No Smoking Gun Patrick E. Robertshaw 2012-08  
The Story of the Kirkheaton Police Killings - Huddersfield 1951. Written by a retired judge and former barrister, No Smoking Gun tells for the first time the full story of the murder of two police officers engaged in an undercover operation to bring to justice local poultry farmer and successful part-time burglar, Alfred Moore. The horrific nature of the crime shocked the town in 1951. The possibility that justice miscarried and that the wrong man was hanged for a crime of which he was innocent haunts the town to this day. The survival of one of the officers for just a few hours following the shooting enabled the prosecution to hold a bedside identification parade and take the evidence on oath of the dying officer without effective challenge in the absence of legal representation for the suspect. The strategy was one unique in the annals of criminal justice and effective in sending Moore to the gallows on the February morning in 1952 when the nation awoke to news of the death of its King. The author convincingly calls into question whether in the haste to avenge a dastardly crime the denial of the fundamental human right to challenge evidence said to be decisive of guilt led on this occasion to justice miscarrying.

2013-10-23 Assassination? Conspiracy? Evidence of the shocking truth is finally revealed.

'Shocking new details' - Herald Sun On 22nd November 1963, the 35th president of the United States, John Fitzgerald Kennedy, and his wife Jackie were taking part in a presidential motorcade through Dallas. Thousands lined the streets cheering; others hung out of windows to catch a glimpse of the much-loved First Lady and President. Suddenly, the unthinkable: three shots - bang...bang, bang - rang out. In front of the world, John F Kennedy was fatally wounded. Lee Harvey Oswald was caught. But did he fire the fatal bullet? Who REALLY killed JFK? Fifty years after the tragic events in Dallas, JFK: The Smoking Gun solves the ultimate cold case. With the forensic eye of a highly regarded ex-cop, Colin McLaren gathered the evidence, studied 10,000 pages of transcripts, discovered the witnesses the Warren Commission failed to call, and uncovered the exhibits and testimonies that were hidden until now. What he found is far more outrageous than any fanciful conspiracy theory could ever be. JFK: The Smoking Gun proves, once and for all, who did kill the President. Smoking Gun, The Nation on Watergate, 1952-2010 Richard Kreitner 2015-02-18 Four decades ago, Richard Nixon resigned as President of the United States when audiotapes confirmed what many had long suspected: a crook was living in the White House. Few publications covered Nixon's dangerous career

as diligently or as critically as The Nation. Washington Post reporters Woodward and Bernstein have been justly acknowledged, but equally important was a national conversation about what Watergate said about American democracy. For that, The Nation was indispensable. For the first time, that coverage has been collected in *Smoking Gun, The Nation on Watergate, 1952 - 2010*, with an introduction by former US Representative Elizabeth Holtzman, who served on the House Judiciary Committee and voted to impeach. As she argues in her introduction: "Neither Congress nor the courts have taken the Watergate example to heart and stood firmly against presidential crimes or serious misconduct." "Nixon's successors have been expanding the powers of the presidency for four decades now," editor Richard Kreitner writes in the preface, "Smoking Gun is a thrilling history, but it is also a user's manual for how a democratic society under threat can wake up and take those powers back."

*Iraq's Smoking Gun* Sam Pender 2004-01-01 Why did America invade Iraq? It's the question of the 21st Century, and no one seems to provide a straight answer-until now! This book collects each of the Bush

Administrations claims about WMD in Iraq, and then it exposes the truth, the lies, and the real conspiracies that lead to the War in Iraq! Information is collected from UN inspection reports, WMD inspectors, historical facts, and hundreds of direct quotations, then it is all paired with President Bush's Iraqi WMD charges, terrorist ties, and so-on. These pairs and more are all compiled to give the real reason for the war-Iraq's Smoking Gun.

**We Don't Want the Smoking Gun to be a Mushroom Cloud** Ronald Huisken 2004 "In the second half of 2002, when the US intelligence community was tasked to prepare a National Intelligence Estimate on Iraq's WMD capacities, the administration had been already been saying for over six months that Iraq under Saddam posed an intolerable risk that the US was determined to address. In other words, intelligence was catching up with policy. Moreover, the administration's determination to proceed in the face of widespread opposition meant that the stakes in terms of US credibility and prestige were seen in Washington as having become dauntingly large. In the event, the intelligence community slid over the fact that it had too few 'dots' to make confident judgments on WMD in Iraq."--Abstract from SDSC web site.
