Diagnosed by leprosy, at first she hopes her exile will be brief. But those sent to Carville are more prisoners than patients: the disease has no cure. Mirielle must find community and purpose while struggling to redefine her self-worth, despite the isolation, stigma, experimental treatments, and disparate community. -- adapted from back cover

**Perfected** Kate Jarvik Birch 2014-07-01

“Compelling, imaginative, and unique. I couldn’t turn the pages fast enough!” — Mary Lindsey, author of *Haven Perfection* comes at a price. As soon as the government passed legislation allowing humans to be genetically engineered and sold as pets, the rich and powerful rushed to own beautiful girls like Ella. Trained from birth to be graceful, demure, and above all, perfect, these “family companions” enter their masters’ homes prepared to live a life of idle luxury. Ella is happy with her new role as playmate for a congressman’s bubbly young daughter, but she doesn’t expect Penn, the congressman’s

handsome and rebellious son. He’s the only person who sees beyond the perfect exterior to the girl within. Falling for him goes against every rule she knows...and the freedom she finds with him is intoxicating. But when Ella is kidnapped and thrust into the dark underworld lurking beneath her pampered life, she’s faced with an unthinkable choice. Because the only thing more dangerous than staying with Penn’s family is leaving...and if she’s unsuccessful, she’ll face a fate far worse than death. For fans of Keira Cass’s *Selection* series and Lauren DeStefano’s *Chemical Garden* series, *Perfected* by Kate Jarvik Birch is a chilling look at what it means to be human, and a stunning celebration of the power of love to set us free, wrapped in a glamorous—and dangerous—bow. The *Perfected* series is best enjoyed in order. Reading Order: Book #1 *Perfected* Book #2 *Tarnished* Book #3 *Unraveled*

*Beyond Wealth* Alexander Green 2011-03-31 It’s not all about the money; the key to true riches Leo Tolstoy said, “Nobody knows where the human race is going. The highest wisdom, then, is to know where you are going.” Yet many today chase the false rabbits of success: status, luxury, reputation and material possessions. In the quest to “have it all,” our lives often lack real meaning and purpose. *Beyond Wealth* is the antidote. New York Times bestselling author Alexander Green takes things right down to brass tacks: We are here for a short time. Knowledge is limitless. Therefore, the most critical knowledge is not any particular skill but rather wisdom about “how to live.” Fortunately, men and women have had several thousand years to think about what it means to live “the good life.” And the answers found here, from Plato and Aristotle to Mahatma Gandhi and Stephen Hawking, will both surprise and delight you. *Beyond Wealth* provides insightful commentary on the most important aspects of our lives: love, work, honor, trust, freedom, death, fear, truth, beauty and other timeless issues. The book is both a thought provoking read and the ideal gift, guaranteed to ennoble, uplift and inspire.

Finding Ultra, Revised and Updated Edition Rich Roll 2013-05-21 "Finding Ultra blends Rich Roll's story of superhuman personal transformation with an amazingly practical guide to plant-based living. It's also an enlightened manifesto for anyone wanting to transform their life."—Dan Buettner, National Geographic Fellow and New York Times bestselling author of the Blue Zones books "An incredible story of mental, emotional, and physical endurance."—Michael Greger, MD, FACLM, New York Times bestselling author of How Not to Die On the night before he was to turn forty, Rich Roll experienced a chilling glimpse of his future. Nearly fifty pounds overweight and unable to climb the stairs without stopping, he could see where his current sedentary life was taking him—and he woke up. Plunging into a new routine that prioritized a plant-based lifestyle and daily training, Rich morphed—in a matter of mere months—from out of shape, mid-life couch potato to endurance machine. Finding Ultra recounts Rich's

remarkable journey to the starting line of the elite Ultraman competition, which pits the world's fittest humans in a 320-mile ordeal of swimming, biking, and running. And following that test, Rich conquered an even greater one: the EPIC5—five Ironman-distance triathlons, each on a different Hawaiian island, all completed in less than a week. One of Men's Fitness Magazine's "25 Fittest Men in the World," Rich has become one of the most recognized advocates of plant-based living. In this newly revised and updated edition, he shares the practices, tools, and techniques he uses for optimal performance, longevity, and wellness, including diet and nutrition protocols. Rich reflects on the steps he took to shift his mindset and leverage deep reservoirs of untapped potential to achieve success beyond his wildest imagination, urging each of us to embark on our own journey of self-discovery.

**The Ethics of Grace** Paul Martens 2022-09-22 This volume draws together leading theologians and Christian ethicists from across the globe to critically engage with and reflect upon Gerald McKenny, widely acknowledged as one of the most original and important Christian ethicists working today. The essays highlight the significance of McKenny's interventions with a range of important debates in contemporary theological ethics, ranging from analyses of the Protestant conception of grace to bioethics and medicine. The Ethics of Grace is the first volume to facilitate critical engagements with a number of key themes in McKenny's work, not in the least his interpretation of Karl Barth. Among the contributions, Jennifer Herdt discusses McKenny's Barthian interest in the relationship between nature and grace; Angela Carpenter uses his Barthian understanding of grace and human action as a framework to discuss Jonathan Edwards; Stanley Hauerwas pushes McKenny's theology beyond Barth. Economic, political, and technological themes are also discussed in depth, for instance in Robert Song's

chapter on the phenomenology of biotechnological enhancement. Reaching far beyond the work of Gerald McKenny, this multifaceted volume is a high-level resource for students and scholars of theological and philosophical ethics.
