Writing Into the Sunset John A. Bredesen 2022-05-01 Many of us dream of writing a book, but life is always in the way. We wondered if the dream could become a reality after life gets simpler. Or, for those of us of a certain age, after retirement. If you are approaching retirement and thinking that you would like to be a writer, or any other creative endeavor, then this book is for you. Writing in retirement differs from writing earlier in our lives. We have more experience, the maturity of years, and more wrinkles. Retirement brings the gift of more time. A few years before I retired, I decided to turn the writing dream into reality. So I set out to learn what "writing after retirement" was all about. The craft. The tools. The business. I needed to answer questions like Why am I writing? and How do I start? I wrote this book to organize my thoughts and to help others on the same journey. Your journey will certainly differ from mine. You will have different answers to the questions. This book will help you create your own journey to becoming a writer when you retire.

Sunset Woodworking Projects Sunset Books 1975 Whether it's the stylish individuality of custom-made furniture or the sense of satisfaction that comes from building it yourself, Sunset's new Woodworking Projects offers something for the do-it-yourselfer in all of us. You'll find detailed instructions, full-color photos, and how-to illustrations for creating over 50 projects. All are rewarding challenges for woodworkers of every skill level.

Shelves and Cabinets Editors of Sunset Books 2004-06-01 Whether you're building from scratch or installing straight from the store, this is the only book you'll need to make sure your shelves, cabinets, and built-ins look professional and well integrated in your home or office. First you have to know what you want. An amazing photo gallery helps you with that decision. Then you'll find an overview of the tools, materials, and techniques you'll be using. From here, you'll go one of two ways—building them yourself or installing ready-mades—and this book gives equal attention to both. Step-by-step instructions guide you through the installation process so your ready-made shelves look like they were created by a custom carpenter. For the do-it-yourself builder, there's more than enough guidance to make shelves and cabinets that could earn the praise of a master craftsman. Whichever way you choose, instructions are illustrated with color photographs and diagrams. Projects include entertainment centers and bookshelves, plus kitchen, bathroom, and utility room storage cabinets.
