William Pitt, Earl of Chatham

Albert von Ruville 1907

Anecdotes of the Life of the Right Honourable William Pitt, Earl Chatham John

Almon 1792

Character of the Earl of Chatham William Pitt (Earl of Chatham) 1778

The Earl of Chatham (Classic Reprint) Thomas Babington Macaulay 2016-12-21 Excerpt from *The Earl of Chatham* His mind was saturated with the literature of the eighteenth century not only with the productions of the best minds, but also with the ephemeral rubbish which has no other

merit than that of recording the changes in public opinion. Every actor who appeared, in however umble a capacity, upon the stage of politics from the beginnings of Bolingbroke to the end of William Pitt the younger, had a place in the portrait gallery of his imagination. He understood the workings of their minds. Their ideas on every subject of importance were familiar to him, and, what was more, congenial to his own robust and concrete intellect. The political game which absorbed so many of them was one which he himself had played and never ceased to relish and few writers have ever threaded the maze of party intrigue, or fathomed the depths of political morality, with a more hearty zest. For the motives which make traitors or turncoats he had that fineness of scent which is more common among satirists than historians. And like the satirist he took delight in unmasking the inconsistencies, the hypocrisies, the little falsehoods, tricks and turns to

The Poor Man's Prayer.

Addressed to the Earl of Chatham. An Elegy Simon Hedge 1766

The Late Lord Jacqueline Reiter 2017-01-30 This biography of the second Earl of Chatham looks beyond his famous military failure to reveal one of the early nineteenth century's most fascinating figures. John Pitt, 2nd Earl of Chatham, is one of the most enigmatic and overlooked figures of early nineteenth century British history. The elder brother of Pitt the Younger, he has long been consigned to history as the late Lord Chatham, the lazy commander-in-chief of the 1809 Walcheren expedition, whose inactivity and incompetence turned what should have been an easy victory into a disaster. In *The Late Lord*, Jacqueline Reiter presents a more nuanced and

revealing portrait. During a twenty-year career at the heart of government, Pitt served in several important cabinet posts such as First Lord of the Admiralty and Master-General of the Ordnance. Yet despite his closeness to the Prime Minister and friendship with the Royal Family, political rivalries and private tragedy hampered his ascendance. Paradoxically for a man of widely admired diplomatic skills, his downfall owed as much to his personal insecurities and penchant for making enemies as it did to military failure. Using a variety of manuscript sources to tease Chatham from the records, this biography peels away the myths and places him for the first time in proper familial, political, and military context. It breathes life into a much-maligned member of one of Britain's greatest political dynasties, revealing a deeply flawed man trapped in the shadow of his illustrious relatives.

The Speeches of the Right Honourable the Earl of Chatham in the Houses of Lords and Commons (Classic Reprint) William Pitt 2015-07-09 Excerpt from The Speeches of the Right Honourable the Earl of Chatham in the Houses of Lords and Commons William Pitt, first Earl of Chatham, was born on the 15th of November,

1708, in the parish of St. James, in the city of Westminster. He was the second son of Robert Pitt, Esq., of Boconnoc, near Lostwithiell in the county of Cornwall; and of Harriet Villiers, sister of the Earl of Grandison, an Irish peer. His grandfather was Governor of Madras, and subsequently of Jamaica, and sat during four Parliaments for Old Sarum and Thirsk. This gentleman is more generally known as the possessor of the celebrated diamond called the Pitt diamond, which was purchased by the Regent Orleans for the King of France. William Pitt was sent to Eton at an early age, and placed upon the foundation of that celebrated establishment. Among others whose names subsequently became distinguished, he there had for his contemporaries George, afterwards Lord Lyttelton; Henry Fox, afterwards Lord Holland; and Henry Fielding. After leaving Eton, Pitt went to Trinity College, Oxford, where he devoted the principal portion of his time to the study

William Pitt, Earl of Chatham, and the Growth and Division of the British Empire, 1708-1778 (Classic Reprint) Walford Davis Green

2017-10-31 Excerpt from William Pitt, Earl of Chatham, and the Growth and Division of the British Empire, 1708-1778

As regards the latter half Of Chatham's life, and his connection with the resistance of the American colonies, the History of America edited by Dr. Win sor is the most comprehensive authority. I desire especially to mention two recent works illustrating this period: The Literary History of the American Revolution 1763 - 1783, by Professor Coit Tyler, and A Short History of British Colonial Policy, by Mr. H. E. Egerton. A brochure by Herr von Raville, William Pitt and Graf Bute (berlin, sets forth a novel and interesting theory of the connection between the two men, and attempts to provethat Bute as well as Pitt was prosecuting a national policy. An ingenious American writer and an Irish scholar have sought to show that Lord Chatham was the author of the 9'unius letters, but I have resisted the temptation to discuss their theory.
