Her idol, her older sister, jogs headlong into the lights of an approaching car, and dies. Thatch you cannot help but see shades of Stieg Larsson's Lisbeth Salander. Jeanne's former writing teacher at the University of Texas, Alexander Parsons (author of *Leaving Disneyland* and *In the Shadows of the Sun*) writes: "The Dream of Doctor Bantam is one of those books you read every few years in which, page by page, you come to think of the characters as a part of your own dear, weird, and intransigent family. In *Julie Thatch*, Thornton has written a character as memorable and compelling as Holden Caulfield or Oedipa Maas. She is alternately hilarious, maddening, and enchanting, a fearful and fearless smartass who enlivens every page of this fine novel." With illustrations by the author.

Almost everyone in the small town of Splendor, Ohio, was affected when the local steel mill exploded. If you weren't a casualty of the accident yourself, chances are a loved one was. That's the case for seventeen-year-old Franny, who, five years after the explosion, still has to stand by and do nothing as her brother lies in a coma. In the wake of the tragedy, Franny found solace in a group of friends whose experiences mirrored her own. The group calls themselves The Ordinary,

and they spend their free time investigating local ghost stories and legends, filming their exploits for their small following of YouTube fans. It's silly, it's fun, and it keeps them from dwelling on the sadness that surrounds them. Until one evening, when the strange and dangerous thing they film isn't fiction--it's a bright light, something massive hurtling toward them from the sky. And when it crashes and the teens go to investigate...everything changes.
