Raising a Happy, Healthy and Well-Adjusted Cat J.D. Rockefeller 2015-11-25 Are you excited about the kitten that you just brought home? You

surely are! Kittens are cute and they can be delightful pets. But just like other animals, you will need to take good care of them. You want your cat to be healthy, happy and well-adjusted to your home and your family. This takes some patience and some caution. Cats tend to learn how to interact with the world within the first 12 weeks of their lives. This means that you will need to train and get your kitten ready for your home before it is 12 weeks old. Of course, you can still train an older kitten, but the first 12 weeks are definitely crucial. If you teach your cat during this time what you expect from her, your work will definitely become much easier later. But what do you do? Do you need to bathe your cat? Do you brush her teeth? How do you keep her safe indoors and outdoors? Do you clip her claws? How do you keep her entertained? So many questions can definitely leave you confused! But worry not; this handy guide will help you get started on raising a happy, health and well-adjusted cat.

Here, in one complete authoritative guide, those elusive mysteries are solved. Why does my cat lick my hair? Why does the cat only want attention when I'm on the phone? How can I introduce my cat to my new dog? How can I get my cat to like my new husband?? Her books are bibles, but her fans and owners still flood her website and social media platforms with questions on topics that

perplex them. Catwise combines the questions that come up most often with answers to help you solve your cat's behavior problems (or head them off before they start), or simply improve the relationship you have with your cat.

avoidance and aggression arise when cats lack this confidence. Jordan Clinton's number one piece of advice to his clients is to help their cats harness their mojo. This book is a comprehensive guide to cat training, basic care, and nutrition. It is deeply rooted in understanding cats better. From getting kittens off to become social, to taking care of cats, and the head-to-toe physical and emotional needs of cats. Furthermore, you're in control of what your feline enjoys as treats.
