Landscapes of Mallorca Thomas Booth 1989 The Cook Islands, named after the British Captain who seems to have been everywhere in the Pacific, are scattered like tiny jewels over a large stretch of sea between Tahiti and Samoa. Rarotonga, the principal island, is 2,500 miles due

south of Honolulu - as far south of the equator as Honolulu is north of it - a similarity that provides both places with ideal climates. But that's as far as the similarity goes, for in spite of her recently built international airport, the Cooks remain off the beaten path. Even Avarua, the port, capital, and mecca to these 15 islands, is little concerned with tourists. Here there are no buildings taller than the highest palm, no traffic lights, and the people who speak English with a New Zealand accent are friendly and don't regard visitors as walking money. All amenities, all reasonable comforts are available, and everything seems to work." You can drink the water, eat the vegetables, be addressed in English, there's no tipping, and happily for Americans the US dollar goes a fairly long way. The natural beauty, particularly on Rarotonga with its forest-covered mountains, verdant coastal plain, and fringing reef, is profound. It'll take your breath away when first seen and some insist that Rarotonga is a miniature English-speaking Tahiti. The population of these islands comes to a mere 18,000. On some of them there are 50 people, on others 700, a few are uninhabited, and, until recently, another had a population of just one. On Rarotonga, the largest island, there are 9,300 people. This independent nation may be small in number, but it is large in area. Cook Islanders are Polynesians, handsome light brown Polynesians, who refer to themselves with pride as the original Maoris - the ones who made the ancient voyage of discovery to New Zealand. They are outgoing people, hospitable and warm, but not nearly as animated as their Tahitian cousins who speak the same language. Animation, or the lack of it, may be a function of church affiliation and, in looking back, the first missionaries to arrive in the Cooks were not known for unbridled humor. This guide covers all of the Cook Islands, with details on the restaurants, places to stay, how to get around, what to do."

Landscapes of the Southern Peloponnese Michael Cullen 2003 This guide to Malta, Gozo and Comina includes: topographical walking maps; fold-out touring maps; many short walks and picnic suggestions - suitable for hot summer days and for those with young children; and an update service with specific route-change information.
