The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Turn Your Talents Into Profits Darcie Sanders 1998 There seems to be no dearth of suggestions for making money at home, as the growing number of books devoted to the topic proves. But how many of these ideas are practical and creative at the same time? The experienced team of Sanders and Bullen not only describes more than 100 of the more unusual business vocations, but also interviews quite a few practitioners and lists specific resources to consult. Each entry includes a lengthy explanation of the job, and its duties and responsibilities, along with a top tip (e.g., for aspiring dog or cat breeders, it's suggested as an adjunct to other pet-related businesses, not as a solo venture), getting started, and the going rate. Sure to provoke chuckles are some of the recommendations, albeit all bona fide, such as a garden goosewear designer (yes, for concrete birds) and a beekeeper (no stings in this thought). Good information, well presented.

Popular Mechanics 1978-01 Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Investing in Real Estate Gary W. Eldred

2009-10-02 A fully revised, new edition of one of the bestselling real estate investing guides of all time Through its five previous editions, Investing in Real Estate has shown investors how to intelligently build wealth with their investments in houses, condominiums, and small apartment buildings. Unlike many titles in this genre, Investing in Real Estate steers clear of the hyped-up “no cash, no credit, no problem” promises. Instead, it provides sound, real-world advice and instruction that reflects the author’s time-tested wisdom and experience. This book shows you how to invest profitably, safely, and reliably as you navigate the risks and opportunities of today’s property market. It covers all the topics investors need to master, including how to find, negotiate, finance, lease out, and manage your property acquisitions. Plus, you will discover how to add tens of thousands of dollars of value to nearly any property. Whether you plan to start investing or move your current investing strategy to a higher level, two decades of sales success testifies to the fact that this investing guide stands superior to any others that you will find. This new edition covers all the recent changes in the market, including the latest housing rescue legislation from Congress, a historical review of how to profit from property cycles, and insightful new ways to gain from the current excess inventories of for-sale properties, foreclosures, and REOs. • Author Gary W. Eldred has also authored ten other successful real estate titles, including The Beginner’s Guide to Real Estate Investing, The 106 Mistakes Homebuyers Make—and How to Avoid Them, and The 106 Mortgage Secrets that All Borrowers Must Learn—but Lenders Don’t Tell • Completely revised to cover current ways to prosper in today’s property markets • Includes new, insider techniques for foreclosure investing • Features fifteen new ways to profit with property investments • Shows you how to buy properties for less than they are worth from many sources including auctions, bank sales, and homebuilders Investing in Real Estate, Sixth

Edition retains its premier position as the most reliable, informative, and comprehensive guides to successful real estate investing.

Popular Science 1940-04 Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.

Popular Mechanics 1939-11 Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it’s practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

Library Journal 1993-07
