Smuggling laid open in all its Extensive and Destructive Branches ... The second edition Sir Stephen Theodore JANSSEN 1767

*The Life of a Smuggler* Helen Hollick 2019-04-30

Perfect for maritime historians and fans of Poldark, a look at the true history behind the legends built around smugglers. "Brandy for the parson, baccy for the clerk . . ." We have an image, mostly from movies and novels, of a tall ship riding gently at anchor in a moonlit, secluded bay with the "Gentleman" cheerfully hauling kegs of brandy and tobacco ashore, then disappearing silently into the night shadows to hide their contraband from the excise men in a dark cave or a secret cellar. But how much of the popular idea is fact and how much is fiction? Smuggling was big business—it still is—but who were these derring-do rebels of the past who went against paying taxes on the importation of luxury goods? Who purchased the illicit contraband? How did smugglers operate? Where were the most notorious locations? Was it profitable, or just an inevitable path to arrest and the hangman's noose? Author Helen Hollick attempts to answer these queries and more.

**Rumrunning in Suffolk County** Amy Kasuga Folk 2022-06-20 Nicknamed "Liquor Island,"

Long Island was rumrunner's paradise during Prohibition. With its proximity to major markets and coastal communities for easy transit, Suffolk County was awash in illegal hooch. Smugglers bringing cases of booze from offshore often secretly hid product temporarily in local garages and sheds, leaving a bottle as a thank-you. Coded communication crisscrossed the county on shortwave radios arranging sales and logistics. Violence from criminal outfits disrupted previously quiet towns, as locals too often were swept up in dangerous unintentional engagements with bootleggers. Pour one out and join author Amy Kasuga Folk as she recounts stories from Suffolk County's Prohibition era *Smugglers of the Suffolk Coast* Leonard P. Thompson 1968

Smugglers, Bootleggers, and Scofflaws Ellen

NicKenzie Lawson 2013-12-01 Uses previously unstudied Coast Guard records for New York City and environs to examine the development of Rum Row and smuggling in New York City during Prohibition. With the passage of the Eighteenth Amendment, [drying up] New York City promised to be the greatest triumph of the proponents of Prohibition. Instead, the city remained the nation's greatest liquor market. *Smugglers, Bootleggers, and Scofflaws* focuses on liquor smuggling to tell the story of Prohibition in New York City. Using previously unstudied Coast Guard records from 1920 to 1933 for New York City and environs, Ellen NicKenzie Lawson examines the development of Rum Row and smuggling via the coasts of Long Island, the Long Island Sound, the Jersey shore, and along the Hudson and East Rivers. Lawson demonstrates how smuggling syndicates on the Lower East Side, the West Side, and Little Italy contributed to the emergence of the Broadway Mob. She also explores New York City's scofflaw population—patrons of thirty thousand speakeasies and five hundred nightclubs—as well as how politicians Fiorello La Guardia, James [Jimmy] Walker, Nicholas Murray Butler, Pauline Morton Sabin, and Al Smith articulated their views on Prohibition to the nation. Lawson argues that in their assertion of the freedom to drink alcohol for enjoyment, New York's smugglers, bootleggers, and scofflaws belong in the American tradition of defending liberty. The result was the historically unprecedented step of repeal of a constitutional amendment with passage of the Twenty-first Amendment in 1933.

**Mayhem** Nicholas Rogers 2013-01-08 After the end of the War of Austrian Succession in 1748, thousands of unemployed and sometimes unemployable soldiers and seamen found themselves on the streets of London ready to roister the town and steal when necessary. In this fascinating book Nicholas Rogers explores the moral panic associated with this rapid demobilization. Through interlocking stories of duels, highway robberies, smuggling, riots, binge drinking, and even two earthquakes, Rogers captures the anxieties of a half-decade and assesses the social reforms contemporaries framed and imagined to deal with the crisis. He argues that in addressing these events, contemporaries not only endorsed the traditional

sanction of public executions, but wrestled with the problem of expanding the parameters of government to include practices and institutions we now regard as commonplace: censuses, the regularization of marriage through uniform methods of registration, penitentiaries and police forces.

**The Fine Art of Smuggling** E. Keble Chatterton 2016-12-30 THE book on 18th Century Smuggling. Written by one of the leading authorities on nautical history. It is difficult to pick up a modern nautical adventure series without at some point coming across a plot line that deals with "The Smugglers." Whether the hero of the story is "for 'em" or "again 'em," the plot lines will be there. But who were these smugglers? How did they become so successful? How did the King's Revenue Service try to stop them; and why was it all so important? E. Keble Chatterton has written the definitive book on this period. Working from old manuscripts, logs and journals, he has reconstructed the details of how it worked—and why it worked the way it did. Sometimes the King's cutters chased the smugglers—and sometimes the smugglers (literally) chased the King's cutters. Either way, it was a wild time in Britain's nautical history. *The Fine Art of Smuggling* is based on Chatterton's 1912 book: *King's Cutters and Smugglers: 1700-1855*, and is being reissued here as a Fireship Press Contemporized Classic. With 33 Illustrations. *Old Friends and New Acquaintances* Agnes Strickland 1860

*Bloody British History: Suffolk* Robert Leader 2014-12-01 Death, Danes and disaster in Dark Age Ipswich! The castles are burning! Attacks, rebellions, battles and wars in ancient Suffolk! Queen of Blood and Fire! The dark days of Bloody Mary revealed! Sea of blood! Smugglers, sea battles, U-Boats and invasions along the Suffolk coast! The Zeppelins are coming! Bombs and bodies in the First World War! Suffolk has one of the most amazing histories of any British county. Betrayals, conspiracies and invasions have left their mark on this eastern frontier. Discover how vicious power struggles between the Danes and the Vikings shaped the history of not just the county, but the United Kingdom as a whole. Read of the troublesome Bigod dynasty, the Suffolk city under the sea and the strange

story of the thousands of burnt corpses that washed up on the county's beaches during the Second World War. Discover the dark truth inside!

**God's Bestseller** Brian Moynahan 2014-03-18  
The English Bible--the most familiar book in our language--is the product of a man who was exiled, vilified, betrayed, then strangled, then burnt. William Tyndale left England in 1524 to translate the word of God into English. This was heresy, punishable by death. Sir Thomas More, hailed as a saint and a man for all seasons, considered it his divine duty to pursue Tyndale. He did so with an obsessive ferocity that, in all probability, led to Tyndale's capture and death. The words that Tyndale wrote during his desperate exile have a beauty and familiarity that still resonate across the English-speaking world: "Death, where is thy sting?...eat, drink, and be merry...our Father which art in heaven." His New Testament, which he translated, edited, financed, printed, and smuggled into England in 1526, passed with few changes into subsequent versions of the Bible. So did those books of the Old Testament that he lived to finish. Brian Moynahan's lucid and meticulously researched biography illuminates Tyndale's life, from his childhood in England, to his death outside Brussels. It chronicles the birth pangs of the Reformation, the wrath of Henry VIII, the sympathy of Anne Boleyn, and the consuming malice of Thomas More. Above all, it reveals the English Bible as a labor of love, for which a man in an age more spiritual than our own willingly gave his life.

Smuggling on the South Coast Chris McCooey 2012-03-15 Tracing the history of open smuggling along the south coast.

The beautiful county of Suffolk is one of the most visited of English counties. Here is a collection of strange tales and local legends from the county.

**The English Coast** Peter Murphy 2011-10-20

This book examines the interaction between people and the coast of England. It spans from 700,000 years ago, and the earliest evidence of humans in this remote corner of north-west Europe, to the end of the 20th century. The coastline has witnessed interesting and significant events throughout history and looks set to do so in the future. Often it is the first place where changes can be seen, for example the effects of climate change. It is also where evidence for human adaptation to environmental changes can most readily be seen. The coast has, of course, also been a cultural contact zone for millennia in terms of trade, industry, immigration and conflict. We are certainly at a time of great environmental and economic transition, so it is apt to now take a long view and place current events in context. Some changes happening today may seem unprecedented but in fact are not, while others are entirely new. One thing we can be sure of is that the coast and sea will become increasingly important to us, both as an economic benefit and as a threat.

1714-1815 Henry Duff Traill 1909

Tracing Your East Anglian Ancestors Gill

Blanchard 2009-09-19 Gill Blanchard's practical and informative handbook will help you to trace your ancestors in the traditional counties of East Anglia - Norfolk, Suffolk, Cambridgeshire and Essex and it will give you a fascinating insight into their lives. As well as guiding the researcher to historical records held in all the relevant archives, she explores the wealth of other resources that add the 'flesh to the bones' of our ancestors' lives. She describes how fascinating information can be discovered about the places they lived in and the important historical events they lived through, and she traces the life stories of notable people from all backgrounds who shaped the regions development over the centuries. Her account highlights East Anglia's diversity but also focuses on its common features and its strong sense of identity. She

starts with a general introduction to its history and geography, then goes on to focus on different aspects of its rich past. In the process she illustrates a wide array of additional research resources that will be revealing for readers who want to find out more about all aspects of life in this area of England.

**Customs and Excise** William J. Ashworth 2003  
This book traces the growth of customs and excise, and their integral role in shaping the framework of industrial England; including state power, technical advance, and the evolution of a consumer society. Central to this structure was the development of two economies - one legal and one illicit. If there was a unique English pathway of industrialization, it was less a distinct entrepreneurial and techno-centric culture, than one predominantly defined within an institutional framework spearheaded by the excise and a wall of tariffs. This process reached its peak by the end of the 1770s. The structure then quickly started to crumble under the weight of the fiscal-military state, and Pitt's calculated policy of concentrating industrial policy around cotton, potteries, and iron - at the expense of other taxed industries. The breakthrough of the new political economy was the erosion of the illicit economy; the smugglers' free trade now became the state's most powerful weapon in the war against non-legal trade. If at the beginning of the period covered by this book state administration was predominantly deregulated and industry regulated, by the close the reverse was the case.

**Suffolk Folk Tales** Kirsty Hartsiotis 2013-05-01  
With its wild eroding sea, its gentle rolling fields and tall churches, Suffolk is a county of contrasts. It may seem a kindly and civilised place, but in that sea, in the reed beds, the woods and even down dark town streets lurk strange beasts, ghosts and tricksters. These thirty traditional tales retold by storyteller Kirsty Hartsiotis take you into a hidden world of green children and wildmen, of lovers from beyond the grave and tricky fairy folk. Shaped by generations of Suffolk mardle and wit, in these stories you'll discover the county's last dragon, the secret behind Black Shuck, saintly King Edmund and heroic King Raedwald, haunted airfields, broken-hearted mermaids and the exploits of the county's cunning folk. Embark on

this journey around Suffolk and you'll find you're never far from a story.

**To Begin the World Over Again** Matthew Lockwood 2019-10-22  
The first exploration of the profound and often catastrophic impact the American Revolution had on the rest of the world. While the American Revolution led to domestic peace and liberty, it ultimately had a catastrophic global impact—it strengthened the British Empire and led to widespread persecution and duress. From the opium wars in China to anti-imperial rebellions in Peru to the colonization of Australia—the inspirational impact the American success had on fringe uprisings was outweighed by the influence it had on the tightening fists of oppressive world powers. Here Matthew Lockwood presents, in vivid detail, the neglected story of this unintended revolution. It sowed the seeds of collapse for the preeminent empires of the early modern era, setting the stage for the global domination of Britain, Russia, and the United States. Lockwood illuminates the forgotten stories and experiences of the communities and individuals who adapted to this new world in which the global balance of power had been drastically altered.

**Whispers in the Shingle** Bridget M. Beauchamp 2023-02-28  
1780. A time when graceful sailing ships plied the waters of the North Sea by day, but engaged lawlessness and subterfuge against His Majesty's excisemen by night. Kate Goldsmith, a young woman from Orford, falls in love with a dashing young sailor, but there is more to him than first appears.

**The History and Extraordinary Adventures of Margaret Catchpole, a Suffolk Girl**

Richard Cobbold 1846

**Alternative Business** Martin Parker 2013-03-01  
From Robin Hood to Jack Sparrow from Pirates of the Caribbean, outlaws have been a central part of 800 years of culture. These are characters who criticise the power of those in the castle or the skyscraper, and earn their keep by breaking the law. Outlaws break categories too. They are fact and fiction, opposition and product, culture and economy, natural justice and organized crime. Beginning with Robin Hood stealing from the rich, and covering along the way pirates, smugglers, highwaymen, the Wild West, the Mafia and many

others, Martin Parker offers a fresh and exciting insight into the counter culture of the outlaw – one that rebels against the more dominant and traditional forms of economy and organization and celebrates a life free from wage slavery. *Alternative Business* is a highly readable, entertaining book that will prove a helpful study tool for all students and lecturers working on organizations, cultural studies and criminology. *The Smugglers' Century* Hervey Benham 1986
