Feeding the Dragon Chris Fenton 2020-07-28
“Paced like a thriller, with comparable doses of international intrigue and conflict, Chris Fenton’s bracingly candid business memoir *Feeding the Dragon* takes readers deep behind the scenes of Hollywood’s shaky foothold in China. Dealing at the highest levels with Chinese government officials and major American brands like Disney, Marvel, and the NBA, the former Olive Garden waiter-turned-entertainment-industry-power-broker disarmed and defied authorities on both sides of the superpower divide to make billions—and history. Thanks to a brisk, page-turning storytelling style and an evenhanded, insider-level perspective decades in the making, *Feeding the Dragon* manages to be both timeless and timely. Captivating details on Robert Downey Jr., LeBron James, Kurt Cobain, Michael Phelps, and Marvel Universe creative mastermind Kevin Feige (among others) will enthrall average fans and aspiring moguls alike. But the beating narrative heart remains Fenton’s down-to-earth recounting of a headline-making journey. Ultimately, the intrepid exec builds a compelling case for the power of “cultural diplomacy”: mutually-beneficial, soft power-

sharing exchanges as a better way forward than the hardliner battle lines being drawn across Beijing, Washington, and Los Angeles. Teeming with urgent insights about unlikely alliances and dangerous misperceptions, *Feeding the Dragon* is a must-read for anyone interested in the future of the US-China relationship and the bottom-line realities of show business and professional sports today. Even better, it’s a supremely entertaining ride for anyone who simply loves a great story.... Chris often told me about projects and plans off-the-record that I wouldn’t have reported on anyway, because they all seemed wildly improbable. Every single one came true. And now they’re all down on the page.” —Jamie Bryan, Fast Company contributor

[China’s Grand Strategy](#) Andrew Scobell 2020-07-27 To explore what extended competition between the United States and China might entail out to 2050, the authors of this report identified and characterized China’s grand strategy, analyzed its component national strategies (diplomacy, economics, science and technology, and military affairs), and assessed how successful China might be at implementing these over the next three decades.

Black Dragon River Dominic Ziegler 2016-11-08 "As the book's subtitle indicates, Mr. Ziegler uses one of the world's great rivers as a vehicle to pursue this story—and what a vehicle it is. . . . [He] writes beautifully, and with the fervor of a naturalist." —The Wall Street Journal "The writing is superb . . . a true labour of love, Black Dragon River is a triumph." —The Spectator Black Dragon River is a personal journey down one of Asia's great rivers that reveals the region's essential history and culture. The world's ninth largest river, the Amur serves as a large part of the border between Russia and China. As a crossroads for the great empires of Asia, this area offers journalist Dominic Ziegler a lens with which to examine the societies at Europe's only borderland with east Asia. He follows a journey from the river's top to bottom, and weaves the history, ecology and peoples to show a region obsessed with the past—and to show how this region holds a key to the complex and critical relationship between Russia and China today. One of Asia's mightiest rivers, the Amur is also the most elusive. The terrain it crosses is legendarily difficult to traverse. Near the river's source, Ziegler travels on horseback from the Mongolian steppe into the taiga, and later he is forced by the river's impassability to

other countries that it has economically and digitally colonized since the Economic Tsunami of 2008, through "Belt and Road Initiative" (BRI) to its "Digital Silk Road" (DSR). "Make Enterprise Great Again" digs into the foundations of capitalism and traces the ideals, triumphs and zeitgeist of the Roosevelt years in order to "Build Back Better" - and to save us from the impending Fourth Reich. Yeah! It's halftime, America!

The Burning God R. F. Kuang 2020-11-17 The exciting end to The Poppy War trilogy, R. F. Kuang's acclaimed, award-winning epic fantasy that combines the history of twentieth-century China with a gripping world of gods and monsters, to devastating, enthralling effect. After saving her nation of Nikan from foreign invaders and battling the evil Empress Su Daji in a brutal civil war, Fang Runin was betrayed by allies and left for dead. Despite her losses, Rin hasn't given up on those for whom she has sacrificed so much—the people of the southern provinces and especially Tikany, the village that is her home. Returning to her roots, Rin meets difficult challenges—and unexpected opportunities. While her new allies in the Southern Coalition leadership are sly and untrustworthy, Rin quickly realizes that the real power in Nikan lies with the millions of common people who thirst for vengeance and revere her as a goddess of salvation. Backed by the masses and her Southern Army, Rin will use every weapon to defeat the Dragon Republic, the colonizing Hesperians, and all who threaten the shamanic arts and their practitioners. As her power and influence grows, though, will she be strong enough to resist the Phoenix's intoxicating voice urging her to burn the world and everything in it?

Decoding the Virtual Dragon Timothy L. Thomas 2007 This work expands on "Dragon Bytes", the author's earlier work on Chinese information warfare (IW) activities from 1999-2003. It explains how Chinese IW concepts since 2003 fit into the strategic outlook practices, and activities of the People's Liberation Army (PLA). It offers IW explanations directly from the pens of Chinese experts. The Chinese authors discuss the application or relation of IW to strategic thought, the transformation plans of the People's Liberation

Army (PLA), the revolution in military affairs (RMA), and the revolution in knowledge warfare and cognition.

The "Inscrutably Chinese" Church Nathan Faries 2010-09-23 The 'Inscrutably Chinese' Church will move readers nearer to the Chinese Christian experience, help foreign readers to see more clearly how Chinese Christians view their government and themselves in relation to those ruling powers. It is the division between insider points of view and those from the outside to which the subtitle of this book refers, and this is a gap in understanding which this book attempts to close.

God's Double Agent Bob Fu 2013-10-01 Tens of millions of Christians live in China today, many of them leading double lives or in hiding from a government that relentlessly persecutes them. Bob Fu, whom the Wall Street Journal called "The pastor of China's underground railroad," is fighting to protect his fellow believers from persecution, imprisonment, and even death. God's Double Agent is his fascinating and riveting story. Bob Fu is indeed God's double

agent. By day Fu worked as a full-time lecturer in a communist school; by night he pastored a house church and led an underground Bible school. This can't-put-it-down book chronicles Fu's conversion to Christianity, his arrest and imprisonment for starting an illegal house church, his harrowing escape, and his subsequent rise to prominence in the United States as an advocate for his brethren. God's Double Agent will inspire readers even as it challenges them to boldly proclaim and live out their faith in a world that is at times indifferent, and at other times murderously hostile, to those who spread the gospel.

Revelation 1999-01-01 The final book of the Bible, Revelation prophesies the ultimate judgement of mankind in a series of allegorical visions, grisly images and numerological predictions. According to these, empires will fall, the "Beast" will be destroyed and Christ will rule a new Jerusalem. With an introduction by Will Self.

Empress Dowager Cixi Jung Chang 2013-10-29 A New York Times Notable Book Empress Dowager Cixi (1835–1908) is the most important woman in Chinese history. She ruled China for

decades and brought a medieval empire into the modern age. At the age of sixteen, in a nationwide selection for royal consorts, Cixi was chosen as one of the emperor's numerous concubines. When he died in 1861, their five-year-old son succeeded to the throne. Cixi at once launched a palace coup against the regents appointed by her husband and made herself the real ruler of China—behind the throne, literally, with a silk screen separating her from her officials who were all male. In this groundbreaking biography, Jung Chang vividly describes how Cixi fought against monumental obstacles to change China. Under her the ancient country attained virtually all the attributes of a modern state: industries, railways, electricity, the telegraph and an army and navy with up-to-date weaponry. It was she who abolished gruesome punishments like "death by a thousand cuts" and put an end to foot-binding. She inaugurated women's liberation and embarked on the path to introduce parliamentary elections to China. Chang comprehensively overturns the conventional view of Cixi as a diehard conservative and cruel despot. Cixi reigned during extraordinary times and had to deal with a host of major national crises: the Taiping and Boxer rebellions, wars with France and Japan—and an invasion by eight allied powers including Britain, Germany, Russia and the United States. Jung Chang not only records the Empress Dowager's conduct of domestic and foreign affairs, but also takes the reader into the depths of her splendid Summer Palace and the harem of Beijing's Forbidden City, where she lived surrounded by eunuchs—one of whom she fell in love, with tragic consequences. The world Chang describes here, in fascinating detail, seems almost unbelievable in its extraordinary mixture of the very old and the very new. Based on newly available, mostly Chinese, historical documents such as court records, official and private correspondence, diaries and eyewitness accounts, this biography will revolutionize historical thinking about a crucial period in China's—and the world's—history. Packed with drama, fast paced and gripping, it is both a panoramic depiction of the birth of modern China and an intimate portrait of a woman: as the concubine to a monarch, as the absolute

ruler of a third of the world's population, and as a unique stateswoman.

The Poppy War R. F. Kuang 2018-05-01 "I have no doubt this will end up being the best fantasy debut of the year [...] I have absolutely no doubt that [Kuang's] name will be up there with the likes of Robin Hobb and N.K. Jemisin." -- Booknest A Library Journal, Paste Magazine, Vulture, BookBub, and ENTROPY Best Books pick! Washington Post "5 Best Science Fiction and Fantasy Novel" pick! A Bustle "30 Best Fiction Books" pick! A brilliantly imaginative talent makes her exciting debut with this epic historical military fantasy, inspired by the bloody history of China's twentieth century and filled with treachery and magic, in the tradition of Ken Liu's *Grace of Kings* and N.K. Jemisin's *Inheritance Trilogy*. When Rin aced the Keju—the Empire-wide test to find the most talented youth to learn at the Academies—it was a shock to everyone: to the test officials, who couldn't believe a war orphan from Rooster Province could pass without cheating; to Rin's guardians, who believed they'd finally be able to marry her off and further their criminal enterprise; and to Rin herself, who realized she was finally free of the servitude and despair that had made up her daily existence. That she got into Sineward—the most elite military school in Nikan—was even more surprising. But surprises aren't always good. Because being a dark-skinned peasant girl from the south is not an easy thing at Sineward. Targeted from the outset by rival classmates for her color, poverty, and gender, Rin discovers she possesses a lethal, unearthly power—an aptitude for the nearly-mythical art of shamanism. Exploring the depths of her gift with the help of a seemingly insane teacher and psychoactive substances, Rin learns that gods long thought dead are very much alive—and that mastering control over those powers could mean more than just surviving school. For while the Nikara Empire is at peace, the Federation of Mugen still lurks across a narrow sea. The militarily advanced Federation occupied Nikan for decades after the First Poppy War, and only barely lost the continent in the Second. And while most of the people are complacent to go about their lives, a few are aware that a Third Poppy War is just a spark away . . . Rin's shamanic powers may be the only

way to save her people. But as she finds out more about the god that has chosen her, the vengeful Phoenix, she fears that winning the war may cost her humanity . . . and that it may already be too late.

Unrestricted Warfare Liang Qiao 2002 Three years before the September 11 bombing of the World Trade Center—a Chinese military manual called *Unrestricted Warfare* touted such an attack—suggesting it would be difficult for the U.S. military to cope with. The events of September 11 were not a random act perpetrated by independent agents. The doctrine of total war outlined in *Unrestricted Warfare* clearly demonstrates that the People's Republic of China is preparing to confront the United States and our allies by conducting "asymmetrical" or multidimensional attack on almost every aspect of our social, economic and political life.

Chinese Religiosities Mayfair Mei-hui Yang 2008-11-04 "Extraordinarily timely and useful. As China emerges as an economic and political world power that seems to have done away with religion, in fact it is witnessing a religious revival. The thoughtful essays in this book show both the historical conflicts between state authorities and religious movements and the contemporary encounters that are shaping China's future. I am aware of no other book that covers so much ground and can be used so well as an introduction to this important field."
