Picture Man, The: From the Collection of Bay Area Photographer E.F. Joseph

1927-1979 Careth Reid and Ruth Beckford 2017 From 1927 until his death in 1979, E.F. Joseph documented the daily lives of African Americans in the Bay Area. His images were printed in the Pittsburgh Courier and the Chicago Defender but not widely published in his home community. A graduate of the American School of Photography in Illinois, Joseph photographed the likes of such celebrities and activists as Josephine Baker, Mahalia Jackson, Mary McLeod Bethune, and Thurgood Marshall. However, what is perhaps more compelling within these pages are the countless images of everyday citizens--teaching, entertaining, worshipping, working, and serving their community and their nation.

The Years with Ross James Thurber 2021-10-12
From iconic American humorist James Thurber, a celebrated and poignant memoir about his years at *The New Yorker* with the magazine's unforgettable founder and longtime editor, Harold Ross "Extremely entertaining. . . life at *The New Yorker* emerges as a lovely sort of pageant of lunacy, of practical jokes, of feuds and foibles. It is an affectionate picture of scamps playing their games around a man who, for all his brusqueness, loved them, took care of them, pampered and scolded them like an irascible mother hen." —*New York Times* With a foreword by Adam Gopnik and illustrations by James Thurber At the helm of America's most influential literary magazine from 1925 to 1951, Harold Ross introduced the country to a host of exciting talent, including Robert Benchley, Alexander Woollcott, Ogden Nash, Peter Arno, Charles Addams, and Dorothy Parker. But no one could have written about this irascible, eccentric genius more affectionately or more critically than James Thurber, whose portrait of Ross captures not only a complex literary giant but a historic friendship and a glorious era as well. "If you get Ross down on paper," warned Wolcott Gibbs to Thurber, "nobody will ever believe it." But readers of this unforgettable memoir will find that they do. Offering a peek into the lives of two American literary giants and the New York literary scene at its heyday, *The Years with Ross* is a true classic, and a testament to the enduring influence of their genius.

The Obamas Jodi Kantor 2012-01-10 When Barack Obama won the 2008 presidential election, he also won a long-running debate with his wife Michelle. In *The Obamas*, Jodi Kantor takes us deep inside the White House as they try to grapple with their new roles, change the country, raise children, maintain friendships, and figure out what it means to be the first black President and First Lady. Filled with riveting detail and insight into their partnership, emotions and personalities, and written with a keen eye for the ironies of

public life, *The Obamas* is an intimate portrait that will surprise even readers who thought they knew the President and First Lady.

Midnight Assassin Patricia L. Bryan 2007-08-15
On the night of December 1, 1900, Iowa farmer John Hossack was attacked and killed while he slept at home beside his wife, Margaret. On April 11, 1901, after five days of testimony before an all-male jury, Margaret Hossack was found guilty of his murder and sentenced to life in prison. One year later, she was released on bail to await a retrial; jurors at this second trial could not reach a decision, and she was freed. She died August 25, 1916, leaving the mystery of her husband's death unsolved. The Hossack tragedy is a compelling one and the issues surrounding their domestic problems are still relevant today, Margaret's composure and stoicism, developed during years of spousal abuse, were seen as evidence of unfeminine behavior, while John Hossack--known to be a cruel and dangerous man--was hailed as a respectable husband and father. *Midnight Assassin* also introduces us to Susan Glaspell, a journalist who reported on the Hossack murder for the *Des Moines Daily*, who used these events as the basis for her classic short story, "A Jury of Her Peers", and the famous play *Trifles*. Based on almost a decade of research, *Midnight Assassin* is a riveting story of loneliness, fear, and suffering in the rural Midwest.

Sociocultural Identities in Music Therapy Susan Joan Hadley 2021-09-08 *Sociocultural Identities in Music Therapy* is a collection of personal narratives by 18 music therapists who engage in a critical culturally reflexive process and explore implications for their therapeutic practice. Amongst the authors, there is gender diversity, diversity of sexualities, racial diversity,

ethnic diversity, neurodiversity, geographical diversity, linguistic diversity, educational diversity, and more. Each person's intersectional identity positions them differently in terms of their sociocultural location and thus each has differing experiences of unearned advantages or disadvantages based purely on their membership in various sociocultural groups in unique combinations. As such, each person distinctively explores how they experience and are experienced in social contexts. Woven together, this book is a rich tapestry of the sociocultural identities of music therapists and implications for their therapeutic relationships and processes. It provides a deep understanding and appreciation of the concept of culture and its omnipresence in all we do and all we are. The hope is that these narratives, and the included strategies for doing this kind of critical culturally reflexive work, will guide music therapy students and practitioners to examine their own sociocultural location and experiences, and that it will open music therapists to consider their relational dynamics in all aspects of their lives.

Everything Man Shana L. Redmond 2020-01-10 From his cavernous voice and unparalleled artistry to his fearless struggle for human rights, Paul Robeson was one of the twentieth century's greatest icons and polymaths. In *Everything Man* Shana L. Redmond traces Robeson's continuing cultural resonances in popular culture and politics. She follows his appearance throughout the twentieth century in the forms of sonic and visual vibration and holography; theater, art, and play; and the physical environment. Redmond thereby creates an imaginative cartography in which Robeson remains present and accountable to all those he inspired and defended. With her bold and unique theorization of antiphonal life, Redmond charts the possibility of continued communication, care, and collectivity with those who are dead but never gone.

Man in the Landscape Paul Shepard 2010-07-01 A pioneering exploration of the roots of our attitudes toward nature, Paul Shepard's most seminal work is as challenging and provocative

today as when it first appeared in 1967. *Man in the Landscape* was among the first books of a new genre that has elucidated the ideas, beliefs, and images that lie behind our modern destruction and conservation of the natural world. Departing from the traditional study of land use as a history of technology, this book explores the emergence of modern attitudes in literature, art, and architecture--their evolutionary past and their taproot in European and Mediterranean cultures. With humor and wit, Shepard considers the influence of Christianity on ideas of nature, the absence of an ethic of nature in modern philosophy, and the obsessive themes of dominance and control as elements of the modern mind. In his discussions of the exploration of the American West, the establishment of the first national parks, and the reactions of pioneers to their totally new habitat, he identifies the transport of traditional imagery into new places as a sort of cultural baggage.

Into the Wild Jon Krakauer 2009-09-22

NATIONAL BESTSELLER • In April 1992 a young man from a well-to-do family hitchhiked to Alaska and walked alone into the wilderness north of Mt. McKinley. Four months later, his decomposed body was found by a moose hunter. This is the unforgettable story of how Christopher Johnson McCandless came to die. "It may be nonfiction, but *Into the Wild* is a mystery of the highest order." —Entertainment Weekly McCandless had given \$25,000 in savings to charity, abandoned his car and most of his possessions, burned all the cash in his wallet, and invented a new life for himself. Not long after, he was dead. *Into the Wild* is the mesmerizing, heartbreaking tale of an enigmatic young man who goes missing in the wild and whose story captured the world's attention. Immediately after graduating from college in 1991, McCandless had roamed through the West and Southwest on a vision quest like those made by his heroes Jack London and John Muir. In the Mojave Desert he abandoned his car, stripped it of its license plates, and burned all of his cash. He would give himself a new name, Alexander

Supertramp, and, unencumbered by money and belongings, he would be free to wallow in the raw, unfiltered experiences that nature presented. Craving a blank spot on the map, McCandless simply threw the maps away. Leaving behind his desperate parents and sister, he vanished into the wild. Jon Krakauer constructs a clarifying prism through which he reassembles the disquieting facts of McCandless's short life. Admitting an interest that borders on obsession, he searches for the clues to the drives and desires that propelled McCandless. When McCandless's innocent mistakes turn out to be irreversible and fatal, he becomes the stuff of tabloid headlines and is dismissed for his naiveté, pretensions, and hubris. He is said to have had a death wish but wanting to die is a very different thing from being compelled to look over the edge. Krakauer brings McCandless's uncompromising pilgrimage out of the shadows, and the peril, adversity, and renunciation sought by this enigmatic young man are illuminated with a rare understanding—and not an ounce of sentimentality. Into the Wild is a tour de force. The power and luminosity of Jon Krakauer's stoytelling blaze through every page.

America and the Musical Unconscious Julius Greve 2015-07-31 Music occupies a peculiar role in the field of American Studies. It is undoubtedly recognized as an important form of cultural production, yet the field continues to privilege textual and visual forms of art as its objects of examination. The essays collected in this volume seek to adjust this imbalance by placing music center stage while still acknowledging its connections to the fields of literary and visual studies that engage with the specifically American cultural landscape. In doing so, they proffer the concept of the 'musical unconscious' as an analytical tool of understanding the complexities of the musical production of meanings in various social, political, and technological contexts, in reference to country, queer punk, jazz, pop, black metal, film music, blues, carnival music, Muzak, hip-hop, experimental electronic music, protest and campaign songs, minimal music, and of course the kazoo. Contributions by Hanjo Berressem, Christian Broecking, Martin Butler, Christof Decker, Mario Dunkel, Benedikt Feiten, Paola Ferrero, Jurgen Grandt, Julius Greve, Christian Hanggi, Jan Niklas Jansen, Thoren Opitz, Sascha Pohlmann, Arthur Sabatini, Christian Schmidt, Bjorn Sonnenberg-Schrank, Gunter Suss, and Katharina Wiedlack."

Native Americans on Film M. Elise Marubbio 2013-02-22 "An essential book for courses on Native film, indigenous media, not to mention more general courses . . . A very impressive and useful collection." —Randolph Lewis, author of *Navajo Talking Picture* The film industry and mainstream popular culture are notorious for promoting stereotypical images of Native Americans: the noble and ignoble savage, the pronoun-challenged sidekick, the ruthless warrior, the female drudge, the princess, the sexualized maiden, the drunk, and others. Over the years, Indigenous filmmakers have both challenged these representations and moved past them, offering their own distinct forms of cinematic expression. *Native Americans on Film* draws inspiration from the Indigenous film movement, bringing filmmakers into an intertextual conversation with academics from a variety of disciplines. The resulting dialogue opens a myriad of possibilities for engaging students with ongoing debates: What is Indigenous film? Who is an Indigenous filmmaker? What are Native filmmakers saying about Indigenous film and their own work? This thought-provoking text offers theoretical approaches to understanding Native cinema,

includes pedagogical strategies for teaching particular films, and validates the different voices, approaches, and worldviews that emerge across the movement. "Accomplished scholars in the emerging field of Native film studies, Marubbio and Buffalohead . . . focus clearly on the needs of this field. They do scholars and students of Native film a great service by reprinting four seminal and provocative essays." —James Ruppert, author of *Meditation in Contemporary Native American Literature* "Succeed[s] in depicting the complexities in study, teaching, and creating Native film . . . Regardless of an individual's level of knowledge and expertise in Native film, *Native Americans on Film* is a valuable read for anyone interested in this topic." —*Studies in American Indian Literatures*

Mountaineer Jamboree Ivan M. Tribe 2021-11-21 Jamboree! To many country music fans the word conjures up memories of Saturday nights around the family radio listening to live broadcasts from that haven of hillbilly music, West Virginia. From 1926 through the 1950s, as Ivan Tribe shows in his lively history, country music radio programming made the Mountain State a mecca for country singers and instrumentalists from all over America. Wilma Lee and Stoney Cooper, Little Jimmy Dickens, Hawkshaw Hawkins, Red Sovine, Blaine Smith, Curly Ray Cline, Grandpa Jones, Cowboy Loye, Rex and Eleanor Parker, Lee Moore, Buddy Starcher, Doc and Chickie Williams, and Molly O'Day were among the many who came to prominence via West Virginia radio. Wheeling's "WWVA jamboree," first broadcast in 1933, attracted a wide audience, especially after 1942, when the station increased its power. The show's success spawned numerous competitors, as new stations all over West Virginia followed WWVA's lead in headlining country music. The state also played an important role in the early recording industry. The Tweedy Brothers, Frank Hutchison, Roy Harvey, Blind Alfred Reed, Frank Welling and John McGhee, Cap and Andy, and the Kessinger Brothers were among West Virginians whose waxings contributed to the state's reputation for fine native musicianship. So too did those who sought out and recorded the Mountaineer folksong heritage. As Nashville's dominance has grown since the

1960s, West Virginia's leadership in country music has lessened. Young performers must now seek fame outside their native state. But, as Ivan Tribe demonstrates, the state's numerous outdoor festivals continue to keep alive the heritage of country music's "mountain mama." *The Heartland, "Rockingham County"* Nancy B.
