Coming Up Taller Judith Weitz 1996 Documents 218 arts and humanities programs for children and youth in communities across America.

Describes the context in which these programs operate, provides an overview of the highly varied cultural programs surveyed, and summarizes the principles, policies and practices found in promising programs. The value of these programs as components of any community strategy seeking to improve the lives of children and youth is reviewed, and recommendations are made for their continued examination. Discusses the need for increased technical and financial support. Photos, tables and index.

Who's who in the West 2000

Big Sur and the Oranges of Hieronymus

Bosch Henry Miller 1957-01-17 In his great triptych "The Millennium," Bosch used oranges and other fruits to symbolize the delights of

Paradise. In his great triptych "The Millennium," Bosch used oranges and other fruits to symbolize the delights of Paradise. Whence Henry Miller's title for this, one of his most appealing books; first published in 1957, it tells the story of Miller's life on the Big Sur, a section of the California coast where he lived for fifteen years. Big Sur is the portrait of a place—one of the most colorful in the United States—and of the extraordinary people Miller knew there: writers (and writers who did not write), mystics seeking truth in meditation (and the not-so-saintly looking for sex-cults or celebrity), sophisticated children and adult innocents; geniuses, cranks and the unclassifiable, like Conrad Moricand, the "Devil in Paradise" who is one of Miller's greatest character studies. Henry Miller writes with a buoyancy and brimming energy that are infectious. He has a fine touch for comedy. But this is also a serious book—the testament of a free spirit who has broken through the restraints and clichés of modern life

to find within himself his own kind of paradise.

The Old Man And The Sea Ernest Hemingway

2012-02-14 Santiago, an old Cuban fisherman, has gone 84 days without catching a fish.

Confident that his bad luck is at an end, he sets off alone, far into the Gulf Stream, to fish.

Santiago's faith is rewarded, and he quickly hooks a marlin...a marlin so big he is unable to pull it in and finds himself being pulled by the giant fish for two days and two nights.

HarperPerennialClassics brings great works of literature to life in digital format, upholding the highest standards in ebook production and celebrating reading in all its forms. Look for more titles in the HarperPerennial Classics collection to build your digital library.

Books in Print Supplement 1987 Includes authors, titles, subjects.

Across the River and Into the Trees Ernest Hemingway 2014-05-22 In the fall of 1948, Ernest Hemingway made his first extended visit to Italy in thirty years. His reacquaintance with

Venice, a city he loved, provided the inspiration for *Across the River and into the Trees*, the story of Richard Cantwell, a war-ravaged American colonel stationed in Italy at the close of the Second World War, and his love for a young Italian countess. A poignant, bittersweet homage to love that overpowers reason, to the resilience of the human spirit, and to the worldweary beauty and majesty of Venice, *Across the River and into the Trees* stands as Hemingway's statement of defiance in response to the great dehumanizing atrocities of the Second World War. Hemingway's last full-length novel published in his lifetime, it moved John O'Hara in *The New York Times Book Review* to call him "the most important author since Shakespeare."

America, History and Life 1993 Article abstracts and citations of reviews and dissertations covering the United States and Canada.

International Television & Video Almanac, 1993 Barry Monush 1993

Motion Picture Almanac 1990

The Photomontages of Hannah Höch Hannah Höch 1996 Here, in the first comprehensive survey of her work by an American museum, authors Peter Boswell, Maria Makela, and Carolyn Lanchner survey the full scope of Hoch's half-century of experimentation in photomontage - from her politically charged early works and intimate psychological portraits of the Weimar era to her later forays into surrealism and abstraction.

Farewell to Arms Ernest Hemingway 2014-05-22 Written when Ernest Hemingway was thirty years old and lauded as the best American novel to emerge from World War I, *A Farewell to Arms* is the unforgettable story of an American ambulance driver on the Italian front and his passion for a beautiful English nurse. Set against the looming horrors of the battlefield—wary, demoralized men marching in the rain during the German attack on Caporetto; the profound struggle between

loyalty and desertion—this gripping, semiautobiographical work captures the harsh realities of war and the pain of lovers caught in its inexorable sweep. Ernest Hemingway famously said that he rewrote the ending to *A Farewell to Arms* thirty-nine times to get the words right. This edition collects all of the alternative endings together for the first time, along with early drafts of other essential passages, offering new insight into Hemingway's craft and creative process and the evolution of one of the greatest novels of the twentieth century. Featuring Hemingway's own 1948 introduction to an illustrated reissue of the novel, a personal foreword by the author's son Patrick Hemingway, and a new introduction by the author's grandson Seán Hemingway, this edition of *A Farewell to Arms* is truly a celebration.

The Writer's Market 1983

Daniel 1994 This book, the first to chronicle the life and career of this important artist, brings his work once more before the public.

Beyond Memory Diane Neumaier 2004

Photography possesses a powerful ability to bear witness, aid remembrance, shape, and even alter recollection. In *Beyond Memory: Soviet Nonconformist Photography and Photo-Related Works of Art*, the general editor, Diane Neumaier, and twenty-three contributors offer a rigorous examination of the medium's role in late Soviet unofficial art. Focusing on the period between the mid-1950s and the late 1980s, they explore artists' unusually inventive and resourceful uses of photography within a highly developed Soviet dissident culture. During this time, lack of high-quality photographic materials, complimented by tremendous creative impulses, prompted artists to explore experimental photo-processes such as camera and darkroom manipulations, photomontage, and hand-coloring. Photography also took on a

provocative array of forms including photo installation, artist-made samizdat (self-published) books, photo-realist painting, and many other surprising applications of the flexible medium. *Beyond Memory* shows how innovative conceptual moves and approaches to form and content-echoes of Soviet society's coded communication and a Russian sense of absurdity-were common in the Soviet cultural underground. Collectively, the works in this anthology demonstrate how late-Soviet artists employed irony and invention to make positive use of difficult circumstances. In the process, the volume illuminates the multiple characters of photography itself and highlights the leading role that the medium has come to play in the international art world today. *Beyond Memory* stands on its own as a rigorous examination of photography's place in late Soviet unofficial art, while also serving as a supplement to the traveling exhibition of the same title.
