The Pillars of Three Faiths: Tanakh, Bible & Qu'ran Various Authors 2021-02-18 "Tanakh" or, The Hebrew Bible, which is also sometimes called the Miqra, is the canonical collection of Hebrew Scriptures, including the Torah. The form of this text that is authoritative for Rabbinic Judaism is known as the Masoretic Text. The Tanakh consists of twenty-four books: it counts as one book each Samuel, Kings, Chronicles and Ezra–Nehemiah and counts the Twelve Minor Prophets as a single book. The Hebrew Bible overlaps with the Greek Septuagint and the Christian Old Testament. "The Bible" is a collection of religious texts or scriptures sacred to Christians, Jews, Samaritans, Rastafari and others. It appears in the form of an anthology, a compilation of texts of a variety of forms that are all linked by the belief that they are collectively revelations of God. These texts include theologically-focused historical accounts, hymns, prayers, proverbs, parables, didactic letters, erotica, poetry, and prophecies. Believers consider the Bible to be a product of divine inspiration. The Christian New Testament is a collection of writings by early Christians, believed to be mostly Jewish disciples of Christ, written in first-century Koine Greek. "The Quran" is the central religious text of Islam, believed by Muslims to be a revelation from Allah. Muslims regard the Quran as Muhammad's most important miracle; a proof of his prophethood; and the culmination of a series of divine messages. The Quran describes itself as a book of guidance for mankind. It offers detailed accounts of specific historical events, and it often emphasizes the moral significance of an event over its narrative sequence. The Quran consists of 114 chapters of varying lengths, each known as a sūrah. Chapters are classified as Meccan or Medinan, depending on whether the verses were revealed before or after the migration of Muhammad to the city of Medina. Each sūrah consists of several verses, known as āyāt, which originally means a "sign" or "evidence" sent by God.

Charting the Supernatural Judgements of Planet Earth Jerimiah Asher 2010-08-10 Chapter 3 The First Judgment: The World Prior To Adam There may have been many judgments upon the earth since its beginning millions or billions of years ago; however, the present commentary will deal only with the last tens of thousands of years of earth's existence. In Genesis 1:2, the verses written by Moses (as author of the Genesis account) portray an earth that was veiled in darkness so that its form could not be discerned. The earth at that time was covered with water (ice) high above the mountain tops so that it gave the appearance of being a dark revolving sphere of frozen water (Table-2). God's spirit is described as hovering over this revolving ball of water and brooding over the sad condition of this dark, void planet. God did not create a dark and dismal planet at the beginning, because God does not create darkness; in fact, darkness is incompatible with His existence and presence. So what had happened that God viewed (Gen. 1:2) such a decrepit state of the world? Does scripture attempt to explain this phenomenon, or does the inspired word of God remain silent on this issue? It was first proposed as a theory by the Scotsman Thomas Chalmers in the early 19th century that a "gap" in time existed between Genesis 1:1 and Genesis 1:2. This gap-in-time would encompass a "ruin-reconstruction theme" and the existence of pre-Adamic living beings. Obviously, a huge catastrophic event would have had to occur to produce this decadent state of the world. The "gap concept" was later popularized by mention in the margin notes of the Scofield Reference Bible.

It's Not about You Valerie H. Lane 2018-07-26 It is a testament for the readers to understand the true meaning of why they were put on the Earth. The readers are further reminded that, although pain is very real and can last for many years, God has placed them here for a purpose.

A Harmony of the Books of Samuel, Kings, and Chronicles William D. Crockett 2006-10-25 Just as a harmony of the Gospels is useful for tracing the life of our Lord Jesus Christ, this easy-to-use book provides the Bible student with a reference guide to the history of the kings of Judah and Israel as preserved in the books of Samuel, Kings, and Chronicles. Preceding the harmony itself is a complete analytical outline--a concise, sequential table of events that will give the reader a greater understanding and firmer grasp of the history of Judah and Israel. Students of Scripture will find this harmony and its accompanying analytical outlines invaluable in gaining a historical perspective that will make the study of Samuel, Kings and Chronicles profitable and rewarding.

Humans Are Not From Earth Ellis Silver (PhD.) 2017-09-28 The Neanderthals had brow ridges to keep the sun out of their eyes, but why don't we? When a leading scientist walked into a wall and broke his nose, he decided to find out. In this fascinating and wide-ranging book, Dr. Ellis Silver discusses the evidence that proves we evolved on a world distinctly different from the one we live on today.

Global Africans Toyin Falola 2017-01-20 "Black," "African," "African descendant" and "of African heritage," are just some of the ways Africans and Africans in the diaspora (both old and new) describe themselves. This volume examines concepts of race, ethnicity, and identity as they are ascribed to people of colour around the world, examining different case studies of how the process of identity formation occurred and is changing. Contributors to this volume, selected from a wide range of academic and cultural backgrounds, explore issues that encourage a deeper understanding of race, ethnicity and identity. As our notions about what it means to be black or of African heritage change as a result of globalization, it is important to reassess how these issues are currently developing, and the origins from which these issues developed. Global Africans is an important and insightful book, useful to a wide range of students and scholars, particularly of African studies, sociology, diaspora studies, and race and ethnic studies.

Caravan of Pain Scott Alderman 2022-03-15 Brace yourself for a roller coaster thrill ride as you join the Tattoo the Earth 2000 summer tour of America, the most insane tour ever inflicted on a continent. Featuring twenty of metal's biggest bands, including Metallica, Slipknot, and Slayer, plus Filip Leu, Sean

Vasquez, and the world's best tattoo artists, these renegade outsiders pissed off all the wrong music business heavyweights but left delirious inked fans in their wake. Caravan of Pain is a rip-roaring music business underdog tale: compelling, hysterical, and cautionary. Its unique peek inside the world of music festivals, metal, and tattooing gives the reader a front row seat to a watershed time in our culture at the turn of the millennium. Told with candor and humor by the tour's creator Scott Alderman and illustrated with memorabilia and never-before-seen photos, Caravan of Pain is a story of inspiration, persistence, and the dark side of following a dream.

The pain of our earth Dietmar Dressel 2021-02-25 In this novel you read something about the longing of the planet earth with its plant world and its animal world to lead a peaceful and prosperous life, as the spiritual being, embedded in the spiri-tual energy, made development process possible. Planet Earth, a small planet on the edge of a galaxy, is doing well. What one cannot say about one's thinking corporeal living beings of the higher spiritual order, i.e. humans. They pull together, are greedy to the point and ultimately cruelly kill each other. What causes the human species in particular to constantly get involved with inhuman character traits?

Growing Pains Valorie M. Allen 2010-03 Each day we share the earth and its resources with a quarter million more people than the day before. Our population is increasing by three people per second, with a growth rate of more than 80 million each year. Today's grand total is about 6.5 billion and is expected to reach between 8 and 11 billion by 2050. In Growing Pains, author Valorie Allen addresses this stunning population growth and its negative impact on the environment. Presenting sound facts and data, Allen discusses the breadth of the dilemma, its contributing factors, and why we should be concerned. Growing Pains demystifies the causes and consequences of the population growth and proposes simple and practical solutions. Our life-support system cannot keep up with the fast-growing human population, and this causes tremendous growing pains. The only way to ease the pain is to stop growing. Growing Pains is a passionate appeal to stop the insanity of overpopulation and change the destiny for the sake of future generations.

A Sight for Sore Eyes Ruth Rendell 2011-09-14 A Sight for Sore Eyes tells three stories, and for the longest time, the reader has no inkling of how they will come together. The first is a story of a little girl who has been scolded and sent to her room when her mother is brutally murdered; as Francine grows up, she is haunted by the experience, and it is years before she even speaks. Secondly, we become privy to the life of a young man, Teddy, born of unthinking young parents, who grows up almost completely ignored. Free of societal mores, he becomes a sociopath, who eventually discovers that killing can be an effective way to get what he wants. Thirdly, we meet Harriet, who from an early age has learned to use her beauty to make her way in the world. Bored by marriage to a wealthy, much older man, she scans the local newspapers for handymen to perform odd jobs around the house, including services in the bedroom. When these three plots strands finally converge, the result is harrowing and unforgettable. A Sight for Sore Eyes is not just the work of a writer at the peak of her craft. It is an extraordinary story by a writer who, after 45 books, countless awards, and decades of international acclaim, is still getting better with every book.
