QuickBooks 2005: The Missing Manual Bonnie Biafore 2005-02-24 Every company large and small wants to boost its sales, control its spending, and keep the auditors at the Internal Revenue Service happy. But, no company wants to waste time on more paperwork. These days, a growing number of companies are turning to QuickBooks accounting software not only to speed up their bookkeeping efforts, but manage their businesses more effectively. Organizations come in all shapes, sizes, and business models, so it's no surprise that accounting practices can be a convoluted road to travel. QuickBooks can handle many of the financial tasks companies face, but the price you pay is an overabundance of software features. To make the learning curve even more challenging, QuickBooks doesn't come with a manual. Fortunately, to help pave the road to accounting success, there's QuickBooks 2005: The Missing Manual, a comprehensive guide from O'Reilly that examines everything the QuickBooks Pro edition has to offer, from invoices and inventory to assets and accounts payable. With QuickBooks 2005: The Missing Manual, financial managers can quickly learn how to use the program's tools to implement and maintain critical accounting processes. By covering details in a friendly and light-hearted way, the book explains when and why a feature is useful, and then offers indispensable, relevant advice. Each page of this Missing Manual provides insightful tips and tricks to help readers become more efficient, sophisticated users no matter what the extent of their existing knowledge is. Whether you're interested in QuickBooks for its basic bookkeeping features or its more powerful, business planning tools, the only way to truly harness its power is to read the book that should have been in the box: QuickBooks 2005: The Missing Manual.

QuickBooks for Restaurants a Bookkeeping and Accounting Guide: A Must-Have QuickBooks Guide for Restaurant Owners and Operators Zachary Weiner 2019-08-11 The Back Office Restaurant Accounting Guide You've Been Searching for! Restaurants are notorious

for their low margins and even lower success rates. It's no surprise that restaurant owners and operators are usually stressed out. Many wonder if they can ever truly break the cycle of a runaway payroll or ever-increasing food and beverage costs. It's no surprise that it's sometimes easier to quit than to push through. However, I argue that with the right support and know-how, owners and operators can set up and successfully execute all of their back-office tasks. With the help of my guide, anyone can run the balanced-book restaurant of their dreams. QuickBooks for Restaurants - A Bookkeeping and Accounting Guide shows restaurant owners and operators how QuickBooks software can be leveraged for restaurant success. I explain QuickBooks fundamentals, including sales tracking, purchasing, bill paying, invoicing, managing day-to-day liabilities, gift certificate tracking, cash management, detailed reporting, and more. I also guide owners and operators through the process of accounting for sales, payroll, inventory and more. Ultimately, I show owners and operators how to create the accurate financials and reporting that will enable them to make better informed, data-driven decisions. Inside, learn: How to record daily sales and payroll entries How to understand and navigate the regular accounts payable cycle How to manage day-to-day liabilities How to conquer restaurant inventory How to generate and understand key restaurant reports ZACHARY WEINER is a full-time business consultant helping small- to medium-sized businesses achieve their financial and operational goals. He specializes in restaurants, hospitality, startups, and real estate from pre-revenue to annual revenue of up to tens of millions of dollars. An entrepreneur and an economist by training, Zachary has written numerous bestselling books and guides that have helped thousands of small business owners and operators better manage their finances. His newest book brings a new and easy-to-understand perspective to the world of restaurant accounting.
