries, these volumes gradually mine the past centuries for studies that retain their significance in our understanding of art and of the

issues surrounding its production, reception, and interpretation. Eminent scholars assist in the selection and publication of volumes in the Texts & Documents series. Each volume acquaints readers with the broader cultural conditions at the genesis of the text and equips them with the needed apparatus for its study. Over time the series will greatly expand our horizon and deepen our understanding of critical thinking on art."-- Publisher website.

The Path to Rome Hilaire Belloc 1911

Hendrik Petrus Berlage

Hendrik Petrus Berlage

1996-01-01 Hendrik Petrus

Berlage, the Dutch architect and architectural philosopher,

created a series of buildings

and a body of writings from

1886 to 1909 that were among

the first efforts to probe the problems and possibilities of modernism. Although his

Amsterdam Stock Exchange, with its rational mastery of materials and space, has long

been celebrated for its seminal influence on the architecture of the 20th century, Berlage's

writings are highlighted here. Bringing together Berlage's

most important texts, among them "Thoughts on Style in

Architecture", "Architecture's Place in Modern Aesthetics",

and "Art and Society", this volume presents a chapter in

the history of European

modernism. In his introduction, Iain Boyd Whyte demonstrates that the substantial contribution of Berlage's designs to modern architecture cannot be fully appreciated without an understanding of the aesthetic principles first laid out in his writings.

We Bought a Zoo Benjamin Mee 2011-04-20 The remarkable true story of a family who move into a rundown zoo- already a BBC documentary miniseries and excerpted in The Guardian. In the market for a house and an adventure, Benjamin Mee moved his family to an unlikely new home: a dilapidated zoo in the English countryside. Mee had a dream to refurbish the zoo and run it as a family business. His friends and colleagues thought he was crazy. But in 2006, Mee and his wife with their two children, his brother, and his 76-year-old mother moved into the

Dartmoor Wildlife Park. Their extended family now included: Solomon, an African lion and scourge of the local golf course; Zak, the rickety Alpha wolf, a broadly benevolent dictator clinging to power; Ronnie, a Brazilian tapir, easily capable of killing a man, but hopelessly sappy; and Sovereign, a jaguar and would-be ninja, who has devised a long term escape plan and implemented it. Nothing was easy, given the family's lack of experience as zookeepers, and what follows is a magical exploration of the mysteries of the animal kingdom, the power of family, and the triumph of hope over tragedy. We Bought a Zoo is a profoundly moving portrait of an unforgettable family living in the most extraordinary circumstances.

[Historical Painting Techniques, Materials, and Studio Practice](#)

Arie Wallert 1995-08-24 Bridging the fields of conservation, art history, and museum curating, this volume contains the principal papers from an international symposium titled "Historical

Painting Techniques, Materials, and Studio Practice" at the University of Leiden in Amsterdam, Netherlands, from June 26 to 29, 1995. The symposium—designed for art historians, conservators, conservation scientists, and museum curators worldwide—was organized by the Department of Art History at the University of Leiden and the Art History Department of the Central Research Laboratory for Objects of Art and Science in Amsterdam. Twenty-five contributors representing museums and conservation institutions throughout the world provide recent research on historical painting techniques, including wall painting and polychrome sculpture. Topics cover the latest art historical research and scientific analyses of original techniques and materials, as well as historical sources, such as medieval treatises and descriptions of painting techniques in historical literature. Chapters include the painting methods of Rembrandt and Vermeer,

Dutch 17th-century landscape painting, wall paintings in English churches, Chinese paintings on paper and canvas, and Tibetan thangkas. Color plates and black-and-white photographs illustrate works from the Middle Ages to the 20th century.

Sitting Up with the Dead

Pamela Petro 2017-02-14 For the first time in paperback, an acclaimed look at the American South through the lenses of its most acclaimed storytellers and their tales. Rarely does a nonfiction work come along that is as original and refreshing as *Sitting Up with the Dead*. Here, take a ride with Pamela Petro as she embarks on a series of road trips through the states of the Old South to collect its stories and meet its tellers of traditional tales. Some of them are local celebrities, others national treasures. Among them are Ray Hicks, a National Heritage Fellow; Kathryn Windham, the "ghost lady"; Nancy Basket, a kudzu paper-maker; Colonel Rod, self-proclaimed "Florida cracker";

and Grammy Award-winner David Holt. You encounter plat-eyes and boo-hags, Jack the trickster and Brer Rabbit, mule eggs, singing turtles, talking corpses, and flying Africans from the sea islands of South Carolina. Stories provide the connective tissue of the South, linking the past with the present. They join communities as widespread as the coastal plains of the Carolinas and Georgia, the swamps of the Gulf Coast, and the mountains and valleys of Appalachia. As distinctly American as jazz, they blend cultures and oral traditions as diverse as those of southern England, Ireland, West Africa, and native America. They contain bits of lived history, both from before the Civil War and after. In *Sitting Up with the Dead*, Pamela Petro offers a paradoxical wake for the undying body of the Old South, to hear its truths and contemplate its robust afterlife in the tallest, "lyingest," most fruitful, and most haunting of its tales.

[The Sagrada Familia](#) Gijs van

Hensbergen 2017-05-18 A definitive and illuminating biography of one of the most famous - and most famously unfinished - buildings in the world, the Sagrada Familia of Barcelona. Its scaffolding-cloaked spires reach up to the heavens, dominating the Barcelona skyline and drawing in millions of visitors every year. What seduces our attention is perhaps a combination: not only its almost megalomaniac ambition and architectural extravagance but the sheer longevity of its construction. Its creator, Antoni Gaudí, 'God's Architect', saw the first stone laid on 19 March 1882 and yet it is unlikely to be completed until 2026 at the very earliest. It has survived two World Wars, the ravages of the Spanish Civil War and the 'Hunger Years' of Franco's rule. It has defied the critics, the penny-pinching accountants, the conservative town-planners and the slaves to sterile modernism to witness the most momentous changes in society and history. The Sagrada Familia explores the

evolution of this remarkable building, working through the decades right up to the present day before looking beyond to the final stretch of its construction. It is at once a guidebook and a chronological history, and a moving and compelling study of man's aspiration towards the divine. Rich in detail, vast in scope, this is a revelatory and authoritative study of a building and its place in history and the genius that created it.
