**Large and Small Holdings a Study of
English Agricultural Economics** Hermann

Levy 2015-06-15 Excerpt from Large and Small Holdings a Study of English Agricultural Economics The German edition of this book appeared in 1904. When the Cambridge University Press decided to publish the present translation I realised that it would be necessary

to add a considerable amount of supplementary matter. In the historical part of the book it was desirable to notice the publications of the six intervening years on the question of the decay of the yeomanry, although they have not altered my views as to the causes of the disappearance of that class. But above all it was necessary to take the Small Holdings Act of 1908 into consideration. I therefore went to England in the summer of 1910 in order to study its working on the spot, so far as it has gone at present. The statistics have been brought up to 1909 so far as was possible. The appendix on "The Modern Small Holder" did not appear in the German edition. It is an attempt briefly to outline some new impressions received as to the psychological aspects of the small holdings question. My personal study of the question was of course mainly made in the course of 1903, when I spent six months touring rural England with this end in view. It is a pleasant duty to offer my warm thanks here to all those who so kindly helped me

with information. It is not possible to name them all, for if they were numerous in 1903, they were still more numerous in 1910. But it was a pleasure to find when I came back to England in 1910 that no one had forgotten me, and I am proud to have had personal experience of the English loyalty so well known in Germany. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. Small Holdings In India And Their Remedies

This book is a result of an effort made by us
towards making a contribution to the
preservation and repair of original classic
literature. In an attempt to preserve, improve
and recreate the original content, we have
worked towards: 1. Type-setting & Reformatting:

The complete work has been re-designed via
professional layout, formatting and type-setting
tools to re-create the same edition with rich
typography, graphics, high quality images, and

table elements, giving our readers the feel of
holding a 'fresh and newly' reprinted and/or
revised edition, as opposed to other scanned &
printed (Optical Character Recognition - OCR)
reproductions. 2. Correction of imperfections: As
the work was re-created from the scratch,
therefore, it was vetted to rectify certain
conventional norms with regard to typographical
mistakes, hyphenations, punctuations, blurred
images, missing content/pages, and/or other
related subject matters, upon our consideration.
Every attempt was made to rectify the
imperfections related to omitted constructs in
the original edition via other references.
However, a few of such imperfections which
could not be rectified due to
intentional\unintentional omission of content in
the original edition, were inherited and
preserved from the original work to maintain the
authenticity and construct, relevant to the work.
We believe that this work holds historical,
cultural and/or intellectual importance in the

literary works community, therefore despite the oddities, we accounted the work for print as a part of our continuing effort towards preservation of literary work and our contribution towards the development of the society as a whole, driven by our beliefs. We are grateful to our readers for putting their faith in us and accepting our imperfections with regard to preservation of the historical content. HAPPY READING!

Bibliography on Land Settlement 1934 In this bibliography an attempt has been made to collect references to agricultural land settlement in the United States and in foreign countries

which are likely to be useful to those interested in the literature of subsistence homesteads, small holdings, and land settlement as relief for unemployment. Many references to publications on the general subject of land settlement have been included, but in selecting the references the emphasis has been placed chiefly on schemes leading to the eventual ownership of a small farm or holding which will provide either partial or complete employment for the owner. of Palmers Green, in this stirring tale of surrealism and subterfuge among the shrubbery 'A clever and quirky tale... You'll find Nicola Barker's writing as easy to swallow as a glass of milk.' *Cosmopolitan Small Holdings* is set in an attractive park in north London. The protagonists are Phil, a chronically shy gardener; Doug, his imposing and unpredictable supervisor; and a malevolent one-legged ex-museum curator called Saleem. Phil strives nobly to maintain his equilibrium despite being systematically mystified, brutalized, drugged, derided and seduced. But when he loses his eyebrows, he decides to fight back.
