Cat vs. Cat Pam Johnson-Bennett 2020-09-01 Thinking about adding a second cat to the family? This essential guide on managing multi-cat households will answer all your questions and maybe even prevent a kitty apocalypse—now in an expanded and updated edition. America's favorite cat expert and award-winning author shows how adding another cat to your home does not have to be the start of a cat vs. cat war zone. Although cats are often

misunderstood as natural loners, you can readily introduce new members to your family, and keep the fur from flying. Johnson-Bennett shows how to plan, set up, and maintain a home environment that will help multiple cats--and their owners--live in peace. *Cat vs. Cat* will help readers understand the importance of territory, the specialized communication cats use to establish relationships and hierarchies, and how to interpret the so-called "bad behavior" that leads so many owners to needless frustration. Offering a wealth of information on how to diffuse tension, prevent squabbles and ambushes, blend two families, or help the elder kitty in your family, *Cat vs. Cat* is a welcome resource for both seasoned and prospective guardians of cat families large and small.

Easy, right? You just go to the closest shelter, pick out the cute, fluffy orange one, and live happily ever after. Although this is exactly what goes through the minds of many would-be cat adopters, picking out your new best friend can be a little more complicated. I mean, if you get a kitten, you're looking at a 15-20 year commitment. I once had one of my cats live to be 27! And what happens if they don't like your other pets? Or your kids? Even worse, what if they stop using their litter box? And how often do cats even need to go to the vet, anyway? Even for impulsive people like myself, you have to at least put a little bit of thought into it. That's where this book comes in. It's a comprehensive guide to all things cat adoption. If you don't know where to start, this is a good place. If you've

just brought your new kitty home and have questions, we'll cover that too. Even if you've already had a cat for a while, you're guaranteed to learn something new. So grab your catnip and feather wand, and let's get started!

reasons behind behavioral problems, such as eating houseplants and scratching furniture, and provide tips for changing unacceptable behavior. Health problems are completely detailed with anatomical diagrams, diagnostic charts, and illustrations that identify symptoms and treatments. Step-by-step instructions teach all the techniques needed to nurse a sick animal or administer emergency first aid. Hundreds of remarkable color photographs, specially commissioned for this book, detail every aspect of a cat's life. The material is based on extensive research. Dr. Bruce Fogle, a leading specialist in pet behavior, has observed hundreds of cats during his years as a veterinary surgeon. He identifies how cats communicate through posture, body language, facial expressions, "speaking" (meowing and hissing), and rituals like rubbing, swatting, and grooming. He discusses the differences between learned behavior and

instinctual action, the importance of a cat's sensory perceptions like smell, touch, and sound—and when a cat's eccentricities are due to genetics or are merely a matter of individual temperament. Endorsed by the American Society for the Prevention of Cruelty to Animals.

Essential Oils for Cats Miranda Ross 2016-05-24 This Book Will Help You To Use Essential Oils For The Betterment Of Your Cat New 2nd Edition Cats have a physiology that is very different from humans and dogs, so great care should be taken before administering any new essential oil for them. Cats are highly sensitive and their liver does not allow them to break down every compound, so if you use the wrong essential oil, it can be highly toxic for your cat. Also, if you use non diluted oils on the cat, it again can be very harmful for the animal. On the other hand, many essential oils have been credited with therapeutic

benefits for the cat. The key is to know which essential oils to use and which ones to avoid. You should understand how much of which essential oil will benefit your cat in which way. Your cat needs the right blend of the right essential oils for its well being. If you also wish to understand how essential oils can benefit your cat, you need to deeply understand which essential oils should be used and in which way. This book contains simple ways and strategies that will help you to understand how essential oils can be good for your feline friend. These steps will focus on various therapeutic effects of various essential oils on the cat. The book also lists various blends that will help your cat on a physical and emotional level. Various precautions that you need to observe while using the essential oils have also been discussed. The main aim of the book is to help you understand which essential oils you should use for the complete well being of your cat.
