Hidden Secrets of God's Economy Lou Galloway 2008-06
Radically transform your financial position in life to one of abundance and prosperity by discovering the hidden financial secrets of God's economy. After receiving revelation from the Lord in October 2006, I discovered why I wasn't prospering as promised in the Bible. My beliefs were based upon my personal experiences rather than the word of God. I discovered I wasn't using all the talents that God created within me. These hidden

talents are the seeds to our financial and business success. The Lord revealed to me that I should be living in God's economy of abundance and that my finances are not meant to be tied to the world's economic system. I was challenged to transform the way I think and learn to apply the principles of abundance in generating a 30-fold, 60-fold and 100-fold return. Once my eyes were opened to this revelation the Lord began to reveal opportunities to me. For further details visit my web site at www.harvestwells.com

God's Good Economy Andrew Hartropp 2019-08-15
'The earth is the Lord's' (Ps.24:1). God states that He is the rightful owner of the earth and everything in it. God wants people to enjoy material things - but God must be the centre of our lives. Christ's radical call to his followers includes the call to let him drive our economic and business life. This means letting God's justice rule all our economic relationships: treating people rightly; a constant seeking of justice for, especially, the poor and needy; working so that all participate in God's blessings, including material blessings. In Part 1,

Andrew Hartropp looks at how Christ's followers are to do justice in our economic relationships: as individuals, as households, in the workplace and as church communities. Then, moving outward (in concentric circles), Part 2 shows how Jesus's disciples can do justice in and through secular institutions, including companies and firms, banks and other financial institutions, then government institutions, and then in the international/global context. The epilogue is on the glorious vision of God's everlasting kingdom, which both drives us and also keeps our efforts now in proper perspective.

Work, for God's Sake Esther Reed 2010 "The twin problems of today's 'high-pressure, burn-out' workplaces and unemployment make some Christian theologies of vocation seem idealistic. The global implications of the West's lust for cheap consumer goods pose major challenges to any moral case for prosperity. In *Work, for God's Sake*, Esther Reed tackles these questions within a biblical framework, and sketches a theological ethic of work in the hope of God's coming kingdom." Treats "key issues such as vocation, liturgy, social justice, and human rights in the workplace."--P. [4] of cover.

Ultimate Things Greg Carey 2012-11-09 Carey presents an introduction to the elements of apocalyptic discourse in the Hebrew Bible, the intertestamental texts of the Apocrypha and Pseudepigrapha, and the Jewish and Christian apocalyptic texts. He seeks to help modern readers perplexed by the rampant and somewhat outrageous depiction and interpretation of apocalyptic literature to see apocalyptic discourse as a flexible set of resources that early Jews and Christians could employ for a variety of persuasive tasks. Carey examines each of the literary works that exhibit apocalyptic discourse. He briefly introduces the date and language of each text and shows its basic contents. Then he examines the particular topics and purposes of the work. Carey concludes by showing a way to read the particular example of apocalyptic discourse as a whole in its own setting with its own purposes. Carey invokes discourse as a category of study in an attempt to bring together the literary, ideological, and social dimensions of

apocalyptic language. He sees the genius of apocalyptic discourse in its ability to bring its audience into otherwise inaccessible mysteries concerning the future and the heavenly realms. As theology, apocalyptic discourse engages life's greatest questions--the nature of God, the desire for justice, and the frustrations of human finitude. As poetry, it expresses the theological imagination in vivid symbols and conventional literary forms.

Living Hope David H. Jensen 2010-01-01 "Eschatology," the theological name for the study of the endtime, often conjures up frightening concepts of the rapture, the final judgment, heaven and hell, Armageddon, and the anti-Christ. Author David Jensen's theological approach offers a brighter perspective on the end-time as a time of hope when Christians will see the full glory of the Kingdom of God, the resurrection of the body, and Christ's promised return.

The Ministry of the Word, Vol. 23, No. 11

Various Authors This issue of *The Ministry of the Word* contains the three messages from the

Southern California Blending Conference and Messages 4 and 5 from the special conference held in Anaheim, California, respectively, on June 10-11 and February 17-19, 2017. The general subject of the blending conference is "The Vision, Ministry, and Ministers of the Age." In every age there is a particular vision given by God, a specific ministry of that age, and a minister or ministers used by God to fulfill their commission to bear, release, and trumpet the ministry of that age. In every age God gives a particular vision that guards, controls, and governs His people so that they may serve Him according to the vision of that age. The governing vision of the Bible is the Triune God working Himself into His chosen and redeemed people in order to saturate their entire being with the Divine Trinity for the producing and building up of the Body of Christ consummating in the New Jerusalem. The vision that the Lord has given to His recovery is an all-inclusive vision--the all-inheriting vision of the age. Our vision extends all the way from Adam's vision of the tree of life in the garden of Eden to the New Jerusalem with the tree of life. The ministry of this age builds up the Body of Christ, which is to build up the New Jerusalem; prepares the bride of Christ, which is to prepare the New Jerusalem because the New Jerusalem is the bride of Christ; and brings in the kingdom of God, the ultimate manifestation and consummation of which is the New Jerusalem. Therefore, the ministry of this age fulfills the direction of the Lord's move today. The ministry of the age ministers the present truth to God's people. The present truth, the highest peak of the divine revelation given to us by God through the ministry of this age, is the revelation of the eternal economy of God. God becoming man so that man might become God in life and in nature but not in the Godhead is the essence of the entire Bible, the "diamond" in the "box" of the Bible, the eternal economy of God. God and man will become one entity, and that one entity is the mingling of divinity with humanity, which will consummate in the New Jerusalem, the conclusion of the entire Bible. The ministers of the age are those who have the vision of the age and the ministry of the age and know what God is speaking and doing in the present age. The ministers of the age are patterns to the believers

so that they may be perfected to do the work of the ministry for the building up of the Body of Christ. The ministers of the age have four characteristics: First, they are men who allow their natural ability to be terminated by the cross so that all their ability is in resurrection. Second, they are tree-of-life persons. Third, they know the central work of God. Fourth, they pay more attention to life than to work. The general subject of the special conference is "Special Fellowship concerning the World Situation and the Lord's Move." Messages 4 and 5 of this special conference were spoken in English and therefore are included in this issue. The following statement encapsulates the burden of the conference: The Announcements section at the end of this issue contains a list of upcoming conferences and trainings hosted by Living Stream Ministry and a website link for information related to similar events in Europe. *Managing Your Finances* United Church of God 2010-10-20 Whether due to the overall state of the economy or their own mistakes with money, many find themselves mired in debt and worried about their financial future. What Others are Saying About God and Money "This is one of the most thoughtful and well researched books on giving that I have had the pleasure of reading. The frameworks presented in the book can be used by people at all stages of experiencing the joy of generosity." —Waters Davis, President of National Christian Foundation Houston. "With uncommon

transparency, John and Greg provide a Gospel-centered and practical perspective on wealth. Through a leveling critique of comfortable Christianity, they challenge us to wholeheartedly pursue the joy of generosity. Read this book and you will be inspired, convicted and thinking differently about using what God has given you for Kingdom impact." —Peter Greer, President & CEO of HOPE International and coauthor of Mission Drift "In God and Money, Baumer and Cortines challenge Christian readers to consider afresh what generosity looks like in light of the Scripture's radical teaching and the day of affluence in which we live. Whether or not you agree with all their conclusions or personal practices, you will be challenged and inspired." —Robert L. Plummer, Ph.D., Professor of New Testament Interpretation, The Southern Baptist Theological Seminary "I greatly enjoyed reading God and Money! God used the framework Greg and John described to challenge my perspective and practice of generosity. I realized in reading their book that my personal bias is more saver and spender than servant. What I truly desire to be is a fully surrendered servant of Jesus. This book gave me practical frameworks to move in that direction." —Todd Harper, President, Generous Giving "The mission of Harvard Business School is "to educate leaders who make a difference in the world," and in John and Greg that mission has been fulfilled abundantly. It has been my privilege to be their teacher, their colleague and now their friend; and I wish them Godspeed as they take the transformative message found in God and Money out to their community and to the world beyond. Was Jesus a Socialist? Lawrence W Reed

2020-06-09 Economist and historian Lawrence

W. Reed has been hearing people say "Jesus was

a socialist" for fifty years. And it has always

bothered him. Now he is doing something about

it. Reed demolishes the claim that Jesus was a

socialist. Jesus called on earthly governments to

redistribute wealth? Or centrally plan the

economy? Or even impose a welfare state?

Hardly. Point by point, Reed answers the claims

of socialists and progressives who try to enlist

Jesus in their causes. As he reveals, nothing in

the New Testament supports their contentions.

Was Jesus a Socialist? could not be more timely.

Socialism has made a shocking comeback in

America. Poll after poll shows that young

Americans have a positive image of socialism. In

fact, more than half say they would rather live in

a socialist country than in a capitalist one. And

as socialism has come back into vogue, more and

more of its advocates have tried to convince us

that Jesus was a socialist. This rhetoric has had

an impact. According to a 2016 poll by the Barna

Group, Americans think socialism aligns better

with Jesus's teachings than capitalism does.

When respondents were asked which of that

year's presidential candidates aligned closest to

Jesus's teachings, a self-proclaimed "democratic

socialist" came out on top. Sure enough, the

same candidate earned more primary votes from

under-thirty voters than did the eventual

Democratic and Republican nominees combined.

And in a 2019 survey, more than seventy percent

of millennials said they were likely to vote for a

socialist. Was Jesus a Socialist? expands on the

immensely popular video of the same name that

Reed recorded for Prager University in July

2019. That video has attracted more than four

million views online. Ultimately, Reed shows the

foolishness of trying to enlist Jesus in any

political cause today. He writes: "While I don't believe it is valid to claim that Jesus was a socialist, I also don't think it is valid to argue that he was a capitalist. Neither was he a Republican or a Democrat. These are modern-day terms, and to apply any of them to Jesus is to limit him to but a fraction of who he was and what he taught."

Stapleford 2009-09-20 Self-interest, economic efficiency and private property rights are among the most basic assumptions of market economics. But can an economic theory built on these assumptions alone provide adequate insight into human nature, motivation and ultimate goals to guide our economic life? John Stapleford says no along with those economists who recognize the limits of their discipline. He insightfully shows us in detail how ethics are inextricably intertwined with economic life and analysis. Writing from a Christian ethical perspective, he interacts with seven standard introductory economics texts, exploring the moral challenges imbedded in various macro-, micro- and international economic theories and outlining a faithful response to them. Among the important ethical issues addressed are possibilities and perils of economic growth the role of government in the economy the growth of work and loss of leisure lending and borrowing poverty and distributive justice environmental stewardship business and social responsibility legalized gambling the pornography industry debt relief for less developed countries the economics of immigration population control Keyed to seven of the most widely used introductory economics texts--Gwartney, Stroup & Sobel; Mankiw; Mansfield & Behravesch; McConnell & Brue; Miller; Samuelson & Nordhaus; and Stiglitz--this book will be especially useful for introductory courses in economics.

The Kingdom Life Approach Willie Thomas Butler 2011-10 This book is about the stark contrast between the Kingdom of God and the economic, political and social systems we live by every day. The world's systems have led us down

a primrose path to nowhere, encouraging the pursuit of wealth and the so-called good life while ignoring the need for a morally-based and purpose-driven approach to living. The Kingdom Life Approach provides viable and alternative strategies to how we conduct our lives to achieve true, meaningful prosperity. It establishes a purpose for living that is predicated on individual assignments and an emerging church that true believers in Christ are building. Christians must change and become emissaries and a perfected church in order for Christ's Kingdom to be seen in the earth. How we live and what we pursue in life are transformational values we must demonstrate to the world. Choosing to manage our financial affairs the Kingdom way is central to this process. Willie Thomas Butler is founder and President of Kingdom Seed Foundation and its educational division, The Life Planning Institute. With over twenty years in the financial services profession, Butler has served as a Certified Financial Planner(TM)(1986-2001), Registered Investment Adviser and Financial Consultant with Salomon Smith Barney and Merrill Lynch. He also served in several Christian organizations as a board member, adviser, development officer and fundraiser. Butler authored his first book True Prosperity in 1997 and established LPI to provide an educational curriculum combined with practical training in Biblical Stewardship and money management. LPI offers courses and workshops promoting a Kingdom approach to life planning for those wanting to serve God using every resource entrusted to them. Butler is a graduate of Regent University with a master of arts in public policy and holds a bachelors of science in business management from Adelphi University. He is also a graduate of the Institute for Financial Planning in New York.

Jesus's Truth Yung Suk Kim 2018-01-10 Parables of Jesus are stories about everyday life, ranging from a person's worldview to economic justice in society. This book examines most parables of Jesus from a critical literary perspective.

Twenty-three narrative parables in the Synoptic Gospels are rearranged by their source: Markan parables, Q parables, Matthean unique parables, Lukan unique parables. Each parable invites readers to reengage Jesus's stories in the contemporary world.

Jesus for Most People Emanuel Polioudakis 2010-12-16 "Jesus for Most People" is for people who believe God used the Big Bang to create the universe, used evolution to create people, and sent Jesus to teach. The book updates the Enlightenment outlook. It summarizes scholarly work on Jesus and the early Church. It explains the biological evolution of morality and it looks there for clues about God. Some ideas here about Jesus and about the evolution of morality are new but not silly. The book builds a solid base for reasonable belief, so people can avoid religious and secular wackiness.

Practicing the King's Economy Michael Rhodes 2018-04-17 The church in the West is rediscovering the fact that God cares deeply for the poor. More and more, churches and individual Christians are looking for ways to practice economic discipleship, but it's hard to make progress when we are blind to our own entanglement in our culture's idolatrous economic beliefs and practices. *Practicing the King's Economy* cuts through much confusion and invites Christians to take their place within the biblical story of the "King Jesus Economy." Through eye-opening true stories of economic discipleship in action, and with a solid

exploration of six key biblical themes, the authors offer practical ways for God's people to earn, invest, spend, compensate, save, share, and give in ways that embody God's love and provision for the world. Foreword by Christopher J. H. Wright.

Finding Solid Ground Rev. Robert Emerick 2018-01-04 In 2011, Emerick, an ordained minister in the United Methodist Church and a licensed clinical social worker, embarked on a self-directed study to educate himself about the nation's principal political disputes. He discovered that America's dominant political and economic theories...are... pitting the demands of the individual against the needs of the community. But in the Constitution's preamble... the concerns of individual liberty and the general welfare are given equal weight, and a more equitable national philosophy will...combine the two. [He] also... discovers, contrary to the opinions of many, that the federal government's active role in fiscal affairs can have a stimulating effect...and trickle-down economics has largely been a failure... [Emerick] makes an... attempt to reconcile political polarities, offering a way to structure an economy that...he calls a 'Preamble Economy'. In the second part of the book, the author argues that Christianity has drifted away from the true ministry of Jesus, replacing his core message of love with errant institutional doctrine. [Emerick] singularly focuses on the sayings of Jesus... the book includes a collection of all of them-in order to excavate that teaching. "Emerick writes in unflinching lucid prose, and his command of the issues is notable..." Kirkus Reviews *Western Christian Advocate* 1915 *Business Through the Eyes of Faith* Richard C. Chewning 2013-04-30 Is capitalism Christian? Is there a Christian perspective on business? How should a Christian use power in the workplace? In addressing such difficult questions as these, *Business Through the Eyes of Faith* demonstrates how God can dwell at the center of one's life even in the secular marketplace. Here is pragmatic affirmation of the role that committed Christians can play in the business world. The authors stress the connections

between Christian principles and good management and provide biblical passages that support their principles and relate them to the practical issues faced by Christian managers. Issues such as employee motivation, workplace communication, business leadership, the role of profit, and social responsibility are all addressed in concrete terms and reinforced by short vignettes, suggested biblical passages to explore, and commentaries from contemporary theorists and practitioners. *Business Through the Eyes of Faith* shows that business can and should be a reflection of God's kingdom. It is an invaluable resource for Christian business students, managers, and those who wish to understand the concerns and motives of Christians in the business world.
