Guide to Reprints 2008

Nelida Marie d'Agoult 2012-02-01 A scandalous bestseller of mid-nineteenth-century France, translated here for the first time into English. *The Critic as Amateur* Saikat Majumdar 2019-09-19 Can the criticism of literature and culture ever be completely professionalized? Does criticism retain an amateur impulse even after it evolves into a highly specialized discipline enshrined in the university? The Critic as Amateur brings leading and emerging scholars together to explore the role of amateurism in literary studies. While untrained reading has always been central to arenas beyond the academy □ book clubs, libraries, used bookstores □ its role in the making of professional criticism is often disavowed or dismissed. This volume, the first on the critic as amateur, restores the links between expertise, autodidactic learning and hobbyist pleasure by weaving literary criticism in and out of the university. Our contributors take criticism to the airwaves, through the culture of early cinema, the small press, the undergraduate classroom and extracurricular writing groups. Canonical critics are considered alongside feminist publishers and queer intellectuals. The Critic as Amateur is a vital book for readers invested in the disciplinary history of literary studies and the public role of the humanities. It is also a crucial resource for anyone interested in how literary criticism becomes a richly diverse yet shared discourse in the 20th and 21st centuries.

Racan (1589-1670) Historie Anecdotique Ert Critique de Sa Vie Et de Ses Ceuvres (1970)

Rediscovering French Science-Fiction in Literature, Film and Comics

Philippe Mather 2016-02-29 French science-fiction (SF) is as old as the French language. Cyrano de Bergerac wrote about a trip to the moon that was published back in 1657, as did Jules Verne in 1865, this time using hard, scientific facts. The first movie showing a trip to the moon was made by Georges Méliès in 1902. In the comics' format, Hergé had Tintin walk on the moon in 1954, 15 years before Neil Armstrong. These are just a few of the many unique French contributions to SF that rightly deserve to be better known. One of the purposes of this collection is to introduce French SF to an English-speaking audience. Rediscovering French Science Fiction... first revisits proto science-fiction from authors like Cyrano de Bergerac and Jules Verne, before delving into contemporary science-fiction works from authors such as René Barjavel and Jacques Spitz. A contribution from preeminent SF author Élisabeth Vonarburg, from Québec, helps to understand the constraints and advantages of writing SF in French. A third section is devoted to French SF in movies and graphic novels, media where French creators have been recognized worldwide. This collection explores many aspects of French SF, including the genre's deep roots in popular culture, the influence of key authors on its historical development, and the form and function of science and fantasy, as well as the impact of films and graphic novels on the public perception of the genre's nature.

Bossuet: Politics Drawn from the Very Words of Holy Scripture Jacques Bénigne Bossuet 1990 This 1991 book was the first ever English rendition of the classic statement of divine right absolutism, published in 1707. Jacques-Benigne Bossuet argues in the Politics that a general society of the entire human race, governed by Christian charity, has given way (after the Fall) to the necessity of politics, law, and absolute hereditary monarchy. That monarchy - seen as natural, universal and divinely ordained (beginning with David and Solomon) is defended in the first half of the book. The last part, added soon before Bossuet's death, goes on to take up the rights of the Church, the distinction between absolutism and arbitrariness, and causes of just war. Patrick Riley has provided full supporting materials including a chronology, guide to further reading, and a lucid introduction placing Bossuet in his historical and intellectual context.

Humor in the Caribbean Literary Canon S. Vásquez 2012-08-06

Humor in the Caribbean Literary Canon intimately examines Caribbean writers who engage canonical Western texts and forms, while using humor to challenge Western representations of people of African descent.
