Seeking revenge for the death of a friend ten long years ago, Major Jake Nanden has pursued his own personal demons with an almost religious fervour through life and through battle. He is a soldier so highly decorated for bravery that his fame reaches far beyond the desolate Jupiter moon, Io, where his battalion is stationed. His victories in the Jupiter Wars are hollow though, for he is a man scared of his own soul. His life seems to be a trap from which he cannot escape. His is the Replicant Company, and replicants, or clones, are despised by all. Book 2: Unknown Place, Unknown Universe Three rookie space cadets crash on an unknown planet with aliens hot on their tail! While a dissident alien scientist struggles to control time, he discovers that his wife will betray him. His favourite student discovers a way to see into the past but find himself surrounded by enemies in a complex, fragmenting culture. Meanwhile, Stone, douchebag son of Iron Cross winner Jake Nanden, a nerd and a feminist from the Space Fleet Academy crash-land on an unknown planet after falling through a worm-hole in this gripping and visionary science fiction thriller. Called Anubians by humans, the jackal-headed aliens are now revealed as Ischians but they are hiding something on this unknown planet in an unknown universe. Stone's world is shattered while he tries to escape and warn Earth of danger. Book 3: Worlds Like Dust Domes now cover Earth's big cities and soon a force field will trap Earth inside! The jackal-headed Ischians are here! When General Jake Nanden retired from the USAC, he could never have guessed that his greatest battle was still to come. Since then, he has joined a spiritual cult called the Blue Path, trying to establish communication with a few peaceful Ischians. But now his world has been torn apart; his wife and youngest son have been killed, probably his eldest too and the Los Angeles and Washington citizens sweat it out under inescapable alien domes. His son, Stone, warned him of the invasion and he joined up with Gary Enquine to form a rudimentary resistance network. Now, they must find a way to rise up and defeat the conquerors of Earth! Nanden must escape and unite the remaining human and clone forces, scattered across the Solar System. Likened to a cross between Blade Runner and Paths of Glory, you simply must read this beautifully constructed, intensely dark and powerful Science Fiction thriller Series, if you love Phillip K. Dick and Isaac Asimov. Character interview with Jake Nanden. Name (s): Jake Nanden Age: 34 Please tell us a little about yourself. I am 5'11', dark hair, short - Army cut, slightly curly. Green eyes. Describe your appearance in 10 words or less. Getting middle aged, slightly paunchy with drying skin - like paper in places - except my mech arm. That's synthetic skin on there and as smooth and supple as the day it was sprayed on. I even had mine tattooed but don't tell anyone. Would you kill for those you love? I kill every day - most days - to keep my culture intact. I would say that is killing for those I love. Of course there is a moral code... And as a soldier the moral code is almost everything. After a while... killing... it sometimes seems to be the only thing you have left. Family are too far away. Dreaming of Stones Christine Valters Paintner 2019-03-01 The poems in Dreaming of Stones are about what endures: hope and desire, changing seasons, wild places, love, and the wisdom of mystics. Inspired by the poet's time living in Ireland these readings invite you into deeper ways of seeing the world. They have an incantational quality. Drawing on her commitment as a Benedictine oblate, the poems arise out of a practice of sitting in silence and lectio divina, in which life becomes the holy text. No stranger to poetry, Paintner's bestselling spirituality titles have often included poems. In this first exclusively poetic collection, she writes with a contemplative heart about kinship with nature, ancestral connections, intimacy, the landscape, the unfolding nature of time, and Christian mystics. It can be read for reflection to spark the heart and to offer solace and inspiration in difficult times. Breath This breathing in is a miracle, this breathing out, release, this breathing in a welcome to the unseen gifts which sustain me each moment, this breathing out a sweet sigh, a bow to my mortality, this breathing in a holy yes to life, this breathing out a sacred no to all that causes me to clench and grasp, this breathing in is a revelation, this breathing out, freedom.

Sun Slower, Sun Faster Meriol Trevor 2004 This is an adventurous story with a difference--it is soon after World War II, but Cecil (short for Cecilia) and her cousin, Rickie, are thrown into a series of adventures that have little to do with the England that they know. Inexplicably, they, and sometimes their eccentric and interesting tutor, Dominic, find themselves in another time--usually right in the middle of a dramatic, if not harrowing, moment. Every dip into time takes them farther back and each time they experience another chapter of the Church's history and teachings. At once fun and frightening, these escapades into the past take on deeper and deeper significance. Each of these three Cecil, Rickie, Dominic are faced with things from their own pasts which touch deeply upon who they are in the present and who they will choose to be in the uncertain but tantalizing future. They have much to sort out, as history--especially the history of the Christian Faith--comes unexpectedly alive.

Building the Great Stone Circles of the North Colin Richards 2013-11-30 Of all prehistoric monuments, few are more emotive than the great stone circles that were built throughout Britain and Ireland. From the tall, elegant, pointed monoliths of the Stones of Stenness to the grandeur of Stonehenge and the sarsen blocks at Avebury, circles of stone exert a magnetic fascination to those who venture into their sphere. In Britain today, more people visit these structures than any other form of prehistoric monument and visitors stand in awe at their scale and question how and why they were erected. Building the Great Stone Circles of the North looks at the enigmatic stone structures of Scotland and investigates the background of their construction and their cultural significance.

The Quest of the Thirteen John DeFilippis 2016-05-14 Life in the Kingdom of Mavinor was lived according to "The Scrolls," until they were attacked by the army of a neighboring kingdom (Xamnon). Every copy of The Scrolls was destroyed in the war. Despite countless hours of labor, the task of reproducing them was far from complete, and their society was slowly unraveling. In order to try and save his people from falling into an age of darkness, King Onestus, whose health is failing, announces that he will assemble a group of thirteen men to undertake a prophesied quest. This quest, to return a sacred medallion to the kingdom, will decide his successor. "The Medallion of Mavinor" is the story of how thirteen very different men learn to work together; warriors, a scholar, a rich man, a fisherman, thrown together against nearly impossible odds. They face off against their world, magical creatures, and one another on an epic journey into the past, and the future of their world.

Stone Cold C. J. Box 2015-03-03 "The electrifying new Joe Pickett novel from the New York Times-bestselling author. Everything about the man is a mystery: the massive ranch in the remote Black Hills of Wyoming that nobody ever visits, the women who live with him, the secret philanthropies, the private airstrip, the sudden disappearances. And especially the persistent rumors that the man's wealth comes from killing people. Joe Pickett, still officially a game warden but now mostly a troubleshooter for the governor, is assigned to find out what the truth is, but he discovers a lot more than he'd bargained for. There are two other men living up at that ranch. One is a stone-cold killer who takes an instant dislike to Joe. The other is new-but Joe knows him all too well. The first man doesn't frighten Joe. The second is another story entirely"--Provided by publisher of hardcover edition.

Woven Stone Simon J. Ortiz 2022-09-13 "What I do as a writer, teacher, and storyteller is to demystify language," says Simon Ortiz. Widely regarded as one of the country's most important Native American poets, Ortiz has led a thirty-year career marked by a fascination with language—and by a love of his people. This omnibus of three previous works offers old and new readers an appreciation of the fruits of his dedication. *Going for the Rain* (1976) expresses closeness to a specific Native American way of life and its philosophy and is structured in the narrative form of a journey on the road of life. *A Good Journey* (1977), an evocation of Ortiz's constant awareness of his heritage, draws on the oral tradition of his Pueblo culture. *Fight Back: For the Sake of the People, For the Sake of the Land* (1980)—revised for this volume—has its origins in his work as a laborer in the uranium industry and is intended as a political observation and statement about that industry's effects on Native American lands and lives. In an introduction written for this volume, Ortiz tells of his boyhood in Acoma Pueblo, his early love for language, his education, and his exposure to the wider world. He traces his development as a writer, recalling his attraction to the Beats and his growing political awareness, especially a consciousness of his and other people's social struggle. "Native American writers must have an individual and communally unified commitment to their art and its relationship to their indigenous culture and people," writes Ortiz. "Through our poetry, prose, and other written works that evoke love, respect, and responsibility, Native Americans may be able to help the United States of America to go beyond survival."
