Beauvoir in Time Meryl Altman 2020 "Beauvoir in Time situates Simone de Beauvoir's *The Second Sex* in the historical context of its writing and in later contexts of its international reception, from then till now. The book takes up three aspects of Beauvoir's work more recent feminists find embarrassing: "bad sex," "dated" views about lesbians, and intersections with race and class. Through close reading of her writing in many genres, alongside contemporaneous discourses (good and bad novels in French and English, outmoded psychoanalytic and sexological authorities, ethnographic surrealism, the writing of Richard Wright and Franz Fanon), and in light of her travels to the U.S. and China, the author uncovers insights more recent feminist methodologies obscure, showing Beauvoir is still good to think with today"--

Scheherazade Goes West Fatema Mernissi 2001-09-16 Throughout my childhood, my grandmother Yasmina, who was illiterate and grew up in a

harem, repeated that to travel is the best way to learn and to empower yourself. "When a woman decides to use her wings, she takes big risks," she would tell me, but she was convinced that if you didn't use them, it hurt.... So recalls Fatema Mernissi at the outset of her mesmerizing new book. Of all the lessons she learned from her grandmother -- whose home was, after all, a type of prison -- the most central was that the opportunity to cross boundaries was a sacred privilege. Indeed, in journeys both physical and mental, Mernissi has spent virtually all of her life traveling -- determined to "use her wings" and to renounce her gender's alleged legacy of powerlessness. Bursting with the vitality of Mernissi's personality and of her rich heritage, *Scheherazade Goes West* reveals the author's unique experiences as a liberated, independent Moroccan woman faced with the peculiarities and unexpected encroachments of Western culture. Her often surprising discoveries about the conditions of and attitudes toward women around the world -- and the exquisitely embroidered amalgam of clear-eyed autobiography and dazzling meta-fiction by which she relates those assorted discoveries -- add up to a deliciously wry, engagingly cosmopolitan, and deeply penetrating narrative. In her previous bestselling works, Mernissi -- widely recognized as the world's greatest living Koranic scholar and Islamic sociologist -- has shed unprecedented light on the lives of women in the Middle East. Now, as a writer and scholarly veteran of the high-

wire act of straddling disparate societies, she trains her eyes on the female culture of the West. For her book's inspired central metaphor, Mernissi turns to the ancient Islamic tradition of oral storytelling, illuminating her grandmother's feminized, subversive, and highly erotic take on Scheherazade's wife-preserving tales from *The Arabian Nights* -- and then ingeniously applying them to her own lyrically embellished personal narrative. Interwoven with vivid ruminations on her childhood, her education, and her various international travels are the author's piquant musings on a range of deeply embedded societal conditions that add up, Mernissi argues, to a veritable "Western harem." A provocative and lively challenge to the common assumption that women have it so much better in the West than anywhere else in the world, Mernissi's book is an entrancing and timely look at the way we live here and now. By inspiring us to reconsider even the most commonplace aspects of our culture with fresh eyes and a healthy dose of suspicion, *Scheherazade Goes West* offers an invigorating, candid, and entertaining new perspective on the themes and ideas to which Betty Friedan first turned us on nearly forty years ago.

The Concubine, the Princess, and the Teacher 2010-01-01 In the Western imagination, the Middle Eastern harem was a place of sex, debauchery, slavery, miscegenation, power, riches, and sheer abandon. But for the women and children who actually inhabited this realm of the imperial palace, the reality was vastly different. In this collection of translated memoirs, three women who lived in the Ottoman imperial harem in Istanbul between 1876 and 1924 offer a fascinating glimpse "behind the veil" into the lives of Muslim palace women of the late nineteenth and early twentieth centuries. The memoirists are Filizten, concubine to Sultan Murad V; Princess Ayse, daughter of Sultan Abdulhamid II; and Safiye, a schoolteacher who instructed the grandchildren and harem ladies of Sultan Mehmed V. Their recollections of the Ottoman harem reveal the rigid protocol and hierarchy that governed the lives of the imperial family and concubines, as well as the hundreds of slave women and black eunuchs in service to them. The memoirists show that, far from being a place of debauchery, the harem was a family home in which polite and refined behavior prevailed. Douglas Brookes explains the social structure of the nineteenth-century Ottoman palace harem in his introduction. These three memoirs, written across a half century and by women of differing social classes, offer a fuller and richer portrait of the Ottoman imperial harem than has ever before been available in English.

Dreams Of Trespass Fatima Mernissi 1995-09-04 This "wonderful and enchanting" memoir tells the revelatory true story of one Muslim girl's life in her family's French Moroccan harem, set against the backdrop of World War II (The New York Times Book Review). "I was born in a harem in 1940 in Fez, Morocco..." So begins Fatima Mernissi in this illuminating narrative of a childhood behind the iron gates of a domestic harem. In *Dreams of Trespass*, Mernissi weaves her own memories with the dreams and memories of the women who surrounded her in the courtyard of her youth -- women who, without access to the world outside, recreated it from sheer imagination. A beautifully written account of a girl

confronting the mysteries of time and place, gender and sex, *Dreams of Trespass* illuminates what it was like to be a modern Muslim woman in a place steeped in tradition.

Dressing Modern Frenchwomen Mary Lynn Stewart 2020-03-03 At a glance, high fashion and feminism seem unlikely partners. Between the First and Second World Wars, however, these forces combined femininity and modernity to create the new, modern French woman. In this engaging study, Mary Lynn Stewart reveals the fashion industry as an integral part of women's transition into modernity. Analyzing what female columnists in fashion magazines and popular women novelists wrote about the "new silhouette," Stewart shows how bourgeois women feminized the more severe, masculine images that elite designers promoted to create a hybrid form of modern that both emancipated women and celebrated their femininity. She delves into the intricacies of marketing the new clothes and the new image to middle-class women and examines the nuts and bolts of a changing industry—including textile production, relationships between suppliers and department stores, and privacy and intellectual property issues surrounding ready-to-wear couture designs. *Dressing Modern Frenchwomen* draws from thousands of magazine covers, advertisements, fashion columns, and features to uncover and untangle the fascinating relationships among the fashion industry, the development of modern marketing techniques, and the evolution of the modern woman as active, mobile, and liberated.

Empress of the East Leslie Peirce 2017-09-19 The "fascinating . . . lively" story of the Russian slave girl Roxelana, who rose from concubine to become the only queen of the Ottoman empire (New York Times). In *Empress of the East*, historian Leslie Peirce tells the remarkable story of a Christian slave girl, Roxelana, who was abducted by slave traders from her Ruthenian homeland and brought to the harem of Sultan Suleyman the Magnificent in Istanbul. Suleyman became besotted with her and foreswore all other concubines. Then, in an unprecedented step, he freed her and married her. The bold and canny Roxelana soon became a shrewd diplomat and philanthropist, who helped Suleyman keep pace with a changing world in which women, from Isabella of Hungary to Catherine de Medici, increasingly held the reins of power. Until now Roxelana has been seen as a seductress who brought ruin to the empire, but in *Empress of the East*, Peirce reveals the true history of an elusive figure who transformed the Ottoman harem into an institution of imperial rule.

Islam And Democracy Fatima Mernissi 2009-03-05 Is Islam compatible with democracy? Must fundamentalism win out in the Middle East, or will democracy ever be possible? In this now-classic book, Islamic sociologist Fatima Mernissi explores the ways in which progressive Muslims--defenders of democracy, feminists, and others trying to resist fundamentalism--must use the same sacred texts as Muslims who use them for violent ends, to prove different views. Updated with a new introduction by the author written in the wake of the September 11 terrorist attacks on the United States, *Islam and Democracy* serves as a guide to the players moving the pieces on the rather grim Muslim chessboard. It shines new light on the people behind today's terrorist acts and raises provocative questions about the possibilities for democracy and human rights in the Islamic world. Essential reading for anyone interested in the politics of the Middle East today, *Islam and Democracy* is as timely now as it was upon its initial, celebrated

publication.

Decadent Genealogies Barbara Spackman 2018-03-15 Barbara Spackman here examines the ways in which decadent writers adopted the language of physiological illness and alteration as a figure for psychic otherness. By means of an ideological and rhetorical analysis of scientific as well as literary texts, she shows how the rhetoric of sickness provided the male decadent writer with an alibi for the occupation and appropriation of the female body.

Beyond the Veil, Revised Edition Fatima Mernissi 1987-04-22 From the writing of her first book, *Beyond the Veil: Male-Female Dynamics in Modern Muslim Society* in 1975, Mernissi has sought to reclaim the ideological discourse on women and sexuality from the stranglehold of patriarchy. She critically examines the classical corpus of religious-juristic texts, including the Hadith, and reinterprets them from a feminist perspective. In her view, the Muslim ideal of the silent, passive, obedient

woman has nothing to do with the authentic message of Islam. Rather, it is a construction of the 'ulama', the male jurists-theologians who manipulated and distorted the religious texts in order to preserve the patriarchal system. Mernissi's work explores the relationship between sexual ideology, gender identity, sociopolitical organization, and the status of women in Islam; her special focus, however, is Moroccan society and culture. As a feminist, her work represents an attempt to undermine the ideological and political systems that silence and oppress Muslim women.
