Edwards 2014-05-21 The small town of Strawberry, nestled within the high plains in a small valley surrounded by pine covered mountains in the Arizona territory holds secrets of gold. It will cause a handful of men more trouble than it might be worth. A shootout might be the price you pay to bring it down off Sunset Canyon. *Utah Geographic Names* Geological Survey (U.S.). Cloudburst in Sunset Canyon Patrick A. Councilor 2015-09-15 Clyve Barns, a new loyal and hard-working ranch hand, was willing to go beyond expectations. Perhaps it was the values his father instilled in him. Where others had exhausted, he drove on through a thunderstorm alone to pursue the man who was killing the livestock. He wouldn't come off that mountain the same man. Falsely accused of working with the shooter, he was given one chance: to run. To ride out and never look back. The other option was to be hung by the neck until dead. Yet, if

every man in the canyon wanted him at the end of a rope, why was he given the chance to ride out? If you beat a dog long and hard enough, it will either turn tail and run, lay down and die, or bite back. Clyve wasn't the kind to just tuck his tail in and run and he sure wasn't ready to die. The storm wasn't over. It had just begun. A funny thing about that hell storm... it seemed to be the most stable thing in the canyon.

*Laurel Canyon* A. J. Llewellyn 2019-08-23 Being gay was taboo in 1966. Even the hipster burger joint Barney's Beanery had a sign up saying Faggots Stay Out. It had been there since 1953. LA's teenagers wanted to fight social taboos. They wanted freedom. For all. Taris West moves to Los Angeles on November 12, 1966, the very day of the Sunset Riots.

Taris, his brother, and cousin, who make up a band called Go West, find themselves in the middle of the street fight between teenagers and police. Although Taris is an eyewitness to the riot taking place on the corner of Sunset and Laurel Canyon, he is also eager to explore the mythic hills that are the home to many music legends. Soon he's rubbing shoulders with Neil Young, Stephen Stills, Frank Zappa, Sonny and Cher, to name a few. There's also a slightly mysterious former Air Force officer named Winter, who's moved to Laurel Canyon to pursue his own musical fortune. Winter is incredible, but he also has a weirdo roommate who puts off everybody he meets. There's also something strange going on in Winter's Laurel Canyon house. Somebody keeps bumping and scraping in the middle of the night and a mural above his bed keeps getting additions as Winter and Taris sleep. Can these two broken men find acceptance, or even love, as history evolves right in front of their eyes? Can they make music together? And what about the burning civil rights issues of the day? Can a little canyon help mend bridges across the universe? As Frank Zappa often said, "Laurel Canyon is freaky, man." This book has been previously published. It has been edited and revised for republication.

*Desert Wind* Betty Webb 2012-04-30 When P.I. Lena Jones's Pima Indian partner Jimmy Sisiwan is arrested in the remote northern Arizona town of Walapai Flats, Lena rushes to his aid. She finds a town up in arms over a new uranium mine located only ten miles from the magnificent Grand Canyon. Jimmy's sister-in-law, founder of Victims of Uranium Mining, has been murdered, and the opposing side is taking hits, too. Then Ike Donohue, the mine's public relations flack, is found shot to death, casting suspicion on Jimmy and his entire family. Lena finds not only a community decimated by dangerous mining practices, but a connection to actor John Wayne and the mysterious deaths tied to the 1953 filming of *The Conqueror*. Now it's up to Lena to uncover the decades-old tragedy no one in Walapai Flats wants to discuss.

**Laurel Canyon** Michael Walker 2010-05-01 In the late sixties and early seventies, an impromptu collection of musicians colonized a eucalyptus-scented canyon deep in the Hollywood Hills of Los Angeles and melded folk, rock, and savvy American pop into a sound that conquered the world as thoroughly as the songs of the Beatles and the Rolling Stones had before them. Thirty years later, the music made in Laurel Canyon continues to pour from radios, iPods, and concert stages around the world. During the canyon's golden era, the musicians who lived and worked there scored dozens of landmark hits, from "California Dreamin'" to "Suite: Judy Blue Eyes" to "It's Too Late," selling tens of millions of records and resetting the thermostat of pop culture. In Laurel Canyon, veteran journalist Michael Walker tells the inside story of this unprecedented gathering of some of the baby boom's leading musical lights—including Joni Mitchell; Jim Morrison; Crosby, Stills, and Nash; John Mayall; the Mamas and the Papas; Carole King; the Eagles; and Frank Zappa, to name just a few—who turned Los Angeles into the music capital of the world and forever changed the way popular music is recorded, marketed, and consumed.

Rushing to Sunset Judythe Patberg 2015-10-30 In the preface to *Rushing to Sunset*, the author says, "This isn't a book about aging, but it could be. I'm anxious about the aging thing . . . My fear is feeling and acting old . . ." She goes on to describe two extreme physical and mental challenges she undertook at different times in her life—one when she was young and the other when she was old but felt young. She was twenty-six years old when she agreed to accompany a medical student on a thirty-day, three-hundred-fifty-mile trek to the Base Camp at Mt. Everest, with no training or hiking experience. Forty-one years later, at age sixty-seven, she hiked from the South Rim to the North Rim and back to the South Rim in Grand Canyon. At the time of the Himalayan invitation, the author was in Kathmandu, not expecting anything to happen. But when an opportunity to get off the beaten path presented itself, she eagerly accepted. The Grand Canyon experience happened because she was ready for the chance to prove that she wasn't too old for an adrenalin-driven

adventure, that her body could still work for her. While the settings were different, the result was the same: the author accomplished something that made her feel incredibly strong and good. She felt wonder and amazement at the ability of her body to endure extreme challenges at both a young and an old age. In that respect, the book could be about aging after all.

**Cast in Stone** Krista Lynn 2019-10-20 On Vernal Equinox, a New Moon Rises. Four times in a century, a Super New Moon, known as the Ghost Moon in Indian legend, traces the sky in darkness. It casts shadows, eclipses the sun, and brings a powerful magic to one who haunts the fabled and deadly Sunset Canyon. Sammy Peel enters the mysterious red rock landscape on the night of the Ghost Moon. He is accompanied by his aunt, Darcy Peel, and Alan Brandt, a Deputy Sheriff with intriguing ties to the legends of Sunset Canyon. Together they brave "the curse" and enter the canyon to save a loved one. Sam barely escapes with his life and finds that everything is forever changed by the experience - an experience he only partly remembers. His struggle to recall the terrifying night and to avenge what happened to him leads him to take part in an archaeological dig site on New Moon Mesa, a small plateau that abuts Prospector's Mountain where Sunset Canyon is found. From there, he plans to find all his answers in the cursed canyon defying his family's warnings of danger. All who enter the canyon seeking knowledge of its mystery never live to tell about it. Sam's plans are complicated by his growing interest in the beautiful archaeologist in charge of the dig site, Dr. Awatobi Racine. Is she only interested in him because of his Aunt

Deanna's research? That research shows that an ancient tribe, thought to be a myth by academia, did exist. Will Sam unravel the mystery of the canyon and finally understand his connection to it? Will he be able to protect "Tobi" who wants to follow him into the canyon for reasons that could drive them apart?

every year, though her heart stopped beating over a century ago--stilled by the one she loves. What magic could cause this? What ancient Native American witchcraft could hold her spirit captive and make her part of The Haunting of Sunset Canyon? Could the legends of ghost warriors who guard the treasure of the Lost Blood Stones Mine be true? When Darcy Peel left Dry Creek, Arizona, to go to graduate school, she thought she had left for good. She never imagined she would come back to the small community nestled in the shadow of Prospector's Mountain. But now she is compelled to return and find her sister who is lost in the red gorge canyon. On her trail to the truth, Darcy meets Alan Brandt, a young deputy who possesses hidden abilities that link him to stories of ghost warriors. Can she trust him to help find her sister as he promises? Or is she being trapped by the canyon's magic--seduced by her attraction to a man with an uncanny connection to the deadly legends?
