Idel provides fresh insights into the origins of Jewish mysticism, the relation between mystical and historical experience, and the impact of Jewish mysticism on western civilization. "Idel's book is studded with major insights, and innovative approaches to the entire history of Judaism, and mastery of it will be essential for all serious students of Jewish thought."--Arthur Green, New York Times Book Review "Moshe Idel's original, scholarly, and stimulating study of Kabbalah contains the promise of a masterwork."--Elie Wiesel "Moshe Idel's book can help the nonspecialized reader to reconsider the whole of Kabbalistic tradition in

comparison with many aspects of contemporary thought."--Umberto Eco "There can be no dispute about the importance and originality of Idel's work. Offering a wealth of complementary insights to Gershom Scholem and his school, it will command a great deal of attention and serious discussion."--Alexander Altmann History of Jewish Philosophy Daniel Frank 2005-10-20 Jewish philosophy is often presented as an addendum to Jewish religion rather than as a rich and varied tradition in its own right, but the History of Jewish Philosophy explores the entire scope and variety of Jewish philosophy from philosophical interpretations of the Bible right up to contemporary Jewish feminist and postmodernist thought. The links between Jewish philosophy and its wider cultural context are stressed, building up a comprehensive and historically sensitive view of Jewish philosophy and its place in the development of philosophy as a whole.

The Midrash Jacob Neusner 1994-10-01 The Midrash: An Introduction sets forth the way in which Judaism reads the Hebrew Bible. In this masterful presentation, the reader is introduced to the classics of Jewish Bible interpretation, with special attention to the way in which the rabbis of Talmudic times read the Pentateuch, the Book of Ruth, and Song of Songs. The seven Midrash compilations are introduced with a lucid account of their main points, accompanied by selections that give the reader a direct encounter, in English, with the Bible as Judaism understands it. The word midrash, based on the Hebrew root DaRaSH ("search"), means "interpretation" or "exegesis." Midrash also more formally refers to the compilations of

such interpretations of Scripture. As Dr. Jacob Neusner explains, these compilations "reached closure and conclusion in the formative stage of Judaism, that is, the first seven centuries of the Common Era, the time in which the Mishnah (ca. 200), Talmud of the Land of Israel (ca. 400), and Talmud of Babylonia (ca. 600) were written." Midrash is not so much about Scripture as it is a subordinate part of Scripture: "They did not write about Scripture," Dr. Neusner says. "They wrote with Scripture ... much as painters paint with a palette of colors." The Midrash: An Introduction is the second volume in Dr. Jacob Neusner's series of introductory volumes on classical rabbinic literature. As with the first volume - *The Mishnah: An Introduction* - this book offers the layperson a concise description of the religious literature and, drawing on Dr. Neusner's own translations of the texts, walks readers through the selections, providing them with firsthand experience with the document

itself. As Dr. Neusner says in his preface to *The Midrash: An Introduction*, "In these pages I mean to make it possible for readers to know one such compilation from the other and so to begin studying their own."

The Cambridge Companion to Medieval Jewish Philosophy Daniel H. Frank 2003-09-11 From the ninth to the fifteenth centuries Jewish thinkers living in Islamic and Christian lands philosophized about Judaism. Influenced first by Islamic theological speculation and the great philosophers of classical antiquity, and then in the late medieval period by Christian Scholasticism, Jewish philosophers and scientists reflected on the nature of language about God, the scope and limits of human

understanding, the eternity or createdness of the world, prophecy and divine providence, the possibility of human freedom, and the relationship between divine and human law. Though many viewed philosophy as a dangerous threat, others incorporated it into their understanding of what it is to be a Jew. This Companion presents all the major Jewish thinkers of the period, the philosophical and non-philosophical contexts of their thought, and the interactions between Jewish and non-Jewish philosophers. It is a comprehensive introduction to a vital period of Jewish intellectual history.

Eine Poetik der Offenbarung

Jörg Schulte 2004 Kann ein Werk der weltlichen Literatur auf jene Weise gelesen werden, auf die Rabbiner in den Kommentaren von Talmud und Midrasch den Text der Torah lesen und auslegen? Auf diese Frage antwortet die Studie, indem sie zunächst anhand eines Talmudabschnitts (Eruvim 54b) die

Besonderheiten rabbinischer Lektüre zeigt. Aus dem Werk von Emmanuel Levinas gewinnt sie jene Termini, die Verfahren der rabbinischen Exegese in die der griechischen Tradition verpflichteten Sprache der Philosophie bzw. der Poetik übertragbar machen. Mit ihnen wird der Unterschied zwischen "rabbinischer" und "griechischer" Lektüre fassbar. Auf "rabbinische" Weise werden in drei eigenständigen Kapiteln die Werke von Isaak Babel', Bruno Schulz und Danilo Kis gelesen. Im Werk von Isaak Babel' weisen rabbinische Verfahren auf das ausserst vielfältig verborgene Mythologem des christlichen Taufers (das Kapitel beschliesst ein ikonologischer Exkurs über die nicht erforschte hermetische Interpretation Johannes des Taufers), während sie in Bruno Schulz' Zyklen Zimtladen und Sanatorium zur Klepsydra eine auf der jüdischen Zeitrechnung beruhende kalendarische Struktur offenlegen. Este pensamento e esta leitura são o objeto de reflexão do rabino e pesquisador Alexandre Leone, em 'Mística e Razão - Dialética no Pensamento Judaico'.

Mística e razão Alexandre Leone 2022-12-07 Na obra, Heschel identifica, a partir de duas escolas de pensamento rabínico dos primeiros séculos da era comum - a escola de rabi Akiva, de tendência mística, e a escola de rabi Ishmael, de tendência racionalista -, dois paradigmas que tensionaram dialeticamente o pensamento rabínico desde o final da Antiguidade e durante a Idade Média. Essas tendências têm permeado o pensamento judaico e, desde então, contribuído para uma abordagem no trato da contradição. A leitura dialética das fontes rabínicas redimensiona a relação entre razão e misticismo na experiência religiosa judaica e, para além de aprofundar o debate sobre a natureza da experiência religiosa, é também uma crítica contra as leituras fundamentalistas dos

Halakhic Man Joseph Dov Soloveitchik 1983 Halakhic Man--originally published in Hebrew in 1944 and appearing for the first time in English translation--is considered to be Rabbi Soloveitchik's most important statement. A unique, almost unclassifiable work, its pages include a brilliant exposition of Mitnaggedism, of Lithuanian religiosity, with its emphasis on Talmudism; a profound excursion into religious psychology and phenomenology; a pioneering attempt at a philosophy of Halakhah; a stringent critique of mysticism and romantic religion--all held together by the force of the author's highly personal vision. Exuding intellectual sophistication and touching upon issues fundamental to religious life, Rabbi Soloveitchik's exploration, in sum, seeks to

God in Search of Man Abraham

Joshua Heschel 1976-06-01 Abraham Joshua Heschel was one of the most revered religious leaders of the 20th century, and *God in Search of Man* and its companion volume, *Man Is Not Alone*, two of his most important books, are classics of modern Jewish theology. *God in Search of Man* combines scholarship with lucidity, reverence, and compassion as Dr. Heschel discusses not man's search for God but God's for man--the notion of a Chosen People, an idea which, he writes, "signifies not a quality inherent in the

people but a relationship between the people and God."

It is an extraordinary description of the nature of Biblical thought, and how that thought becomes faith.

Fred West Memorial Lectures at Stanford University in May 1963, Dr. Heschel inquires into the logic of being human: What is meant by being human? What are the grounds on which to justify a human being's claim to being human? In the author's words, "We have never been as openmouthed and inquisitive, never as astonished and embarrassed at our ignorance about man. We know what he makes, but we do not know what he is or what to expect of him. Is it not conceivable that our entire civilization is built upon a misinterpretation of man? Or that the tragedy of man is due to the fact that he is a being who has forgotten the question: Who is Man? The failure to identify himself, to know what is authentic human existence, leads him to assume a false identity, to pretending to be what he is unable to be or to not accepting what is at the very root of his being. Ignorance about man is not lack of knowledge, but false knowledge."

Ner Elohim - Candle of God

Abraham Abulafia 2018 In 'Ner Elohim', Abulafia lays down the foundations of his entire system of prophetic Kabbalah. It begins with an interpretation of the Blessing of the Priests, where Abulafia explains that the effect of the blessing depends on the knowledge of holy names, their composition, and their function. This leads him to describe the basic principles behind the workings of holy names and letter combinations, as outlined in the fundamental kabbalistic text of Sefer Yetzirah, since 'formation cannot exist without the combination of letters'
