Raspberries All the year round I can buy them pre-packed on the supermarket shelves, and sometimes I do. But to fiercely prune them talk to them stake them water them watch the bees buzz around them feel the sun warming them protect them from interested birds nurture them see their colour deepen watch them swell to ripeness smell their promise of sweetness and then to pick them their juice staining my fingers and to eat them ... Wow! Ripe raspberries. It's summertime. Rejoice!

William Blake: Song of Innocence and of Experience William Blake 2014-11-28 'Every

page is a window open in Heaven ... interwoven designs companion the poems, and gold and yellow tints diffuse themselves over the page like summer clouds. The poems [of Song of Innocence] are the morning song of Blake's genius.' - W.B. Yeats 'Blake sang of the ideal world, of the truth of the intellect, and of the divinity of imagination ... The only writer to have written songs for children with the soul of a child ... he holds, in my view, a unique position because he unites intellectual sharpness with mystic sentiment.' - James Joyce

Song of Innocence and of Experience is a rare and wonderful book, its seeming simplicity belying its visionary wisdom. Internationally recognised as a masterpiece of English literature, it also occupies a key position in the history of western art. This unique edition of the work allows Blake to communicate with his readers as he intended, reproducing Blake's own illumination and lettering from the finest existing example of the original work. In this way readers can

experience the mystery and beauty of Blake's poems as he first created them, discovering for themselves the intricate webs of symbol and meaning that connects word and image. Each poem is accompanied by a literal transcription, and the volume is introduced by the renowned historian and critic, Richard Holmes. The poems are narrated by novelist and critic, Adam Mars-Jones. This beautiful edition of Song of Innocence and of Experience will be essential for those familiar with Blake's work, but also offers an ideal way into his visionary world for those encountering Blake for the first time.

Poems to Share Lola Sawyer 2015-12-08 Lola B. Sawyer praises God for answering prayers in "Isn't God Good." It looked to be a dark, cloudy day with rainfall coming. Never mind that plans for the day called for a lunchtime outdoor picnic for the Sunday Class. A plea for sunshine was quickly made and that plea was answered. The class enjoyed a beautiful, sunny day and memories were made. Wasn't that just like our

Heavenly Father - and thus "Isn't God Good" was written to praise Him for His faithfulness in answering prayer. Each song written has an inspirational message that keeps one praising when answers are so evident. When recited, "A Tribute to Mother" leaves many heartfelt tears, especially on Mother's Day, where each mother has a special place here or in a beautiful memory. Thus, Songs from the Heart has been carefully selected as the subtitle.

Wearing the Morning Star Brian Swann 2005-08-30 With *Wearing the Morning Star*, Brian Swann presents a collection of more than one hundred Native American songs that celebrate the rich and vibrant oral traditions of the Indigenous peoples of North America. These are songs of the earth and the sky, songs of mourning and of love, parts of ceremonies and rites and rituals. Some have familiar themes; others illuminate the complexities and differences of the Native cultures. The collection includes songs of derision and threat, ribald songs, hunting chants, and a song sung by an Inuit about the first airplane he ever saw. ø Swann has provided an authoritative introduction and notes for each selection that place the songs in their cultural contexts. He has reworked the original translations where

appropriate to allow the modern reader to appreciate and enjoy these remarkable works and provides a new preface for this Bison Books edition.

Complete Emily Dickinson 2021-01-01 Famous British writer and poet Emily Dickinson's poetry volume titled 'Poems by Emily Dickinson, Three Series, Complete' was first published in the year 1998. "This selection from her poems is published to meet the desire of her personal friends, and especially of her surviving sister. It is believed that the thoughtful reader will find in these pages a quality more suggestive of the poetry of William Blake than of anything to be elsewhere found,—flashes of wholly original and profound insight into nature and life; words and phrases exhibiting an extraordinary vividness of descriptive and imaginative power, yet often set in a seemingly whimsical or even rugged frame." -Preface

The Book of Blue Rebecca Anne Banks

2013-07-05 The Book of Blue is a modern-day love story in poetry, written in a time of great light and great darkness, a story of the heart, the song of love. The book of poetry was inspired by the Muse and the "blue dove" painting by Pablo Picasso, as if the refrain was channeled through Picasso and in collaboration with the poet. "Blue, you are the dove" weaves through the entire work, encapsulating each verse as if the poem is a chant, a love song to Blue, telling his story and the story of the love affair with the poet. The book of poetry, a prayer of worship and peace, has a hidden dialectic of violence that, like dark water, winds its way through the work. As if the state of this postmodern love affair exists in a place of great longing and war. With influences of Leonard Cohen, Rod McKuen, Kahlil Gibran. Reminiscent of great love poetry, The Book of Blue is riveting.

the stars, a young Navajo girl listened long ago to stories that would guide her for the rest of her life. "Such summer evenings were filled with quiet voices, dogs barking far away, the fire crackling, and often we could hear the faint drums and songs of a ceremony somewhere in the distance," writes Luci Tapahonso in this compelling collection. *Blue Horses Rush In* takes its title from a poem about the birth of her granddaughter Chamisa, whose heart "pounded quickly and we recognized / the sound of horses running: / the thundering of hooves on the desert floor." Through such personal insights, this collection follows the cycle of a woman's life and underlines what it means to be Navajo in the late twentieth century. The book marks a major accomplishment in American literature for its successful blending of Navajo cultural values and forms with the English language, while at the same time retaining the Navajo character. Here, Luci Tapahonso walks slowly through an ancient Hohokam village, recalling stories

passed down from generation to generation. Later in the book, she may tell a funny story about a friend, then, within a few pages, describe family rituals like roasting green chiles or baking bread in an outside oven. Throughout, Tapahonso shares with readers her belief in the power of pollen and prayer feathers and sacred songs. Many of these stories were originally told in Navajo, taking no longer than ten minutes in the telling. "Yet, in recreating them, it is necessary to describe the land, the sky, the light, and other details of time and place," writes Tapahonso. "In this way, I attempt to create and convey the setting for the oral text. In writing, I revisit the place or places concerned and try to bring the reader to them, thereby enabling myself and other Navajos to sojourn mentally and emotionally in our home, Diné'tah."

Poems and Songs Bjørnstjerne Bjørnson
2020-09-28 By far the largest number of the
Poems and Songs have as their subject
patriotism in the broadest sense, a theme at
once simple and complex. It is in them that the
skald and chieftain so typically blend in one. Of
this group the influence has been widest and
deepest. In his oration at the unveiling of the
statue of Wergeland in Christiania, Bjørnson
spoke of him and of Norway's constitution as
growing up together; with reference to this it
has been maintained that we have still greater
right to say that Bjørnson and Norway's full
freedom and independence grew up together.
The truth of the statement is very largely due to
Bjørnson's patriotic poems. Through them the
poet-prophet interpreted for his nation the
historic past and the evolving present, and
forecast the future. Simplifying the meaning of
life, he accomplished the mission which he
himself made the ideal of The Poet, and became
for his own people the liberalizing teacher and

molder, leading them to freedom in thought and action, in social and political life. Of this large and seemingly complex group of patriotic lyrics,—whether they be on its history, or on contemporaneous events and deeds of individuals with political significance; or on men, both known and unknown to fame, who had made and were making Norway great; or on historical, political, and other national festivals; or on the country, its land and sea and fjords and forests and fields and cities, in aspects more genial or more stern,—whether they be poems of the individual or social and choral songs, manorial poems or ballads or lyrical romances, or descriptions of Norway's scenery,—the unifying simple theme is Norway to be loved and labored for. Not a single poem is, however, merely descriptive of external nature. Björnson's relation to nature is indeed more intimate than that of any other Norwegian writer of his time, but here also he is epic and dramatic rather than subjectively lyrical. He sees and hears through

what is external, and his feeling for and with nature is but a profounder looking into the soul of his nation or the inner life of other human beings. For him Norway's scenery is filled with the glory of the nation's past, the promise of its future, or the needs of the present. The poems that contain nature descriptions are primarily patriotic. In the national hymn Yes, We Love, it is the nation, its history and its future, which with the land towers as a whole before his vision; in Romsdal the scenery frames the people, their character and life. More personal poems, as To Molde or A Meeting, are not merely descriptive; in the former childhood's memories and the love of friends fill the scene, while in the latter the freshly and tenderly drawn snow-landscape is but the setting for a vivid picture of a deceased friend. The contents of this volume befit the verse-form, as if each were made by and for the other. The subjects are simple, large, weighty; the form is compact, strong, suggestive. Björnson is distinctly not

subjectively lyrical, but has a place in the first rank "as a choral lyric poet and as an epic lyric poet." (Collin.) Georg Brandes wrote of him many years ago: "In few [fields] has he put forth anything so individual, unforgettable, imperishable, as in the lyric field."
