**This Present Moment** Mary Savig 2022-06-21 A highly illustrated, important volume inspired by the way craft artists have united during the COVID pandemic and engaged in artistic conversations about race, gender, and inclusivity. During the summer of 2020, the space outside the Renwick Gallery--the Smithsonian American Art Museum's dedicated museum for contemporary craft and decorative arts--became home to a new discussion about racial justice on Black Lives Matter Plaza. The curators at the

Renwick Gallery felt the need to align themselves with what was going on right outside the Gallery's door, the organizing rationale for understanding the objects presented in this volume, many of which are new acquisitions. The title is taken from Alicia Eggert's 2019-2020 eponymous neon work, and the 85 objects in the main plates section lead the reader from the idea of shelter, through layers of expanding spaces to the vast expanses of the universe. The volume looks at contemporary American craft "in the whirlwind of now" revealing possibilities for contemporary makers to respond to a more empathetic future.

**Goddess of the Last Minute** Robbi Eklow 2009-04-15 A funny thing happened on the way to the quilt show. . . . So the story invariably goes, because, where Robbi Joy Eklow (a.k.a. The Goddess of the Last Minute) goes, something funny is bound to happen--or simply to occur to her. As colorful and surprising as the quilts Robbi is famous for, the stories and reflections gathered here create an irresistible picture of an irrepressible character quilting and quipping her way through life. Filled with the kind of gems that have made her *Quilting Arts Magazine* column so popular, this book includes Robbi's musings on creativity and color, as well as on the trials and tribulations that every quilter faces. The Goddess of the Last Minute invites readers to take a wry look at those trials--and, with Robbi's wit and insight, turn them into the sort of crazy quilt that warms and brightens daily life. The story of how she became a Goddess, anecdotes of life on the road, encounters with fellow quilters: these and other often hilarious tales of a not-quite-charmed life make this quilter's compendium a delightful patchwork to contemplate, and to treasure.

**The African-American Experience in the Civilian Conservation Corps** Olen Cole 1999 BETWEEN 1933 and 1942, nearly 200,000 young African-Americans participated in the Civilian Conservation Corps (CCC), one of Franklin D. Roosevelt's most successful New Deal agencies. In an effort to correct the lack of historical attention paid to the African-American contribution to the CCC, Olen Cole, Jr., examines their participation in the Corps as well as its impact on them. Though federal legislation establishing the CCC held that no bias of "race, color, or creed" was to be tolerated, Cole demonstrates that the very presence of African-Americans in the CCC, as well as the placement of the segregated CCC work camps in predominantly white California communities, became significant sources of controversy. Cole assesses community resistance to all-black camps, as well as the conditions of the state park camps, national forest camps, and national park camps where African-American work companies in California were stationed. He also evaluates the educational and recreational experiences of African-American CCC participants, their efforts to combat racism, and their contributions to the protection and maintenance of California's national forests and parks. Perhaps most important, Cole's use of oral histories gives voice to individual experiences: former Corps members discuss the benefits of employment, vocational training, and character development as well as their experiences of community reaction to all-black CCC camps. An important and much neglected chapter in American history, Cole's study should interest students of New Deal politics, state and national park history, and the African-American experience in the twentieth century.

The passion and attention to detail of the flight control team members, who are always ready to step up when things do not go well, is a hallmark of NASA human spaceflight operations. **And Still We Rise** Carolyn Mazloomi 2015 Contemporary quilt artists trace the path of Black history in the United States with 97 original works exploring important events, places, people, and ideas over 400 years. Arranged in chronological order, quilt themes include the first enslaved people brought to the US by Dutch traders in 1619, the brave souls marching for civil rights, the ascendant influence of African American culture on the American cultural landscape, and the election of the first African American president. Other quilts commemorate and celebrate cultural milestones and memories, such as the first African American teacher, the Buffalo Soldiers, the first black man to play Othello on Broadway, Muhammed Ali, and Maya Angelou's I Know Why the Caged Bird Sings. The 69 artists who contributed works for this curated collection provide narrative explaining the important stories and histories behind the quilts.

*The Journal of Modern Craft* Glenn Adamson 2012-07-01 The Journal of Modern Craft is the first peer-reviewed academic journal to provide an interdisciplinary and international forum in its subject area. It addresses all forms of making that self-consciously set themselves apart from mass production-whether in the making of designed objects, artworks, buildings, or other artefacts. The journal covers craft in all its historical and contemporary manifestations, from the mid-nineteenth century, when handwork was first consciously framed in opposition to industrialization, through to the present day, when ideas once confined to the 'applied arts' have come to seem vital across a huge range of cultural activities. Special emphasis is placed on studio practice, and on the transformations of indigenous forms of craft activity throughout the world. The journal also reviews and analyses the relevance of craft within new media, folk art, architecture, design, contemporary art, and other fields. The Journal of Modern Craft is the main scholarly voice on the subject of craft, conceived both as an idea and as a field of practice in its own right.

**The Folk Art of Latin America** Marion Oettinger 1992 "The result of extensive fieldwork throughout Mexico, Central and South America, and Spanish- and French-speaking islands in the Caribbean, this beautiful and informative book concentrates on folk art made by Latin Americans for Latin Americans; it does not concern itself with folk art made for export. The objects illustrated are not only aesthetically pleasing, but have also been carefully selected because they play central roles in Latin American society and culture." "In this study, Chapter 1 discusses the nature of folk art and explores the subject through time in Latin America, with special attention paid to the composite character of contemporary folk art in Latin America. Chapter 2 deals with contemporary folk artists and their conception of the contribution they make to local society and traditions. Chapter 3 presents the rich variety of folk forms in Latin America today and considers them in four categories: ceremonial, utilitarian, recreational, and decorative. Finally, chapter 4 examines the ever-changing nature of folk art and what such changes mean to the quickly evolving societies served by folk art."--BOOK JACKET.Title Summary field provided by Blackwell North
