Dictionnaire des termes anciens Pierre Rousselin 2018-12-17 Qui ne s'est jamais demandé au détour d'une phrase le sens exact de certains termes qualifiés de « vieillis » ? Ce dictionnaire propose plus de 7 000 entrées classées par ordre alphabétique pour expliquer et resituer ces mots anciens, dont la définition ne se trouve nulle part ailleurs que dans cette synthèse de plus de 200 ouvrages anciens. Chaque mot est expliqué avec son étymologie et une définition est donnée avec sa source. Des pictogrammes illustrant les métiers de la forêt et du bois permettent un accès facile et rapide à l'information. L'auteur nous invite à un voyage dans le temps pour mieux comprendre l'évolution de forme, de sens et d'usage des termes forestiers, mais aussi à la découverte des significations des noms de famille, des lieux, ou des spécificités régionales. Métiers présents dans ce Dictionnaire : agriculteur, allumetier, arboriculteur, architecte, avironnier, balaitier, bardelier, boisselier, botaniste, bouchonnier, bûcheron, cendrier, cerclier, chaisier,

charbonnier, charpentier, charretier, charron, chasseur, coffretier, ébéniste, écorceur ou leveur de tan, équarisseur, fendeur, flotteur, forestier, fontainier, fouettier, galochier, garde forestier, gemmeur, juriste, leveur de liège, ligotier, luthier, manchiste, menuisier, merrandier, mineur, modeleur-formier, mytiliculteur, oribanier, pesselier, pépiniériste, résinier, rouettier, sabotier, scieur, sculpteur, tabletier, tonnelier, tourneur, treillageur, sylviculteur, vannier, vaselier.

The Order of the Golden Tree Carol Mary Chattaway 2006 This book explores the policy objectives underlying the gift of this Order, to sixty men, on January 1 1403. Drawing primarily on Philip's household accounts, it undertakes complementary iconographical and prosopographical analyses (of the Order insignia's form, materials, design and motto; and of distinguishing common features among its recipients), refined by reference to his policy concerns around the occasion of its bestowal, to test seven hypotheses. The evidence from the analyses enables six of these (that it was purely decorative; a courtly conceit; crusade-related; a military chivalric order; a livery badge; or a military alliance) progressively to be discarded, pointing strongly to the seventh, that the Order was a specific policy alliance, designed in fashionable form, to obscure its politically sensitive purpose. The nature of that purpose then permits a revision of Philip's role in history, particularly in relation to the creation of an independent Burgundian state, and the use of a co-ordinated propaganda campaign of slogan, badge, and supporting literature, to legitimise and popularise his plans. The analytical approach also offers insights into the significance of decorative, material gift-giving; the identification of networks; Christine de Pisan's earlier political writings, and the origins of the Order of the Golden Fleece. Carol Chattaway is Honorary Research Assistant at the Royal College of Art and University College, London University. She researches on the political significance of material objects at the Burgundian Court, in the later middle ages.

Health Systems in Transition Gregory P. Marchildon 2006-01-01 The health care system in Canada is much-touted in the international sphere, but often overlooked when it comes to an examination of its actual administration and regulation. *Health Systems in Transition: Canada* provides an objective description and analysis of the public, private, and mixed components that make up health care in Canada today. Published in co-operation with the World Health Organization Regional Office for Europe on behalf of the European Observatory on Health Systems and Policies, Gregory P. Marchildon's study offers a statistical and visual description of the many facets of Canadian health care financing, administration, and service delivery. This study's most distinctive feature is a comparative description and analysis. For international comparison, five other countries have been selected: The United States, Australia, the United Kingdom, France, and Sweden. Because public health care administration and delivery is highly decentralized in Canada, Marchildon also analyzes the important health status and health care features within Canada by province and territory, and describes in some detail the unique constitutional, jurisdictional, and financial features of the Canadian system. Balancing careful assessment, summary, and illustration, *Health Systems in Transition: Canada* is a thorough and illuminating look at one of the nation's most complex institutions. *The Edinburgh Gazetteer, Or Compendious Geographical Dictionary ... Abridged from the Larger Work in Six Volumes, Etc* 1824

Reference World Atlas DK 2013-10-01 A beautifully clear, detailed, and fully revised and updated guide, DK's Reference World Atlas gives a superb overview of all the world's regions. Providing a detailed reference map set, the atlas also features computer-generated terrain-modeled maps and the landscapes, bringing an all-new dimension to cartography. This ninth edition of DK's respected Reference World Atlas includes all recent border, place name, and flag changes from around the world, including the emerging state of South Sudan.

Nutrition and Growth D. Turck 2020-01-28 Children's growth is a common concern to all health care providers treating neonates, infants, toddlers, children, and adolescents. Defining the best nutrition for healthy and active children as well as for those who suffer from acute or chronic disease is relevant to the children, their care givers, and to health care providers. For this publication, an international group of experts in nutrition, metabolism, gastroenterology, endocrinology, and auxology have selected some of the most important manuscripts published between July 2018 and June 2019. Each paper is supplemented with editorial comments aiming to highlight the lessons that can be learnt. This book provides a significant contribution to the knowledge base and will help all subspecialties of health care providers dealing with the pediatric age group to get updated on some of the key issues in the interaction between nutrition and growth.
